Respectfully forwarded is the report from ENTMRPA PAMO staff dated October 13, 2022 regarding the above subject. In the report, one of the components, the construction of mini dam installed in El Nido Estero outfall located at Bgy. Buena Suerte, El Nido, Palawan connected to the STP cluster tank was mentions during the Protected Area Management Board (PAMB) Project Development Committee (PDC) meeting held last September 14, 2022 at PAMO Conference Room, Calle Real, Bgy. Masagana, El Nido, Palawan in relation to the flooding incident within the vicinity of Bgy. Buena Suerte, El Nido, Palawan. Allegedly, the said project is one of the contributors of the flooding incidents in the area. On October 3, 2022, Technical Conference was held at CENRO Taytay, Palawan together with the representatives from the El Nido Sewage and Solid Waste Treatment Plant and LGU-El Nido to discussed the issues and concerns in the STP projects; gushing cluster tank; leakage of pipes installed; construction of mini dam at El Nido estero; blackish water and clear discharge going to the sea from the cluster tank; resident and stakeholder. The proponent answered all the concerns and agreed to the following commitments, to wit;

1. They will restore the damaged road, canals and private improvement during the pipes installation;
2. They will desilt both sides of canal in Bgy. Masagana (Friendly Inn and Neighbors);
3. They will look for the possible solutions on the damaged road in Bgy. Masagana (Friendly Inn and Neighbors);
4. They will send a response letter to Gorong Bay Resort Corporation and inform the PASu and CENRO.

Moreover, the DENR and LGU are willing to extend their efforts to address the issues in Gorong Bay Resort Corporation

For information and further instruction.
