SUBJECT : **HAULING OF APPREHENDED FOREST PRODUCTS AT
BGY. IRAAN, BGY. POBLACION AND BGY. APURAWAN,
ABORLAN, PALAWAN ON JUNE 28 AND 29, 2022**

DATE : July 04, 2022

On June 28-29, 2022, the undersigned together with FR Roldan Mercado, FR Stephen Ker Biatingo, FTI Maridol Ardais, FTI Reymund Luna, FR Michael Polido, FTI Rommel Adato, FR Jeffrey Modesto, FPO Edwin Guilaran, FPO Al Cadaro, and volunteers namely Bonifacio Escubin, Robert Abrea, Argie Porka, Noel Delos Angeles and Dexter Mercado, conducted a hauling of undocumented abandoned forest products in Aborlan, Palawan. The items were apprehended thru a series of operation conducted on the same date of the hauling in the three Barangay of Aborlan Bgy. Iraan, Apurawan and Poblacion and Bgy. Napsan in Puerto Princesa City.

The official vehicle of the PENR Office, Boom Truck, was used to convey the apprehended forest products from the apprehending site going to CENRO compound for custody. Most of the apprehended lumbers especially those apprehended in Bgy. Apurawan are fresh cut lumber and belong to naturally growing tree species. The lumbers from Apurawan were found piled along the river when it was confiscated, downhill of a very steep and muddy mountainous area of So. Daan. Some of it are large and heavy enough for manual hauling, it needs at least four persons to be able to transfers it into an open area, adding to it the difficulty of the trail which is covered by mud and boulders brought upon by the continuous pouring of rain in the area. To successfully haul, the team have to borrow a heavy equipment such as *Loader* to transport the lumbers from the river going up to the rough feeder road where the Boom truck is waiting. Small lumbers where manually carried/hailed by our volunteers and personnel.

Currently, the lumbers were deposited at CENRO compound.
