Sir/Madam:

Greetings!

Our municipality is currently updating our database for policy making and development planning purposes. Relative to this, may we request for the following maps and data requirements as listed hereunder:

- Conflicts/Issues Map (overlapping tenures/claim, identified boundary conflicts, location of new and old kaingin, location of illegal cutting areas)
- Geological/environmental hazard areas (earthquake faults, volcanoes, tsunami prone areas, areas susceptible to landslides, erosion, subsidence, sinkholes, areas prone to noise, air pollution, probable causes of hazards or risk)
- Hydrologic features (groundwater resources, faults, volcanoes, bedrock foundation)
- Conservation Areas and other Special Interest areas (Protected Areas: NIPAS and non-NIPAS) both terrestrial and marine, Ancestral Domains, Wetlands, Critical Watersheds

Please accommodate our representative, Mr. Ramon C. Abrenilla, Map Cartographer from the Municipal Planning & Development Office of this municipality.

Hoping that our request will be given your most favorable consideration.

Thank you and regards!

Very truly yours,

ALLAN A. ROLDAN,
Municipal Mayor
