MEMORANDUM

FOR : The Regional Executive Director
DENR MIMAROPA Region
1515 DENR By the Bay Building, Roxas Boulevard,
Barangay 668, Ermita, Manila

THRU : The ARD for Technical Services

FROM : The OIC, PENR Officer

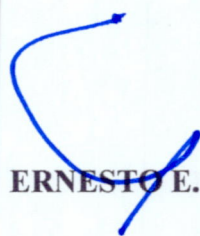

SUBJECT : **FOLLOW-UP CONSULTATIONS AND SUMMARY OF PROCEEDINGS OF THE CONDUCTED CONSULTATION MEETINGS WITH SADIK HABANAN BUHID, INC. FOR THE DEMARCATION ACTIVITY OF THE LEGISLATED PROTECTED AREA WITHIN THEIR ANCESTRAL DOMAIN**

Forwarded is the memorandum dated December 5, 2022 of PASu of Mounts Iglit-Baco Natural Park (MIBNP) regarding follow-up consultations and summary of proceedings of the conducted consultation meetings with Sadik Habanan Buhid, Inc., for the demarcation activity of the legislated Protected Area within their Ancestral Domain. Series of consultation meeting were conducted by the PAMO-MIBNP as part of the Communication, Education and Public Awareness (CEPA) regarding the demarcation activity of MIBNP-PAMO.

Based on the report submitted clarifications were made and issues and concerns were already addressed by the PAMO regarding the rights of IPs and the protection of the natural park. Also, a Memorandum of Agreement (MOA) between Sadik-Habanan Buhid Inc., and MIBNP-PAMO was already corrected and finalized for the installation of signages within the PA.

Attached herewith is the Memorandum of Agreement, Summary of proceedings of the conducted follow-up consultation meetings dated October 11, 2022, October 19, 2022 and October 27, 2022 and other pertinent documents relative to the above-mentioned subject.

For information and record.

December 5, 2022

MEMORANDUM

FOR : The OIC, PENR Officer

FROM : The Protected Area Superintendent
Mts. Iglit-Baco Natural

SUBJECT : **FOLLOW-UP CONSULTATIONS AND SUMMARY OF PROCEEDINGS OF THE CONDUCTED CONSULTATION MEETINGS WITH SADIK HABANAN BUHID, INC. FOR THE DEMARCATION ACTIVITY OF THE LEGISLATED PROTECTED AREA WITHIN THEIR ANCESTRAL DOMAIN**

This has reference to the memorandum of PENRO dated November 18, 2022, and received by this office on December 5, 2022, pertaining to the memorandum dated November 26, 2022, of the Assistant Regional Director for Technical Services requesting the Mts. Iglit-Baco Natural Park-Protected Area Management Office (MIBNP-PAMO) to submit a follow-up report/summary of proceedings of the conducted consultation meeting on September 28, 2022 in Brgy. Hagan, Bongabong, Oriental Mindoro for the finalization of Memorandum of Agreement (MOA) between Sadik-Habanan Buhid Inc., and MIBNP-PAMO as per MIBNP-PAMO Memorandum dated September 22, 2022. However, please be informed that the scheduled meeting last September 28, 2022, was moved to October 11, 2022, to ensure that all concerned stakeholders are present at the meeting.

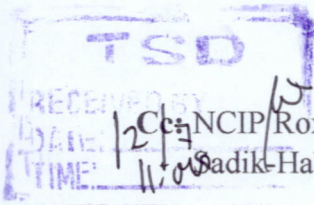

As a result of the consultation meeting held last October 11, 2022 attended by the representatives from Tamaraw Conservation Program, PENRO Oriental Mindoro, CENRO Roxas, PG-ENRO of Oriental Mindoro, and NCIP Roxas, clarifications were made, concerns addressed, and a mutual understanding was reached regarding the rights of IPs and the protection of the natural park, which is a shared goal of all concerned agencies. Another meeting for finalization of MOA was conducted last October 19, 2022. Based on the recommendations made during the meetings, the memorandum of agreement was revised and corrected accordingly.

Moreover, another consultation meeting was convened on October 27, 2022 upon the request of SHBI to discuss their concerns with the presence of RED Lormelyn Claudio and other DENR MIMAROPA key officials to ensure that their agreements will be respected and will ease their worries about the demarcation of the MIBNP boundaries within their ancestral domain. As a result of the meeting, three agreements were reached related to the registration of the CADT of the Buhid-Bangon tribe and the demarcation of the legislated protected area.

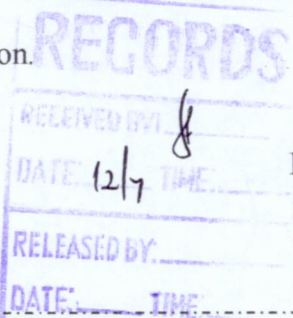

Lastly, on November 10, 2022, MIBNP-PAMO personnel went to NCIP Roxas to meet with SHBI representatives and to deliver the summary of minutes of the October 27, 2022 meeting as well as the final copy of the MOA for signature. PASu Aragones and Mr. Santelices, the planning officer of MIBNP, signed the MOA and presented it to SHBI Chairman Ingay Solmay for signature once the conditions set forth during consultation meetings have been met.

Attached herewith is the Memorandum of Agreement, Summary of proceedings of the conducted follow-up consultation meetings dated October 11, 2022, October 19, 2022, and October 27, 2022, regarding the above-mentioned subject, and a Letter from KPBB and SHBI requesting a map projection of private lands within their Ancestral Domain (CADT 127).

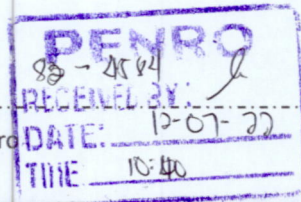

For information, record, and consideration.

12/05/22 NCIP Roxas, Oriental Mindoro
11/08/22 Sadik-Habanan Buhid Inc.

KASUNDUAN

IPINABABATID SA LAHAT NG MAKAKATUNGHAY:

Ang KASUNDUANG ITO ay sa pagitan at nilagdaan ngayong _____ ng _____ 2022:

Kagawaran ng Kapaligiran at Likas Yaman-Mts. Iglit-Baco Natural Park-Protected Area Management Office (DENR-MIBNP-PAMO) may opisina sa San Roque 1, San Jose, Occidental Mindoro na kinakatawan ni PASu HECTOR S. ARAGONES JR. at sa kasunduang ito ay tatawagin bilang unang panig;

-at-

Tribong Buhid sa Pangunguna ng Sadik Habanan Buhid Inc. na kinakatawan ni G. INGAY SOLMAY at **Tribong Bangon sa Pangunguna ng Nagkasadian Uyugan Bangon** na kinakatawan ni G. YAWIN-AY GIAYAN sa kasunduang ito ay tatawagin bilang ikalawang panig;

-at-

National Commission on Indigenous People na kinakatawan ni GNG. EDEN CENON na sa kasunduang ito ay tatawagin bilang ikatlong panig;

Sapagkat, ang MIBNP-PAMO ay nakatakdang magsagawa ng paglalagay ng karatula sa mga hangganan at palibot ng Pinangangalagaang Pook na naaayon sa mga espisipikasyon ng pagmamarka sa hangganan ng Pinangangalagaang Pook alinsunod sa itinakda ng Section 5a.1 ng Expanded National Integrated Areas System Act (RA11038) at BMB Technical Bulletin No. 2019-01 na may pamagat na “Paglilinaw ng alituntunin at pamamaraan sa paglagay ng tanda sa hangganan ng mga naisabatas na Pinangangalagaang Pook sa ilalim ng National Integrated Protected Areas System (NIPAS).

Sapagkat, ang TRIBONG BUHID AT BANGON na may lupaing ninuno na nasasakupan ng Pinangangalagaang Lugar ng MIBNP at may pinanghahawakang Katibayan ng Pagmamay-ari ng Lupaing Ninuno (CADT) bilang patunay na pagmamay-ari ng lupaing ninuno at siyang nakakasakop sa pagtatayuan ng mga marka sa hangganan at palibot ng Pinangangalagaang Lugar na MIBNP;

Samakatuwid, sang-ayon sa mga naunang nabanggit, ang magkabilang Partido ay sumang-ayon sa mga sumusunod;

1. Na ang MIBNP-PAMO ay maglalagay ng mga tanda (Karatula) sa kada Dalawandaan at Limampong metro (250 meters) sa hangganan ng Pinangangalagaang Pook na nasa Lupaing Ninuno ng Tribong Buhid at Bangon.
2. Na pinatutunayan sa pamamagitan ng kasunduang ito na kahit malagyan ng karatula ang hangganan ng Pinangangalagaang Pook, ang lupaing ninuno ng Tribong Buhid at Bangon ay mananatiling sa kanila ang pagmamay-ari sa lupa.
3. Na iiwasan ang kanilang mga sakahan at komunidad kabilang na ang mga sagradong lugar na maaapektuhan ng paglalagyan ng karatula ngunit naaayon pa din sa linya ng hangganan ng Pinangangalagaang Pook.
4. Na irerespeto at igagalang pa rin ang kulturang umiiral sa Tribong Buhid at Bangon, tulad ng mga sumusunod:

- a. Tradisyunal na pagsasaka o pagbubukid; at
 - b. Mga bagay na nakasaad sa ADSDPP ng Buhid at Bangon.
5. Upang makatulong sa kabuhayan ng nasasakupan ng komunidad ng paglalagyan ng karatula, ang kukunin na trabahador ay nagmumula sa grupo ng mga katutubo at bibigyan ng karampatang halaga ayon sa trabaho na kanilang ginawa.
 6. Hindi magiging sanhi ng pagbagal ng pag-award ng kanilang CADT ang paglalagay ng karatula sa hangganan ng Pinangangalagaang Pook.
 7. Kapalit ng pahintulot na ito ng MIBNP-PAMO ang pagtulong ng DENR sa pagproseso at pag follow-up sa usapin ng Katibayan ng Pagmamay-ari ng Lupang Ninuno.
 8. Na lahat ng mga susunod na proyekto ng MIBNP-PAMO sa nasasakupan ng tribong Buhid at Bangon ay dadaan sa pagpupulong at ang pahintulot ng tribo ay hihingin bago magsimula ang anumang proyekto.
 9. Na kikilalanin ang Section 58 ng IPRA o Environmental Consideration.
 10. Ang pagpayag ng katutubo ay tanging paglalagay lamang ng karatula at hindi magiging sagabal kundi lalong mapalakas ang ugnayan ng katutubo at DENR para mapangalagaan ang kalikasan.
 11. Na ang katutubo ang magtutukoy sa paglalagyan ng karatula sa tukoy na hangganan ng Pinangangalagaang Pook.
 12. Bagamat sa kasunduan ay may nakalagay na Section 5 ng ENIPAS ay dapat katutubo pa rin ang magtutukoy sa paglalagyan ng karatula base sa tukoy na hangganan ng Pinangangalagaang Pook.
 13. Sa una at huling karatula ay dapat may ritwal na 2 kaban na bigas, 2 baboy at 2 manok na native (puti o itim).

Alin man sa nasa kasunduang ito ang hindi natupad ay maaring mawalan ng bisa ang kasunduang ito.

Ang kasunduang ito ay pinirmahan ngayong ika-_____ ng _____,2022 sa bayan ng _____, lalawigan ng _____.

Name of PA : Mounts Iglit-Baco Natural Park
Location of PA : Provinces of Mindoro
Type of Meeting : Consultation Meeting as part of Communication, Education and Public Awareness (CEPA) regarding the activity of MIBNP-PAMO
Date of Meeting : October 11, 2022
Venue : Brgy. Hagan, Bongabong, Oriental Mindoro

SUMMARY REPORT ON THE CONDUCTED CONSULTATION MEETING AS PART OF COMMUNICATION, EDUCATION AND PUBLIC AWARENESS (CEPA) REGARDING THE DEMARCATION ACTIVITY OF MIBNP-PAMO		
TOPICS DISCUSSED	SUMMARY OF DISCUSSION	AGREEMENTS REACHED
A. Preliminaries	The meeting started at around 10:00 in the morning.	Facilitated by PASu Hector S. Aragones, Jr. and Asst. PASu Neil Anthony del Mundo.
1. Invocation	Prayer	Led by Mr. Awang Awday, member of Sadik Habanan Buhid, Inc.
2. Introduction of Participants	APASu del Mundo asked the participants to introduced themselves so everyone will be familiarized with each other.	- The participants and the PAMO Staff introduced themselves briefly. - APASu del Mundo acknowledged the presence of the representatives from PENRO Oriental, CENRO Roxas, PG-ENRO of Oriental Mindoro, and NCIP-Roxas. It can be recalled from previous meeting that SHBI requested the presence of different officials from agencies concerned.
3. Overview of the meeting	APASu Del Mundo gave an overview of the previous meeting held last August 31, 2022, where it was agreed that the tribe leaders will have a separate meeting together with other tribe leaders who did not able to attend last consultation meeting to relay and discussed the proposed activity of the MIBNP-PAMO.	
B. Consultation Proper		
1. Discussion on the activity of the MIBNP-PAMO	APASu del Mundo explained that based on the agreement last meeting, the MIBNP-PAMO will prepare a Memorandum of Agreement regarding the proposed activity of the MIBNP-PAMO for the installation of signages within the boundary line of the MIBNP. He asked Ms. Michelle R. Garcia, Park Ranger and secretariat of MIBNP to read the Memorandum of Agreement prepared by PAMO. Based on the content of the memorandum, the MIBNP-PAMO is scheduled to conduct	After presenting the draft MOA of the MIBNP-PAMO, Mr. Yawin-ay Giayan suggested to translate the other English word in the MOA into Tagalog so they can understand and clarifies that the tribe is not just Sadik Habanan Buhid because it is just an association of the Buhid tribe but there were Bangon tribe too, which the association is Nagkasadian

TOPICS DISCUSSED	SUMMARY OF DISCUSSION	AGREEMENTS REACHED
	a demarcation/installation of markings within the boundary line and perimeter of the protected area according to the specification of the demarcation of boundaries of protected area in accordance with the provisions of Section 5a.1 of Expanded National Integrated Protected Areas System Act (RA11038) and BMB Technical Bulletin No. 2019-01 entitled <i>“Clarifying guidelines and procedures in the demarcation of boundaries of legislated protected areas under the National Integrated Protected Areas System (NIPAS).”</i> Whereas, the Sadik Habanan Buhid tribe that has an ancestral domain within the protected area of MIBNP and holding a Certificate of Ancestral Domain Title (CADT) as proof of ownership of ancestral domain, covers the areas where the signages will be installed. - The Agreements states the following conditions: - MIBNP-PAMO will be installed the marking (signages) in every 250 meters within the boundary line of the protected area within the ancestral domain of the Buhid and Bangon. - That confirming through the agreement that even the boundary line has been marked, the ownership of the ancestral domain of the Sadik Habanan Buhid tribe will remain theirs. - The farm lot and community that will be affected in the installation of signages will be avoided if demanded by concerned IP but still falls in the boundary line of the protected area. - The existing culture of the Buhid and Bangon tribe will be respected like <i>Pagkakaingin</i>, traditional and cultural way of hunting, and gathering of trees for the purpose of building their house. - Mr. Dama Igna said that the current meeting is still not about the signing of MOA because other sitio leader is still need to be consulted regarding the same matter. APASu del Mundo said that	Uyugan Bangon.

SUMMARY REPORT ON THE CONDUCTED CONSULTATION MEETING AS PART OF COMMUNICATION, EDUCATION AND PUBLIC AWARENESS (CEPA) REGARDING THE DEMARCATION ACTIVITY OF MIBNP-PAMO		
TOPICS DISCUSSED	SUMMARY OF DISCUSSION	AGREEMENTS REACHED
	based on the agreement last meeting is that they will have a meeting with other leader to discussed the said matter and their decisions will be discussed in the current meeting. • Mr. Ingay Solmay said that the boundary in the upper part of Batangan has no Tamaraw, so why there is a need to install a signage, he asked. He also added that Batangan is in Oriental and not in Occidental Mindoro. • APASu del Mundo explained that based on the previous discussions last meetings, the installation of signages is not just only for the habitat of the Tamaraw, but also for the boundary of the Mts. Iglit-Baco Natural Park that covers the Municipalities of Sablayan, Rizal and Calintaan in Occidental and Muncipalities of Bongabong, Bansud, and Gloria in Oriental Mindoro with a total area of 106, 000 hectares, while the tamaraw habitat is just 2,500 hectares only. The area where the signages will be installed is the boundary of the whole park. • Mr. Igna said that the previous meeting is not clear to him because it is all about the Tamaraw and the current discussion is about the park. He asked the difference between the Tamaraw forest reservation and the National Park. APASu del Mundo answered that the Mts. Iglit became a natural park because there is a Tamaraw in the area and many other faunal and floral species that needs to be protected, and just like the IPRA Law it was enacted on 1972 and reaffirmed on 2018. Even though there is no Tamaraw in Oriental Mindoro it is still part of the Mts. Iglit-Baco Natural Park. Like their IPRA Law the park also has a Law and the meeting that being conducted is to consult them and to harmonize both laws. Mr. Igna said that the laws are both laws that needs to complement each other, because they can't just agree if the other law is against the other. APASu del Mundo agreed. • Ms. Amor Asi, from PENRO Oriental also gave her statement. She said that she understand the objectives of installation of signages and the point of the IPs that both laws should be harmonized and based on the agreement on the previous meetings, it	

SUMMARY REPORT ON THE CONDUCTED CONSULTATION MEETING AS PART OF COMMUNICATION, EDUCATION AND PUBLIC AWARENESS (CEPA) REGARDING THE DEMARCATION ACTIVITY OF MIBNP-PAMO		
TOPICS DISCUSSED	SUMMARY OF DISCUSSION	AGREEMENTS REACHED
	was clearly stated in the Memorandum of Agreement presented to them emphasizing the rights of IP on their ancestral domain will be respected. The purpose of the installation of signage is just showing that the area is within the Protected Area where there are plants and animals that needs to be protected, especially the endemic Tamaraw that must be protected by the DENR and IPs should be proud of it. She also read what will be written in the signage. It has no bad intention and just a part of protecting the area and its biodiversity, she said. The rights of the IPs based on the IPRA Law will be acknowledged. The IPs and the DENR is always together in this cause because they are in the mountains as well as their community, so the government through the DENR are also protecting them. • Mr. Marcus Libudan asked why their ancestral domain title is not yet awarded while the matters with regards to Tamaraw and the park are discussed very often and seems like given more importance than the IPs. • Mr. Awday said that the Mangyans and Tamaraw in Oriental Mindoro exists at the same time and water is the primary source of life. He said that the MIBNP-PAMO's aspiration is good and requested to not oppress the Mangyan and stay where the identified boundary is located and don't expand it anymore. It was agreed by Ms. Asi. She also explained that the purpose of the marks is to protect the area and to retain its natural resources. She also said that there are three that they should be proud off which are the Tamaraws, the Mangyans, and the Mt. Halcon that the DENR are protecting together with other government agencies including LGU's, NCIP, etc. • Mr. Giayan also said that there is only one government, one management and one land even though the area is their ancestral domain. He said that in terms of benefits, whatever discussion and decision to be made there should be a clear agreement that don't deceived them. He asked if how much will be for the IPs. It was agreed by Ms. Asi and said that all of them are Filipinos and	• Ms. Asi clarified that the issuance of title of their ancestral domain is not covered by the DENR, it is in the Office of the President and the only help they can give is to assist, follow-up and communicate with the NCIP.

SUMMARY REPORT ON THE CONDUCTED CONSULTATION MEETING AS PART OF COMMUNICATION, EDUCATION AND PUBLIC AWARENESS (CEPA) REGARDING THE DEMARCATION ACTIVITY OF MIBNP-PAMO		
TOPICS DISCUSSED	SUMMARY OF DISCUSSION	AGREEMENTS REACHED
	should love one another that's why there is a consultation and not just execution of the activity without their approval because they are being considered as part of it. Mr. Giayan said that the IPRA Law and ENIPAS are just a law that was being implemented by the people and if one this are violated there is a big effect on them. - Mr. Giayan asked again how much will be their share with regards to the Tamaraw. - PASu Aragones explained again that the farm lot, community and their "sagrados" area will be avoided and respected. They will still have the rights in the land, free to do their daily activity and won't be forbidden to enter the area beyond the markings. The signages will just be placed within the boundary line as a notice to the public that the certain area is within the protected area. There will be no written statement in the signage that the IPs in the area will be prohibited to harvest their banana or coconut or any other crops that are planted in the area. Mr. Giayan said to have a clear agreement because he fears that when the time comes, it will be used against them to remove their rights in the area. - One of the IP members asked if cutting of trees will be prohibited. PASu Aragones answered that it was included in the draft MOA that presented that they are allowed to cut trees in their traditional method for their own use. He also asked that based on the previous meeting, the next activity after the installation of signage will be the planting of trees, if there are no planted trees in their area, like Gmelina. PASu Aragones clarified that there is no Gmelina inside the protected area and it is not advisable to plant an exotic tree species inside the PA. Ms. Asi also said that they are not recommending to plant Gmelina and Mahogany inside the protected area because they are exotic species and explained some of the effects of it in the natural environment. - Mr. Matigon Soligan shared that their tribe have rules and regulations in their ICCA, where they have an area that	- PASu Aragones explained that there is a fund for the installation of signages and every IPs that will guide the MIBNP-PAMO Staff in the area where the signages will be installed will be compensated, accordingly. They will discussed how much will be the payment per day. They will be the guide so the area that was identified as "sagrado", farm lot and community will be avoided. - PASu Aragones said that the benefits to be shared by the IPs, LGUs and DENR when the Mts. Iglit-Baco Natural Park opened will be discussed to the PAMB. - PASu Aragones clarified that hunting and killing the Tamaraw is and destroying the area is strictly prohibited.

SUMMARY REPORT ON THE CONDUCTED CONSULTATION MEETING AS PART OF COMMUNICATION, EDUCATION AND PUBLIC AWARENESS (CEPA) REGARDING THE DEMARCATION ACTIVITY OF MIBNP-PAMO		
TOPICS DISCUSSED	SUMMARY OF DISCUSSION	AGREEMENTS REACHED
	established for “pagkakain”, an area where the “pagkakaingin” is not allowed but for the purpose of hunting only, and an area where both “pagkakaingin” and hunting is not allowed and purely for conservation only. Accordingly, anyone who violates will face a certain punishment. He said that having a signage is an advantage but they need to make sure that it will not be placed in the area of their “kaingin” and the two other area that they were established. There should be a cooperation with each other, it shouldn’t be argued and proper consultation to the leader should be made, because everything in that area should be protected and it is theirs. The installation of signages within the boundary line is just showing that the area is the boundary line of the PA. The goal in protecting the environment and natural resources should be clear. • One of the IP asked about until when will be the boundary in the area. PASu Aragoness answered that the boundary is already identified and it will never be changed until the law was amended. • One of them again asked that if they are the partner in protecting the Tamaraw and oversee the park, how much will be their share. Ms. Asi answered that their benefits in the park is having a fresh environment that will give them their resources needed. The DENR also has programs that are focus on them like the National Greening Program and the Bantay Gubat. • Ms. Asi again read the draft Memorandum of Agreement based on their comments. • Mr. Soligan said that they have a written document for their ICCA that anyone who violates it has a corresponding fine. He said that he wants a clear discussion between him as an IPMR in their locality and other Chairman of the tribes and other concerns. He was there when the IRR was constructed and it was clear that the PA was covered their ancestral domain. Mr. Soligan added that he also wants to present their written documents regarding their ICCA which was agreed by the leaders. • Mr. Solmay expressed his thoughts and	• PASu Aragoness agreed to the statement of Mr. Soligan and said that he also believe in their belief, and if the signage were installed in the area, their cultural practices will be respected and he will support if they have rituals. • Ms. Asi also agreed and said that they need to have a proper cooperation and the park will not be abundant if not because of them. Installing of signage in the park is a part of cooperation to protect the area. Any development for the park is also for the IP community. The DENR can give them a program to help them generate an income. She said that when the signages were installed in the park, it will aid the protection of Tamaraw. Any illegal

TOPICS DISCUSSED	SUMMARY OF DISCUSSION	AGREEMENTS REACHED
	said that he didn't see in the draft memorandum stating the IPs will be the one to identify the boundaries, so he requested that the PAMO must make a promise that they will cooperate to the NCIP and other relevant agencies regarding the registration of their CADT as soon as possible before they sign the MOA. Ms. Asi said that she will relay it to their higher official. As of now, the only help they can give is to coordinate with the NCIP regarding their request. Mr. Giayan said that it should be done. Whatever request of the IPs should be done so if they have a request to the IPs then it will be done too if necessary. • Mr. Igna shared his thoughts when the IRR was established. He said that the Senators, Governors, Congressman, Mayors and Barangays have representatives but there's no representative from their tribe. He said that it was unfair for them. Ms. Asi said that the DENR was fair for them compare to other government agencies. He mentioned that they have only one representative while their tribe has two (2) to ensure that their voices will be heard for the implementation of the laws. Mr. Igna said that with regards to recognizing their rights and power in their ICCA, in relation to IPRA law, IRR and management of their ancestral domain, it is not yet clear to him because the agreement being presented is just about the installation of signages and he thinks that they are being deceived. He said that he will not sign until there is a clear agreement. Ms. Asi asked what do they want to add in the agreement and Mr. Igna said that they will make their own agreement. It was agreed by Ms. Asi and PASu Aragones • PASu Aragones asked what do they want to add in the MOA and explained that whatever written in the draft MOA was based on the previous meeting with them. He reiterated that their rights in their ancestral domain are being respected so they should also respect the ENIPAS law. The two (2) laws are not against in each other, it should be harmonized so there will be no misunderstanding. He said that they can help them to follow-up their CADT but the issuance of the title is not covered	activity in the area is prohibited. Mr. Soligan also said that in terms of doing illegal activity inside the ancestral domain and community of the IPs, they will be the one who punished based on their rules and regulations, but if they cannot solve it within their tribe, it will be referred to another concerned people. • Mr. Giayan suggested to the tribe that before the signage will be installed, they should inform the DENR personnel assigned in the demarcation about the area of their farm lot and the area that are not allowed to enter or "sagrado" so it will be avoided during the installation.

TOPICS DISCUSSED	SUMMARY OF DISCUSSION	AGREEMENTS REACHED
	by the mandates of DENR but the NCIP so he asked the representative from the NCIP to know what is the status of CADT of Buhid and Bangon. - Mr. Bayani Sumbad said that it was already explained last month to the Sadik Habanan Buhid at Brgy. Batangan, which was delivered by an engineer about the situation of their ancestral domain. Mr. Sumbad said that what their chairman wants is to give or award them their ancestral domain and they will accept the project because there's a lot of project that are entering in their ancestral domain and they don't have a firm commitment yet because they still don't have a legal document even though they know their obligation in the ancestral domain. He shared that it is also their request to other government agencies and NGOs that are entering in their ancestral domain, because they really want to award the CADT. He also said that in the part of the NCIP, they just want to make sure that the project that will enter in the ancestral domain of the IPs are clear to them and they understand the approval of the project, but based on the discussion even though it is the fourth meeting already, there are still things that the tribe didn't understand. The discussion should be not just the installation of signage but its program. PASu Aragones said that it was all about the installation of signages and was already discussed to them. Ms. Asi also said that the program is a part of protecting the park. Mr. Sumbad said that they understand the agreement for the installation of signage and it will still remain until they are in there and it should also be until their next generation. If the agreement is clear to them, they will accept it including other clarifications and request that they give. He said that the NCIP can help in drafting the MOA based on the request and concerns of the IPs but the approval and signing of it will be given by them willingly. - Mr. Lagtum Pasag also shared some of the doubts of their tribe that needs clarification like total areas of the Mts. Iglit-Baco Natural among others. He said that in the ENIPAS, there's a provision regarding the IPs and in the	- Ms. Asi again explained that the issuance of their CADT is not covered by the DENR but the Office of the President and the only help they can give is to follow-up from the NCIP and relay it to their higher official because they have a direct contact. - PASu Aragones said that they will leave a copy of the draft agreement so they can make their own agreement and they will help the NCIP. Mr. Pasag said that they will be having a tribe meeting on October 15, 2022 together with other Sitio Leaders, and the scheduled meeting for

SUMMARY REPORT ON THE CONDUCTED CONSULTATION MEETING AS PART OF COMMUNICATION, EDUCATION AND PUBLIC AWARENESS (CEPA) REGARDING THE DEMARCATION ACTIVITY OF MIBNP-PAMO		
TOPICS DISCUSSED	SUMMARY OF DISCUSSION	AGREEMENTS REACHED
	IPRA law there's also a provision for the environmental consideration for the preserved areas like the park. It means that the matter being discussed to them are based on laws that's been relying with, and the only doubt they have is, the installation of the signage is just a first step, the second will be the management which has a big question to them on what will be their role when it comes to management and suggested to include it in the agreement. He also shared the problem because their CADT is not yet awarded to them because there are titled areas issued by the DAR and DENR in the area covered by their ancestral domain. He said that the tribes are asking the DENR to help the NCIP in projecting the issued title inside the ancestral domain of the IPs. It was being shared to the DENR because they are always the one they can communicate with and if the PENRO or the Regional Office of the DENR can help to plot the titled areas so it will be segregated in their ancestral domain. Mr. Pasag said to his tribesmen that he is also apprehensive, but since 80's when their ancestral domain is just CADC and now CADT, the DENR has been their partner. They just noticed that when it comes to the process of the project of the DENR it was being implemented too fast, but in terms of their CADT it is always being set aside, but according to PASu, the issuance of their CADT is not in the power of the DENR but in the NCIP, still they will help through follow-up or in the projection of the title issued by the DENR.	the presentation and finalization of the agreement together with the leader and NCIP will be on October 19, 2022 at CENRO Roxas, Bongabong, Oriental Mindoro.
B. Adjournment	The meeting was adjourned at 12:45 in the afternoon.	Having no other matters to discuss, the meeting was declared adjourned.

PROTECTED AREA MANAGEMENT OFFICE

Name of PA : Mounts Iglit-Baco Natural Park
Location of PA : Provinces of Mindoro
Type of Meeting : Presentation and Finalization of Agreement between Buhid and Bangon Tribe and DENR-MIBNP-PAMO
Date of Meeting : October 19, 2022
Venue : CENRO Roxas, Oriental Mindoro

SUMMARY REPORT ON PRESENTATION AND FINALIZATION OF AGREEMENT BETWEEN BUHID AND BANGON TRIBE AND DENR-MIBNP-PAMO		
TOPICS DISCUSSED	SUMMARY OF DISCUSSION	AGREEMENTS REACHED
A. Preliminaries	The meeting started at around 10:29 in the morning.	Facilitated by PASu Hector S. Aragones, Jr.
1. Invocation	Prayer	Led by Mr. Yawin-ay Giayan, Chairman of Nagkasadian Uyugan Bangon (NUD).
2. Overview of the meeting	- PASu Aragones explained the project of the MIBNP-PAMO to the representatives of the National Commission on Indigenous Peoples (NCIP) and the agreements based on the previous meetings. - PASu Aragones also informed NCIP and IPs that the MIBNP-PAMO has a target for the next year in identifying/determining Multiple Use Zone (MUZ) and the Strict Protection Zone (SPZ).	- Ms. Eden Cenon, representative from NCIP said that the involvement of the tribe in guiding where the signage will be installed is good because when the Mts. Iglit-Baco Natural Park was delineated and mapped without their knowledge and consent caused surprised among the IPs. She clarified that it happened because there has no proper consultation to the concerned community. - Ms. Cenon said that the hunting grounds and the “sagrados” area should be considered by the DENR, even the areas was identified as MUZ and SPZ should be clear to the IPs so disrespecting their traditional activities/beliefs will be avoided.
B. Consultation Proper		
1. Presentation of the Memorandum of Agreement for the Finalization.	- Mr. Lagtum Pasag showed the map of their <i>Faganon furohayo</i> or their ICCA with overlaid map of the MIBNP. He identified where his tribesmen’s farm lot located which will be affected by the installation of signages. - Ms. Cenon mentioned that they requested the Biodiversity Corridor for fundings for the updating of the ADSDPP of the tribe and validate if the wildlife conservation is included in the said Plan. - Mr. Ingay Solmay said that with regards to the project of the DENR, the process is considerably fast but when it comes to the registration of their CADT, it is too slow that makes	

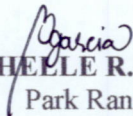

SUMMARY REPORT ON PRESENTATION AND FINALIZATION OF AGREEMENT BETWEEN BUHID AND BANGON TRIBE AND DENR-MIBNP-PAMO		
TOPICS DISCUSSED	SUMMARY OF DISCUSSION	AGREEMENTS REACHED
	them worried. He asked why can't it be process together at the same time. Ms. Cenon clarified that their CADT is already approved, it just needs to register to the LRA. Mr. Solmay again said that why can't it be process together, the registration of their CADT in exchange of their approval of the DENR project. - Ms. Cenon shared the reason why the registration of the CADT was delayed. She said that it was due to the issued CLOAs inside their ancestral domain, which is being claimed by the non-IPs. She also said that the survey with regards to their CADT is already done and expect that their CADT will be awarded before the year ends. - Mr. Dama Igna shares his doubts that the installation of the signages in their ancestral domain will be the cause of slowing down the awarding of their CADT. Ms. Cenon agreed because until now the DENR didn't give a projection. Mr. Igna said that they already wrote a letter to the DENR and asked to help them mapped out the projection of the titled areas inside their ancestral domain so they will know where is it and how many hectares, because based on the IPRA Law, if the tilted was true, they will be recognized and respected. He fears that if the signages will be installed, it will be deducted from their ancestral domain when the time comes which they don't want to happen. - Mr. Igna clarified that there is no title in the upper part of the MIBNP but the MIBNP-PAMO are asking permission to install the signages so they are requesting too to help them mapped out the titled areas inside their CADT. - The map of the MIBNP where the proposed signages will be	- PASu Aragones clarified that the map of the MIBNP is already there and legislated. Their CADC and CADT are inside and based on the ENIPAS Act their rights will be respected. They should be the partner of the DENR in developing the park. - Ms. Cenon said that she gets the point of Mr. Igna. She asked PASu Aragones to help them convince the DENR to project the titled areas and their regular projects in their ancestral domain so they will recognize it and respect it. - PASu Aragones said that the installation of signages will not affect the awarding of their CADT because the titled areas inside the Mts. Iglit-Baco Natural Park are in the part of Occidental Mindoro in Brgy. Poypoy, Calintaan and none in the Oriental side. - PASu Aragones said that they can give the map of the titled areas inside the MIBNP but not on the outside of the MIBNP. - PASu Aragones said that he can help if the area is within the

TOPICS DISCUSSED	SUMMARY OF DISCUSSION	AGREEMENTS REACHED
	installed was showed to them. They analyzed the map where the portion of their CADT in Oriental Mindoro was covered by the MIBNP and noticed that the area might don't have an issued titled. But Mr. Igna stand by his request to help them communicate to the higher official of the DENR to project the map of the tilted areas in their ancestral domain as the PAMO is asking for permission to install signages inside their ancestral domain. - Ms. Cenon suggested reading the draft Memorandum of Agreement for review. PASu Aragones asked Ms. Michelle Garcia to read the draft MOA, at the same time, during the reading they gave their comments and was corrected immediately. - Mr. Igna shared his worries regarding their tribesmen or other Bangons at the upper part as well those at Occidental Mindoro side who are not aware of the agreement which they are being discussed. He asked PASu Aragones to be in-charge in explaining them which was agreed by PASu Aragones and said that they will orient the assigned personnel of MIBNP	Occidental but their issue is within the Oriental so it must be addressed to the DENR in Oriental. - Ms. Cenon clarified the point of Mr. Igna and told him that the map of their ancestral domain is already done and as far as she can see as for PASu Aragones the activity of the PAMO will not affect the awarding of their CADT. - Mr. Pasag also said that the installation of the signages will not be the reason to slow down the process of their CADT and was also included in the agreement and assured by PASu Aragones. - Mr. Giayan said that whatever presented to them should not just by talk but also in action so they can give their full trust to everyone and protect the environment altogether. He also suggested consulting also the Taubuid tribe at the part of Gloria, Oriental Mindoro regarding the activity which was agreed by PASu Aragones.

TOPICS DISCUSSED	SUMMARY OF DISCUSSION	AGREEMENTS REACHED
	in this activity so that if they encounter other Bangon tribe in the area, they will be able explained the conduct of activity to them. • Mr. Solmay again said that he will agree and sign the MOA together with the awarding of their CADT at the same time. Ms. Cenon clarified that the awarding of their CADT is not on the management of the NCIP but in Ancestral Domains Office, and also, she suggested holding on to what PASu Aragones said that the installation of signages will not affect the awarding of their CADT. She asked PASu Aragones when will be the target for the project to finish. PASu Aragones responded and said that it should be accomplished within this year. • Mr. Pasag shared his experiences in waiting for so long on their CADT to be awarded to them. He said that for them the tribe seems so difficult to get the support of DENR when it comes to registration of their CADT. They wanted to ask for help to project the titled land of the DENR inside their ancestral domain not just inside the MIBNP but also outside the park in Oriental Mindoro so it will be register in LRA. Even though the MIBNP-PAMO's focus is just for the protected area, they are still seeking help if they can communicate to the Regional Office or help them go the Regional Office and talk to the Regional Director regarding their concern. • Ms. Cenon continued to review the draft Memorandum of Agreement and discussed every part to the	• PASu Aragones suggested them to write a letter regarding their request and concern and he will give it to the Regional Executive Director (RED) personally when she comes in Occidental Mindoro for the Management Conference. • Mr. Pasag said that if the RED will be coming in Occidental, if possible, they will meet them personally and talk to her regarding their concern. PASu Aragones asked who will be the representative of the tribe that will talked to RED because he already talked to CENRO Cesar Quebec, CENR Officer of CENRO Roxas to help him approach the RED.

TOPICS DISCUSSED	SUMMARY OF DISCUSSION	AGREEMENTS REACHED
	representatives of the tribe for clarification. • Mr. John Paul Santelices, Forest Ranger/Planning Officer of MIBNP, once again read the Memorandum of Agreement for finalization.	• After reading the final Memorandum of Agreement, everyone decided to leave the Memorandum of Agreement to Ms. Cenon and will be signed once they already talked to RED.
B. Adjournment	• The meeting was adjourned at 1:00 in the afternoon.	• Having no other matters to discuss, the meeting was declared adjourned.

KATITIKAN NG PAGPUPULONG SA PAGITAN NG SADIK-HABANAN BUHID INC., NCIP AT DENR NOONG IKA-27 NG OKTOBRE TAONG 2022, SA PAMAMAGITAN NG VIRTUAL CONFERENCE AT HARAPANG PAGPUPULONG NA GINANAP SA SEASONS HOTEL AND CONVENTION CENTER, SAN ROQUE, SAN JOSE, OCCIDENTAL MINDORO.

A. Panimulang Gawain

Nagsimula ang pagtatala ng pangalan ng mga dumalo para sa harapang pagpupulong at pagtanggap sa mga nakibahagi sa video conference via zoom videoconferencing application dakong 09:30 ng gabi. Bago ang pagsisimula, binati ni PASu RED Lormelyn E. Claudio ang mga miyembro ng Sadik-Habanan Buhid Inc. na dumalo sa pamamaagitan ng harapang pagpupulong.

MGA DUMALO:

*(Base sa opisyal na talaan ng mga nakadalo sa pamamagitan ng harapang pagpupulong na makikita sa **Attachment 1.**)*

- | | |
|--|--------------------------------|
| 1. CENRO Caesar E. Quebec | - Roxas, Oriental Mindoro |
| 2. CENRO Rodel M. Boyles | - Socorro, Oriental Mindoro |
| 3. OIC, PENRO Ernesto E. Tañada | - Occidental Mindoro |

1. Pagsisimula at Pagbubukas ng Pagpupulong

Pormal na binuksan ang pagpupulong dakong ika-09:35 ng gabi. Bilang taga-pangulo, pinasinayaan ni RED Lormelyn E. Claudio ang pagbubukas ng pagpupulong at pagtalakay sa itinakdang usapin.

2. Pagpapaunlak at Pagkilala sa mga Dumalo

Pinaunlakan ni RED Claudio ang pagpupulong sa pamamagitan ng isang pagpapakilala. Binati niya ang mga dumalo sa harapang pagpupulong gayundin ang mga

dumalo sa pamamagitan ng Zoom application. Sinuhestiyon din niya na mangyareng magpakilala muna ang bawat isa sa mga dumalo.

B. Karampatang Pagpupulong

1. Pagtanggap sa mga Panauhing Dumalo

Matapos magpakilala at masiyasat ng bawat isa ang mga panauhing dumalo, pormal ng sinimulan ang pagpupulong.

2. Pagtalakay sa Nakahaing Usapin o Agenda

Sa pagsisimula, nagpahayag ng opinyon si G. Yawinay Giayan, taga-pangulo ng samahang Sadik-Habanan Buhid Inc. (SHBI) patungkol sa usapin ng kanilang lupang ninuno at sa pagpapatuloy ng magandang ugnayan sa pagitan ng mga katutubo at gobyerno. Aniya, nababatid nila na kailangan din sila ng DENR para sa mga proyekto nito na nasasakupan o nakapaloob sa kanilang lupain, kung kayat, sa panig nila ay nararapat lang na sila ay tulungan din ng DENR sa kanilang mga ninanais partikular sa usapin ng kanilang CADT. Inihayag din niya ang kanilang hinaing patungkol sa mga na-isyung Certificate of Land Ownership Award o CLOA sa loob ng kanilang lupang ninuno.

Sinagot at sinabi ni CENRO Rodel Boyles, mula sa CENRO ng Socorro na ang tinutukoy na CLOA ng mga taga-SHBI ay nasa parte ng munisipalidad ng Bansud, Oriental Mindoro. Ito ay ang mga forestland na naproklama nuong panahon ng dating Pangulong Marcos bago ganap na pasukin ng Department of Agrarian Reform o DAR. Ibinahagi din niya na maraming modalidad ang pamamahala sa pinangangalagaang pook noong araw, kabilang dito ang Indigenous Community Conserved Areas (IICA), Local Conservation Areas at marami pang iba. Sinabi din niya na dapat tipunin ng DENR ang mga mapa ng CSC, NGP at iba pa upang magamit sa pag-hihiwalay ng mga pribado at tituladong lupa sa CADT ng mga katutubo. Samantala, ang NCIP naman ay maaring makipag-ugnayan sa DAR-Regional Office para humingi ng Technical Description ng mga na-isyung CLOA sa loob ng CADT ng Buhid at Bangon.

Samantala, iprenesenta ni G. Efren Delos Reyes, CENRO ng San Jose, ang mapa ng lupang ninuno ng tribung Buhid at Bangon sa pamamagitan ng datus na nakalap nila mula sa tanggapan National Indigenous Commission o NCIP. Batay sa presentasyon, lumalabas na walong bayan ang nakakasakop sa nasabing lupain, kabilang dito ang mga bayan ng San Jose, Calintaan, Rizal, at Sablayan sa probinsya ng Occidental Mindoro, at mga bayan naman ng Bansud, Bongabong, Roxas at Mansalay sa probinsya ng Oriental Mindoro. Ayon pa sa kanya, walang CLOA na naisyu sa parte ng Occidental Mindoro base sa ginawa nilang pagsisiyasat at mga datus na may'roon sila. Sa makatuwid, walang problema ang CADT ng Buhid-Bangon sa parte ng CENRO San Jose maliban nalang sa mga lugar na sakop ng CADT na mayroong National Greening Program o NGP.

Iminungkahi din ni CENRO Delos Reyes na habang wala pang rehistro ng CADT ang mga kapatid na katutubo, mapapakinabanagan nila ang pagkuha ng Certificate of Stewardship Contract o CSC, lalong-lalo na ngayon na marami sa mga lugar na may NGP sa loob ng CADT ay maari ng mapakinabangan ang mga punong-kahoy, partikular ang mga gmelina.

Inihayag naman ni PENRO Valle na kung mayroon mang na-isyung CLOA ang DAR sa loob ng CADT, siguradong may tala o record ang DENR ng mga ito. Sapagkat ayon sa kanya, ang DENR lang ang siyang may kapangyarihan na mag-apruba sa mga survey plan. Sinabi din niya na ang NCIP ay kinakailangan lang na makipag-ugnayan sa DAR Regional Office para sa mga datus na kikakailangan ng DENR para matukoy ang eksaktong lokasyon, lawak, at hangganan at CADT ng Buhid-Bangon at maibukod ang mga may CLOA mula dito.

Nagpaliwanag naman si Engineer Haydee Baggay mula sa DENR-MIMAROPA Regional Office - Surveys and Mapping Division patungkol sa pahayag ni PENRO Valle. Ayon sa kaniya, dapat na manggaling sa NCIP ang endorsement kasama ang mga kinakailangang datus papunta sa DENR nang sa ganun ay mai-mapa, matukoy at malaman ng DENR Regional Office ang eksaktong dami o sukat ng mga pribadong lote na nasa loob ng CADT ng tribung Buhid at Bangon.

Sinabi naman ni G. Pasag na sa pagkakaalam niya ay mayroong sinimulang mapa si Engr. Mapale, ang geodetic engineer na nakatutok sa kanila.

Dahil dito, sinuhestiyon ni RED Claudio kay G. Pasag na ibigay ang detalye ni Engr. Mapale kay Engr. Baggay upang sila na ang mag-usap tungkol sa nasabing mapa. Dagdag pa niya, mayroon nang na-hired ang NCIP na bagong geodetic engineer base sa naging pag-uusap nila ni Dr. Marie Grace T. Pascua, ang Regional Director ng NCIP MIMAROPA. Nasambit din ni RED Claudio na si Engr. Baggay ang tututok at magsisilbing taga-pagsalita ng DENR Regional Office para sa pag-mamapa ng CADT ng Buhid at Bangon.

Sa kabilang dako, sinabi ni RED Claudio sa mga taga-SHBI na handa ang DENR na tumulong para sa pagpaparehistro ng kanilang CADT at ito ay pagtutuunan nila ng pansin. Nabanggit din niya na ang tungkol sa bagay na ito ay napag-usapan na nila kasama ang Chief ng Surveys and Mapping Division (SMD) at PENRO Valle. Ayon pa sa kanya, nababatid nila ang usapin ng CADT/CADC sa Oriental Mindoro, subalit pagdating sa mga lugar na nakakasakop at nag-ooverlap sa lupang ninuno ng Buhid at Bangon ay wala silang datus o sapat na kaalaman. Ganun pa man, inihayag ni RED Claudio na sa tulong ng mga taga-SHBI na maibigay ang mga kopya ng CLOA at iba pang mga kinakailangang datus upang mai-project ang lupang ninuno at mai-bukod ang mga tukoy na pribadong lupain mula dito, ang DENR ay makakapag-bigay ng karampatang tulong upang tuluyan nang makamit ng SHBI ang kanilang CADT. Dagdag pa niya, mas mainam na maibigay ng SHBI ang mga kinakailangang datus sa halip na unahin ang usapin ng pag-papanumbalik ng mga CLOA at kaparehas na usapin dahil marami pa itong pagdadaan na proseso na magresulta lang ng lalong pagka-antala sa pagpaparehistro ng kanilang CADT.

Nagpahayag naman ng opinyon si G. Pasag patungkol sa usapin ng CLOA, aniya, batid nilang mahabang usapin ang CLOA, kung kaya't sa ginawa nilang kapasiyahan kasama si Rey Luna at iba pa, nagdesisyon sila na isantabi na muna ang usaping ito.

Kaya sinabi ni RED Claudio na ibigay at ipadala kaagad ng SHBI ang mga kinakailangang datus na sa palagay nila ay makakatulong para sa pag-mamapa ng kanilang CADT habang ang DENR ay nakikipag-ugnayan sa ibang ahensya at nangangalap din ng iba pang datus at basehan.

Samantala, nagpahayag ng suhestiyon si G. Giayan, ayon sa kanya, ang kahilingan niya at ng buong pamayanang katutubo ay ang maibigay ang kanilang titulo upang maalis ang kanilang mga agam-agam. Sinabi din niya na dahil sa karanasan at mahabang panahon ng pakikipag-ugnayan sa gobyerno, mahirap ng maniwala sa salita lang, kung kaya't nais nilang makasiguro at makita kung hanggang saan talaga ang pagpupursige ng gobyerno na sila ay matulungan. Sinambit din niya na sa parte ng mga katutubo, kung nakikita naman nila na maganda at mapapakinabangan ang mga proyekto ng gobyerno, sila ay mabilis na sumasang-ayon, subalit dahil sa karanasan, sila ay nahihirapang mag-desisyon.

Sumagot si RED Claudio at sinabing naiinitindihan ng pamunuan ng DENR ang kanilang hinaing at kalagayan, dahil dito sinabi nya na subukan ang DENR dahil aniya ay makakaasa ang mga kapatid na katutubo na tutulungan sila sa usapin ng kanilang CADT. Ayon pa sa kanya, ninanais din ng DENR na mapabilis ang pagpaparehistro ng CADT ng Buhid at Bangon nang sa ganun ay maging maayos at matapos na ang planong paglalagay

ng mga tanda o signages sa mga pagitan ng MIBNP. Sinabi din niya na bilang tulong sa mga katutubo, makikipag-ugnayan ang DENR sa DTI at TESDA base na din sa napagkasunduan sa huling pagpupulong. Ibinahagi din ni RED Claudio ang kanilang karanasan pagdating sa usapin ng CADT kung kaya't ang pamunuan ng DENR ay ispirado at may kumpyansa na mangako na tutulong sa pagpaparehistro ng CADT ng katutubong Buhid at Bangon. Dagdag pa niya, nais din nila na sa panahon na ito ay mangyayare na ang matagal nang minimithi ng katutubong pamayanan ng Buhid at Bangon para sa kanilang lupang ninuno.

Iminungkahi ni RED Claudio na sinang-ayunan at pinangalawahan nina CENRO Santos at PENRO Valle ang kasunduan sa pagitan ng DENR at SHBI base sa mga naging rekomendasyon nina PENRO Tanada, PENRO Valle, CENRO Santos, CENRO Delos Reyes, CENRO Boyles, CENRO Quebec at Eng. Bannag, na hihintayin ng DENR ang natipon na mapa ng mga CLOA at ano mang mayroon ang SHBI na maaring magamit sa pag-project at pag-sesegregate ng mga tituladong lupain sa loob ng CADT, upang mabigyan ng DENR ang SHBI ng Certificate of Non-Overlap o CNO kung walang makikitang problema.

Nagpayahag naman ng hinaing si G. Pasag patungkol sa paghingi nila ng kopya ng mga naisyung CLOA sa loob ng kanilang CADT sa DAR. Aniya, ikinalulungkot niya na hindi nila kayang ibigay ang hinihingi ng DENR, sapagkat mangilang beses na umano silang lumapit sa kinauukulan, ngunit nabigo silang makahingi ng mga kopya ng mga nasabing CLOA.

Sumagot si RED Claudio at sinabing kailangan lang sumulat ng SHBI o NCIP sa DAR, sapagkat may karapatan sila na hingin ang mga datus patungkol sa mg ana-isyung CLOA sa loob ng kanilang lupang ninuno. Dagdag pa niya, maari ding lumapit ang mga taga-SHBI sa mas mataas na kinauukulan para idulog ang kanilang kahilingan.

Idinagdag ni PENRO Valle na hindi naman kinakailangan na kopya ng CLOA ang hingin ng SHBI kundi mapa o survey plan. Kailangan lang sumulat ng mga taga-SHBI o NCIP sa DAR-Regional Office para humingi ng aprubadong survey plan.

Dahil dito, sinabi ni G. Pasag na susubukan nilang kolektahin ang mga nasabing dokumento na hinihiningi ng DENR. Tinukoy din niya ang mga lugar na may CLOA sa loob ng kanilang CADT. Ayon sa kanya, ang mga ito ay sa may bandang Ilog ng Bongabong, sa may Panluan. Nabanggit din niya na may kaibigan sila mula sa isang NGO na may ginawang mapa na naka-project ang mga tituladong lupa. Sinabi niya na baka makakatulong ang Technical Description (TD) ng kanilang CADT. Kasabay nito, inihayag din niya ang kanyang interes sa tulo-tuloy na pakikipag-ugnayan kina PENRO Valle, CENRO Boyles, CENRO Quebec, at PASu Aragones para sa pagpaparehistro ng kanilang CADT.

Dahil dito, sinuhestiyon ni RED Claudio na ibigay ng SHBI sa mas lalong madaling panahon ang ano mang mayroon sila, kabilang ang TD ng kanilang CADT upang mas mapabilis ang proseso ng pag-mamapa at pag-sesegregate.

Samantala, nagpahayag ng opinion si G. Dama Igna, representatante ng katutubong pamayanan mula sa munisipalidad ng Bansud, Oriental Mindoro. Aniya, batid nila na minamadali ng MIBNP-PAMO sa pamumuno ni PASu Aragones ang pagtatayo ng mga signages o tanda sa pagitan ng MIBNP na nasasakupan din ng kanilang lupang ninuno. Subalit ayon sa kanya, hindi pa umano sila magkasundo sapagkat hindi pa nila nakakamit kanilang kahilingan na CADT. Nilinaw niya na hangga't hindi pa na-sesegregate ang CLOA sa loob ng kanilang CADT ay hindi pa nila pipirmahan ang kasunduan sa pagitan ng SHBI at MIBNP-PAMO para sa pagtatayo ng mga signages. Sinang-ayunan din niya ang rekomendasyon ng DENR na ibigay ng SHBI ang mga hinihingi nito para sa pag-project ng kanilang lupang ninuno. Hiniling din niya na

makipag-ugnayan ang DENR sa tanggapan ng Land Registration Authority o LRA para sa pag-paparehsitro ng kanilang CADT.

Sinabi din ni G. Igna na sa mga hinihingi ng DENR, lalong-lalo na ang kopya ng mga CLOA at mapa sa loob ng kanilang CADT, kung ano man daw ang kanilang makayanang makalap at maibigay ay hanggang dun na lamang ang kanilang gagawin at ang DENR na ang bahalang gumawa ng paraan para sa mga katutubo. Bago tapusin ni G. Igna ang kanyang pagsasalita, muli niyang nilinaw at ipinakiusap sa DENR na hanggat hindi pa pirmado ang kanilang CADT ay hindi din siya pipirma sa ginawang kasunduan para sa pagtatayo ng mga signages sa pag-itan ng MIBNP.

Iminungkahi ni RED Claudio at pinangalawahan nina G. Igna at at PENRO Valle ang kahilingan ng SHBI na makipag-ugnayan ang DENR sa ibang ahensya ng gobyerno para sa pagpaparehistro ng CADT ng Buhid at Bangon.

Sa pagpapatuloy ng pagpupulong, ipinayo ni G. Igna na sa pag-sesegregate ay malaman sana nila kung ilang ektarya ang sakop ng CLOA sa loob ng kanilang CADT at malaman din kung ilan ang bilang ng mga individual na may titulo na mas naunang naisyuhan bago pa maipasa at maisabatas ang IPRA.

Tumugon at sinabi ni RED Claudio na makikita at malalaman ito ng DENR sa proseso ng pagtukoy at pag-sesegregate ng CLOA sa CADT. Idinagdag din niya na mag-iisyu ang DENR ng Certificate of Non-Overlap kung walang magiging problema sa gagawing pag-mamapa. Samantala, hiniling ni RED Claudio na kung maaari ng simulan ang paglalagay ng signages kapag naibigay na ng SHBI ang mga hinihinging datus ng DENR at nakikita na ng mga katutubo na nagsisimula na ang pagmamapa ng kanilang CADT. Ayon pa sa kanya, mahalaga ang paglalagay ng mga signages o tanda sa mga pagitan ng MIBNP dahil ito ay pabor din para sa mga katutubo.

Sumagot si G. Giayan at sinabi na bilang mga lider ng mga katutubo na humaharap sa mga pag-pupulong, responsibilidad nila na iparating ang mga nais mangyare ng kanilang tribu at pamayanan. Aniya, sa panig ng mga katutubo, nais nilang mangyare at makita ang resulta ng mga ginagawang pagtulong ng gobyerno sa pagpaparehistro ng kanilang CADT. Ayon pa sa kanya, sa panig ng mga lider na katutubo, kung ang gobyerno ay lalapit sa kanila para sa mga proyektong alam nila na makabubuti at makakatulong sa mga katutubo ay hindi naman sila mahirap kausap.

Sinabi ni RED Claudio na marami pang programa ang DENR sa Oriental at Occidental Mindoro at nais nilang makasama ang mga katutubo sa pagpupursige ng mga proyekto lalong-lalo na sa mga lugar na sakop ng CADT. Binigyan din nya ng importansya at respeto ang katutubong pang-unawa sa pangangalaga ng kapaligiran.

Iminungkahi ni G. Giayan at pinangalawahan nina RED Claudio at PENRO Tañada ang kahilingang ng SHBI na sa mas lalong madaling panahon ay ipagpatuloy ang pagsasagawa ng mga napagkasunduan base sa naging pagpupulong, upang sabay na makamit ng DENR at ng pamayanang katutubo ang kani-kanilang hangarin.

Isinuwestyon ni RED Claudio kay PENRO Tañada at PASu Aragoness na kaagad na tukuyin ang mga programa ng DENR na maaring makatulong ang mga kapatid na katutubo sa pagpapatupad.

Masayang ibinahagi ni RED Claudio na nais din ni RD Grace T. Pascua ng NCIP MIMAROPA na maka-daupang palad ang mga taga-SHBI, at sinabi sa kanya ni RD Pascua na bibigyang atensyon ng kanilang geodetic engineer ang CADT ng Bangon at Buhid. Sinabi din ni RED Claudio na sa susunod na pagpupulong ay personal na niyang isasama si RD Pascua sa Mindoro.

Samantala, natutuwang sinabi ni G. Giayan na kung makikita ng mga katutubo ang magandang resulta ng pagtulong ng DENR para sa kanilang CADT, sa susunod na pag-pupulong ay maaring mas madami na ang makadalo.

Sumagot si RED Claudio na paghahandaan ng DENR ang nasabing pagpupulong. Kasabay nito ibinahagi niya ang pagpupursige at pagsisikap na ginagawa nila upang mapagtuunan ng pansin ang usapin ng CADT ng Buhid-Bangon.

Ibinahagi din ni PENRO Tañada na kahit gabi na ay pinilit nilang makadalo noong una at kasalukuyang pagpupulong para sa usapin ng pagpaparehistro ng CADT ng Buhid-Bangon. Dagdag pa niya, magtiwala ang SHBI dahil desidido ang DENR na matulungan sila sa kanilang CADT at hangad din ng DENR na maisagawa ang mga programa nito sa tulong ng mga katutubo.

Nagpahayag ng suhestiyon si CENRO Santos at sinabi na kung pwede ay payagan na ng mga katutubo ang MIBNP-PAMO na mailagay ang mga signages o tanda nito sa pagitan ng MIBNP.

Sumagot si Pasu Aragones na mayroon silang usapan ng SHBI tungkol sa paglalagay ng signages base sa ginawang pagpupulong sa Bongabong, Occidental Mindoro. Aniya, isa sa naging kondisyon ng SHBI ay ang mailapit ng MIBNP-PAMO ang kanilang hinaing kay RED Claudio at pormal na makausap. Dahil dito, sinabi ni PASu Aragones na sa tingin niya ay nagampanan ng PAMO ang kanilang ipinangako, kung kaya't umaasa siya na tutuparin din ng SHBI ang kanilang ipinangako. Inihayag din ni PASu Aragones ang sinsero at seryosong ng pag-tulong na ginagawa ng PAMO para sa pagpaparehistro ng CADT ng mga katutubong Buhid at Bangon.

Sumagot si G. Giayan at sinabing ang mga katutubo ay hindi umaayaw kung nakikita nila na naisakatuparan ang kanilang kahilingan. Sinabi din niya na huwag sana magtampo ang pamunuan ng MIBNP-PAMO gayundin ang buong gobyerno sapagkat naniniwala sila na iisa lang ang kanilang mga layunin.

Sumang-ayon si RED Claudio sa payahag ni G. Giayan at nilinaw na ang mahalaga ngayon ay maumpisahan na ang mga gawain at maiwasan ang ano mang pagkaantala. Binigyang-diin ni RED Claudio na lumilipas ang panahon at ang bawat isa ay tumatanda, at sabay sinabing "Habang may oras, kung ano ang nandiyan na kaya nating gawin, gawin natin".

Nagpahayag naman ng pasasalamat si G. Giayan at G. Pasag kay RED Claudio at sa isinagawang pagpupulong. Ayon sa kanila, sa maikling-oras ng kanilang paguusap, naghatid naman ito ng pag-asa para sa kanilang mga katutubo.

C. Pagtatapos ng Pagpupulong

Matapos mapag-usapan at talakayin ang nakahaing paksa, at wala ng ibang paglilinaw, ang pagpupulong ay natapos ganap na ika-10:50 ng gabi.

KAHILINGAN
NA
MAGPATUPAD NG PAGHANDA NG
MAP PROJECTION NG MGA NAKAPATONG NA LUPANG TITULADO
SA CADT 127 NAMIN SA PAKIKIPAG-UGNAYAN SA DENR AT IBANG SANGAY
UPANG MAIPAREHISTO AT I-AWARD NA

KGG. Gng. Ma. GRACE PASCUA
Regional Director – MIMAROPA
National Commission on Indigenous Peoples (NCIP)
3rd Fl, 574 Argo Bldg, EDSA cor. P. Tuazon Ave
Cubao, Quezon City // 0927-323-8574

Kagalanggalang Regional Director,

Nais po naming tribong BUHID at BANGON sa pamamagitan ng aming pangkalahatang IPO, ang Sadik Habanan Buhid, Inc., na magpaabot sa inyong kagalanggalang tanggapan ng NCIP Region ng aming kahilingang ito.

Naaprubahan na po ng NCIP Commission-en-banc ang aming CADT No. 127 ng Buhid at Bangon noong Hulyo 24, 2009. LABING-APAT Apat (14) na taon ang nakalipas. Hanggang sa ngayon ang NCIP ay hindi pa ipinahanda ang Map Projection, ipinarehisto sa LRA at in-award ang CADT.

Marami na ang ipinadala naming mga petisyon sa NCIP at ibang antas ng pamahalaan na humihiling ng pag-award ng aming CADT na hindi tinutugunan.

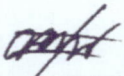

Batay po dito, humihiling po kami na makipag-ugnayan ang NCIP sa DENR at maaring ibang sangay na maghanda ng MAP PROJECTION ng aming CADT. Ayon sa nakasaad sa dating JAO ng 2012, kayang tapusin daw ito sa loob ng 30 araw.

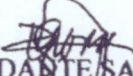

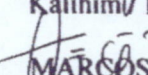

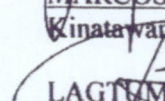

Nagkaroon po kami ng diyaloga sa mismong DENR Regional Director R-4B ito lang nakaraang Oktubre 27, 2022 sa Occidental Mindoro. Nangako si Director sa aming Tagapangulo ng Buhid, Chairman ng Bangon at ibang mga kinatawan na tutulong sa pabilisin ang pagsagawa ng Map Projection. Kailangan daw na makipag-ugnayan sa kanila ang NCIP upang ipaabot ang opisyal na technical data ng sukat at mapa ng CADT at tumulong sa pag-research ng mga titulo sa loob. Kung wala ito hindi maaaring maghanda ng Map Projection na basehan sa pagpaparehisto ng aming CADT at pagkatapos mai-award na. Pag ganyan hindi po makakamtan namin ang pangako ng ating batas ng IPRA na hangarin namin ang titulo sa lupaing ninuno.

Pag natupad po ito sana ang NCIP ay magparehisto sa LRA at mag-award na ng CADT sa amin.

Inaasahan po namin na matugunan po ninyo ang aming kahilingang ito na matagal naming hinihintay. Marami pong salamat sa inyong pagtugon dito at sa pagsuporta sa aming karapatan sa lupaing ninuno.
