FROM : The Protected Area Coastal and Management Unit

**SUBJECT : REPORT ON THE RELEASED OF MARINE TURTLE
HATCHLINGS AT WASIG, MANSALAY, ORIENTAL
MINDORO**

Submitted is the report of marine turtle hatchlings released in Barangay Wasig, Mansalay, Oriental Mindoro.

The team regularly monitored the marine turtle nesting sites in Barangay Wasig, Mansalay, Oriental Mindoro with the assistance of Bantay Dagat Officers and its members. Upon monitoring, the found out fresh hatchlings of Green sea turtle or *Chelonia mydas* in the ground, the Bantay Dagat stated that they didn't noticed when was the marine turtle laid eggs, but they suspected it was in a mid of August. It was transferred first into a big basin before it was released back into the ocean. It was released back into the ocean on the afternoon of October 11, 2022. The activity was facilitated by CENRO Personnel, Bantay Dagat Officers, its Members and some concerned citizen. A total of forty-three (43) Green sea turtle were successfully released.

Attached are the photos geo-tagged photos of the said activity.

For information and record.
