MEMORANDUM

FOR : The Regional Executive Director
MIMAROPA Region

THRU : The Assistant Regional Director for Technical Services

FROM : The OIC-PENRO
Oriental Mindoro

**SUBJECT : SUBMISSION OF ACCOMPLISHMENT REPORT ON
MACRO-SOMATIC CLONAL NURSERY AT MALIGAYA,
GLORIA, ORIENTAL MINDORO FOR THE MONTH OF
DECEMBER, 2022**

Submitted is the accomplishment report of CENRO Roxas on the maintenance of macro-somatic clonal nursery facilities and the production of cloned seedlings for the month of December, 2022.

Based on the report, a total of 2,335 cuttings were processed, out of these, 5,173 cloned seedlings (Bitag, Batino, Dao, Kalantas, Molave, Philippine Teak) were rooted for this month. Further, the Office maintained one (1) functional clonal nursery for the proper care of processed and produced seedlings. For this year, a total of 58,900 cuttings were processed while 14,000 or 70% of the 20,000 target cloned seedlings were rooted.

Moreover, the CENRO adopted strategies to increase the low production of cloned seedlings such as temporary shed using coconut palm and also conducting cloned seedlings propagation in the Bukal nursery using non-mist technique.

For the financial status, a total of 336,420.00 or 96% of the allotted budget of 350,000.00 was obligated while 282,240.00 or 84% was already disbursed.

For information and record.
