I. INTRODUCTION

The Community-Based Forest Management (CBFM) is the national strategy for the sustainable development of the country's forest resources and social justice Pursuant to Executive Order No. 263 and Department Administrative Order (DAO) 96-29 The Community Based Forest Management (CBFM) is the national strategy for the sustainable development of the country's forest resources. This program aims to promote the socio-economic upliftment of forest communities and achieving sustainable development and management of forest resources. It recognizes the responsible and efficient utilization by organized and empowered local communities based on sound ecological and economic principles can result to sustainable management of forestlands and resources.

There are ten (10) Community Based Forest Management (CBFM) areas within the administrative jurisdiction of DENR-CENRO San Jose, Occidental Mindoro. The periodic monitoring aims to know the status of the DENR-CARP projects and other related CBFM activities within their respective areas in compliance with the existing rules and regulations, progress in terms of area development, organizational development, project implementation, and the implementation of the approved/affirmed Community Resource Management Framework based on FYWP and Five-year Work Plan. The details of this 4th quarter report for Calendar Year 2022 includes the observations/findings and schedule of activities to be undertaken on the aforementioned CBFM areas including issues and concern encountered by the different People's Organization.

Part of the technical assistance provided to the CBFM partners during the periodic monitoring and assessment is the conduct of a group meeting with some BOD's and members of the association purposely to determine the extent of development undertaken within their respective CBFM areas. The result of the information provided during the meeting including the onsite monitoring and assessment will be the basis in providing them effective recommendations towards sustainable management of their respective CBFM areas.

II. LEGAL BASIS

1. Under Executive Order No. 263, the Community Based Forest Management is a National Strategy to ensure sustainable development of the Country's Forestland Resources and providing mechanisms for its implementation. Thus, the DENR is mandated to work with Local Government Units (LGUs), People's Organizations (POs), Non-Government Organizations (NGOs), Religious Groups, Business and Industry sectors and other concerned organizations to ensure that communities are empowered to initiate and achieve the objectives of this Executive Order (Section No. 6.)
2. Furthermore, FMB Technical Bulletin No. 20 and Section 18 of DAO 2004-29 also indicates that the CRMF is a strategic plan of the community on how to manage and benefit from the forest resources on a sustainable basis. It describes the community's long term vision, aspirations, commitments, and strategies for the protection, rehabilitation, development, and utilization of forest resources. The CRMF shall provide specific activities for the first five (5) years, which shall serve as the Five Year Work Plan of the People's Organization.
