MEMORANDUM

FOR : The Regional Executive Director
DENR MIMAROPA Region
1515 L&S Bldg. Roxas Blvd. Ermita, Manila

THRU : The ARD for Technical Services

FROM : The OIC, PENR Officer

SUBJECT : **2ND QUARTER REPORT ON MARINE TURTLE HABITAT/NESTING SITES ASSESSMENT AND MONITORING WITHIN THE JURISDICTION OF DENR-PENRO OCCIDENTAL MINDORO**

Respectfully submitted is the 2nd quarter report on Marine Turtle Habitat/Nesting Sites Assessment and Monitoring within the jurisdiction of DENR-PENRO Occidental Mindoro. Please be informed that CENRO Sablayan and CENRO San Jose conducted the following activities:

OFFICE	DATE/LOCATION	ACTIVITY/ACCOMPLISHMENT
CENRO Sablayan	May 4 to 6, 2022 – Brgy. Talabaan and Fatima, Mamburao, Occidental Mindoro	*Conducted orientation and interview with the Brgy Officials and fisherfolks re conservation, laws implemented, marine turtle identification, filling-up the marine turtle nest evaluation form and marine turtle tagging form.
	May 11 to 13, 2022 – Brgy. Balansay, Payompon and Tayamaan, Mamburao, Occidental Mindoro	*Monitored the beach stretch of the said barangay but no active nest nor turtle tracks were found. This may be due to the disturbances observed in the area such as fence, astray animals and settlements.

Republic of the Philippines
Department of Environment and Natural Resources
MIMAROPA Region
PROVINCIAL ENVIRONMENT AND NATURAL RESOURCES OFFICE

CENRO San Jose		*No marine turtle nesting activity were reported as compared to the 1 st quarter of CY 2022.
	May 7, 2022- So. Marsumbol, Brgy. New Dagupan, Calintaan, Occidental Mindoro	*One (1) dead adult female Olive – Ridley Sea Turtle (<i>Lepidochelys olivacea</i>) was recovered and reported by the stakeholders from BLGU New Dagupan, Calintaan, Occidental Mindoro. The said marine turtle was believed to be a victim of spear fishing.
	May 12 to 13, 2022- Calintaan, Occidental Mindoro	*The Biodiversity Management Unit-CDS together with PENRO Representative-TSD/CDS Park Foreman Noriel M. Dulatre conducted focused group discussion with the stakeholders from MENRO Calintaan and BLGUs of Iriron and Concepcion, Calintaan, occidental Mindoro. The discussion involved the presence and status of the nesting sites and stranding of marine turtles in the locality and management interventions by the BLGUs in accordance to R.A. 9147 or Wildlife Act and other environmental laws.

In addition, the DENR is being assisted by the BLGUs concerned and Bantay Dagat volunteers in the monitoring and conservation of marine turtles and their nesting sites.

Attached are the narrative reports with its annexes.

For information and record.

MEMORANDUM

FOR : The Regional Executive Director
DENR - MIMAROPA Region
Roxas Blvd., Ermita, Manila

THRU : The OIC, PENR Officer
Mamburao, Occidental Mindoro

FROM : The CENR Officer

SUBJECT : **2ND QUARTER REPORT ON THE MARINE TURTLE NESTING SITES MONITORING AND FOCUS GROUP DISCUSSION WITHIN THE JURISDICTION OF CENRO- SAN JOSE, OCCIDENTAL MINDORO**

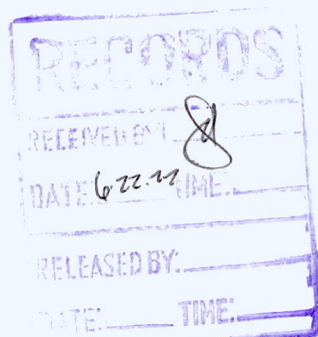

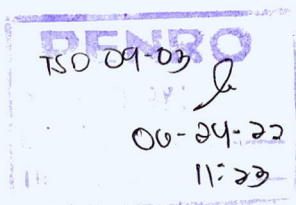

Respectfully forwarded is the report of the Conservation and Development Section – Biodiversity Management Unit anent above-cited subject covering the months from April to June, 2022.

Pleased be informed that in this quarter, no marine turtle nesting activity were reported as compared to the 1st quarter of CY 2022, wherein there are six (6) active nesting sites being recorded and monitored in Brgy. Concepcion while three (3) in Brgy. Iriron, both in Calintaan, Occidental Mindoro. There were 323 eggs hatched out of 381 total number of eggs laid which were released and reported.

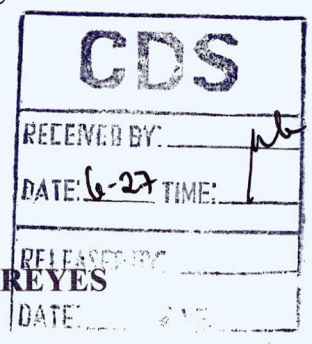

On the other hand, one (1) dead adult female Olive-Ridley Sea Turtle (*Lepidochelys olivacea*) was recovered and reported by the stakeholders from BLGU New Dagupan, Calintaan, Occidental Mindoro on May 07, 2022. The said marine turtle was believed to be a victim of spear fishing.

The DENR is being assisted by the BLGUs concerned and Bantay Dagat volunteers in the monitoring and conservation of marine turtles and their nesting sites.

For your information and record.

June 15, 2022

MEMORANDUM

FOR : The CENR Officer

THRU : The Chief
Conservation and Development Section

The Head
Biodiversity Management Unit

FROM : Herold S. Castro, Forest Technician II
CDS- Biodiversity Management Unit

SUBJECT : **2ND QUARTER REPORT ON THE MARINE TURTLE
NESTING SITES WITHIN THE JURISDICTION OF CENRO- SAN
JOSE, OCCIDENTAL MINDORO**

Respectfully submitted is the report re: abovementioned subject conducted by the CDS-BMU covering the months from April to June 2022 in Calintaan, Occidental Mindoro.

The monitoring within the identified marine turtle nesting sites was undertaken based on the reports by the concerned Barangay LGUs of Iriron and Concepcion and from the Office of the Municipal Environment and Natural Resources (MENRO) of LGU Calintaan thru alternative communication like phone calls and social media platform which have been very effective as there are still some limitations due to the pandemic Corona Virus Disease (COVID19).

The paragraph below discusses the activities accomplished relative to the target activities of this unit, to wit:

1. Mortality of Marine Turtle

Based on the report of the MENRO- Calintaan thru social media platform (Facebook Messenger) an incident that involved the mortality of one (1) adult female Olive-Ridley Sea Turtle (*Lepidochelys olivacea*) which was reported by a concerned citizen of Sitio Marsumbol, Brgy. New Dagupan, Calintaan, Occidental Mindoro on May 07, 2022.

Mr. Wilfredo Gayo, a resident and fisherfolk from Sitio Marsumbol of Brgy New Dagupan, Calintaan, Occidental Mindoro recovered the dead Olive-Ridley Sea Turtle (*Lepidochelys olivacea*) and reported it to the MENRO - Calintaan in Calintaan, Occidental Mindoro. According to the MENRO Staff's report and documentation, the marine turtle died as a result of a fatal injury caused by a spear gun that entered thru its right flipper and exited

through its throat. Mr. Gayo claimed that he saw the lifeless marine turtle floating approximately 200 meters from the shore. Prior to burial, the MENRO Staff recorded the biometrics of the fauna, such as CCL: 60.96 cm and CCW: 57 cm, respectively for reference.

2. Marine Turtle Nesting Site – Focus Group Discussion

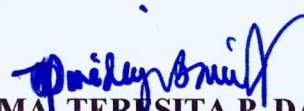

Due to the occurrence of the reported incident, the Biodiversity Management Unit - Conservation and Development Section of CENRO San Jose together with Park Maintenance Foreman Noriel M. Dulatre from Conservation and Development Section of PENRO Mamburao conducted Focus Group Discussion with the stakeholders from MENRO Calintaan and BLGUs of Iriron and Concepcion, Calintaan, Occidental Mindoro on May 12 – 13, 2022. The discussion involved the presence and status of the nesting sites and stranding of marine turtles in the locality and management interventions by the BLGUs in accordance to R.A. 9147 or Wildlife Act and other environmental laws.

Attached are the photos of the said activities for your ready reference.

For your information, record and further instructions.

SUBJECT : **REPORT ON MARINE TURTLE HABITAT/NESTING SITES
ASSESSMENT AND MONITORING WITHIN THE JURISDICTION OF
DENR-CENRO SABLAYAN, OCCIDENTAL MINDORO FOR THE
SECOND QUARTER OF CY 2022**

Please be informed that the Conservation and Development Section conducted assessment of marine turtle habitat and monitoring of nesting sites in the selected coastal barangays in the Municipality of Mamburao, Occidental Mindoro.

Five (5) coastal barangays (Brgys. Talabaan, Fatima, Balansay, Payompon and Tayamaan) with reported sightings/nesting areas of marine turtles in the Municipality of Mamburao were monitored on May 4-6, 2022 and May 11-13, 2022. As part of the activity, orientations to concerned barangays were conducted prior to on-site monitoring.

No active nest observed during the monitoring. This may be due to the disturbances observed in the area such as fence, stray animals and settlements.

Attached herewith are the geotagged photos, filled-out interview form (Annex A) and habitat assessment and evaluation form (Annex A.1) and GIS generated maps.

ALVIN E. SANICO

I. TITLE

REPORT ON MARINE TURTLE HABITAT/ NESTING SITES ASSESSMENT AND MONITORING WITHIN THE JURISDICTION OF DENR-CENRO SABLAYAN, OCCIDENTAL MINDORO FOR THE SECOND QUARTER OF CY 2022

II. BACKGROUND

The DENR-CENRO Sablayan through its Conservation and Development Section (CDS) started a regular activity on Population and Habitat Monitoring and Protection of Priority Threatened Species particularly, the Marine Turtles on CY 2021. The activity was also participated by a representative from Technical Services Division of DENR-PENRO Occidental Mindoro.

The activity is in accordance to BMB Technical Bulletin No. 2020-05 "Guidelines on Protection of Marine Turtle Nesting Habitats" which is crafted in pursuant to Republic Act No. 9147 (Wildlife Resources Conservation and Protection Act of 2001) and in pursuit of the objectives of DAO 2016-12 (Adopting the Philippine Biodiversity Strategy and Action Plan), and DAO 2019-09 (Updated National List of Threatened Species).

III. OBJECTIVES

This activity aims to:

1. Validate reported nesting/sightings areas that will be recommended as areas for protection and conservation.
2. Raise awareness to the community on the importance and role of marine turtle in the ecosystem.
3. Encourage the locals to become a partner in the conservation and protection of marine turtles.
4. Recommend activities and interventions for the proper management of the nesting/sighting areas.

IV. HIGHLIGHTS OF THE ACTIVITIES

A. COORDINATION AND CONSULTATION

The Office wrote a letter of coordination to Local Government Unit (LGU) of Mamburao for the conduct of orientation, interview and monitoring of nesting sites within their municipality. A letter of communication was also sent to concerned barangays of each municipality requesting for their possible schedules, permission and assistance on the conduct of the activities. The list of the concerned barangays are as follows:

MUNICIPALITY	BARANGAY
Mamburao	Talabaan
	Fatima
	Balansay
	Payompon
	Tayamaan

B. ORIENTATION/COMMUNITY AND PUBLIC AWARENESS (CEPA) ON BIOLOGY, IMPORTANCE AND HANDLING OF MARINE TURTLE/HOUSEHOLD INTERVIEWS

A brief orientation on biology of marine turtle with selected barangay officials and coastal community was conducted to raise awareness on the importance of marine turtle and its role to the ecosystem. They were also taught in filling out of forms (marine stranding report, marine turtle nest evaluation form) to properly document and submit the forms/report to DENR, in the event that they may observe an emergence of marine turtle or encountered a stranded one.

C. HOUSEHOLD INTERVIEWS

Interviews were also conducted with the local communities to gauge the knowledge and gather available information on the presence/emergence of marine turtles in the different barangays. Information on the threats to marine turtles and nesting sites were also gathered. The data is essential to the crafting of management interventions in protecting and conserving the said wildlife.

The attached interview form in the BMB Technical Bulletin 2020-05 was used in the household interviews.

D. HABITAT SURVEY AND MONITORING OF NESTING SITES

In the course of monitoring of the habitat and nesting site of the marine turtles, the team used the transect walk method to verify, assess and record the presence of marine turtle/s and also to evaluate the status of the nesting sites (vegetation, beach measurements, marine tracks, etc.)

The monitoring was conducted from 9:00PM to 4:00AM, since; it is believed that the marine turtles are known to nest at these hours and also during high tide. The observations during the activity are shown in the table below;

MUNICIPALITY	BARANGAY	LENGTH OF COAST-LINE (m)	NUMBER/S OF NEST OBSERVED		REMARKS
			ACTIVE	INACTIVE	
Mamburao	Talabaan	2900	none	none	The team observed fences near the high tide zone that can hinder the marine turtle to establish its nesting site
Mamburao	Fatima	3000	none	none	Beach stretch was disturbed by quad biking activities from nearby resort
Mamburao	Balansay	2394	none	none	Clearing and fencing was observed within the foreshore, it may disturb the nesting area. Artificial lighting from the resorts may disorient the possible marine turtle nester emergence.
Mamburao	Payompon	2650	none	none	Illegal settlers, fences and infrastructures were noticed within foreshore zone. Presence of dogs in the area may disturb the marine turtle nesting site
Mamburao	Tayamaan	2900	none	1	Presence of dogs owned by the resort owners may avoid the possible marine turtle emergence
Mamburao	Tayamaan	600	none	none	Coastal area is disturbed by local tourist along the beach zone

Note: The areas are permanent monitoring sites for marine turtle.

E. OTHER OBSERVATIONS/RECOMMENDATIONS

The number of active nest/inactive nest of marine turtle recorded in the monitoring sites within the Municipality of Mamburao is decreasing compared to the data in CY 2021. 1 inactive nest was observed and recorded at Barangay Tayamaan. According to the Barangay officials, this nest was excavated by a mentally challenged individual. Nesting areas at Barangay Fatima was highly disturbed by quad biking activities while at the Barangay Payompon, foreshore areas were disturbed by illegal fences, settlement.

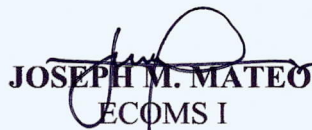

It was also observed that the responses and the level of awareness of the communities with regards to the protection and conservation of the marine turtles are overwhelming. However, threats to marine turtles are evident since some of them mentioned that poaching of its meat and eggs is still occurring.

Also, during the conduct of the same activity, it was observed that improvements within the foreshore area are evident (e.g., resort establishment and human settlement and fences).

With this current situation, it is recommended that extensive CEPA be conducted within the community. Also, a meeting should be conducted with barangay officials, resort/lot owner to discuss the allowed activities to minimize the disturbance in the habitat of the marine turtle. A partnership with them can also be recommended to further promote the protection and conservation of the said wildlife. To set this partnership, creation of local ordinance regarding the marine turtle and its habitat would be substantial.

HON. MANUEL ALASTRE
Barangay Chairperson
Tayamaan, Mamburao, Occidental Mindoro

Dear Chairperson,

Good day!

This has reference to the target of DENR CENRO Sablayan for CY 2022 on *the Population, Habitat Monitoring and Protection of Priority Threatened Species*.

This activity will enhance the conservation and protection of marine turtles and its habitats by conducting orientation, interview and monitoring of marine turtle nesting sites and their habitats within the jurisdiction of this office.

In this regard, we are planning to conduct the said activity at the beach stretch of Tayamaan on the following schedule:

Date	Time	Activity
May 17, 2022	1:00-5:00 pm	Orientation & Interview
May 17-18, 2022	8:00 pm- 2:00 am	Site monitoring

May we respectfully request your assistance in the conduct of activities on the mentioned date. Should you have any queries, kindly contact Mr. Joseph Mateo through his mobile number (09154198530).

We are looking forward for your utmost consideration and constant support in the protection and conservation for our environment and natural resources.

Thank you very much and more power!

Respectfully yours,

FOR. ANASTACIO A. SANTOS, MPA
CENR Officer

13. Oras/panahon ng pangingisda September hanggang Abril
14. Lugar kung saan nangingisda municipal waters

15. Nakakita na po ba kayo ng pawikan? (☒ oo (☐ hindi

16. Sa buong taon, tuwing kailan kayo nakakakita ng pawikan?

Buwan (month/s of the year)	Bilang ng pawikan na nakikita	Lugar saan nakikita		Laki ng pawikan na nakikita	Ginagawa ng pawikan nung nakita	Uri ng pawikan na nakikita (species)	Iba pang komento
		Pangalan ng beach	Pangalan ng dagat				
<u>December</u>	<u>2</u>	<u>municipal</u>	<u>waters</u>	<u>60 cm</u>	<u>nagbababa sa</u>	<u>loggerhead</u>	
					<u>boat</u>		

17. Sa inyong palagay, ang dalas po ba ng mga nakikitang pawikan ay:

(☒ dumadami (☐ umu-unti (☐ di nagbago

18. Sa inyong palagay, ano kaya ang dahilan nito?

wala ng naghuhuling pawikan

19. Kapag may nakikitang pawikan, ano po ang ginagawa ninyo?

☒ hinahayaan lang

☐ hinuhuli at ... ☐ kinakatay ☐ ginagawang alaga ☐ inirereport o dinadala sa awtoridad

☐ iba pa _____

20. May pagkakataon na po ba na may nahuli kayong pawikan sa inyong pangingisda?

☐ meron ☒ wala

21. Sa anong paraan ng pangingisda mas may nahuhuling pawikan?

22. Sa buong taon, tuwing kailan kayo nakakahuli ng pawikan?

Buwan (month/s of the year)	Bilang ng pawikan na nahuhuli	Lugar saan nahuhuli		Laki ng pawikan na nahuhuli	Ginagawa ng pawikan nung nahuli	Uri ng pawikan na nahuhuli (species)	Iba pang komento
		Pangalan ng beach	Pangalan ng dagat				

23. Kapag may nahuhuling pawikan, ano ang ginagawa ditto?

☐ pinapakawalan

☐ dinadala sa pampang para... ☐ katayin ... ☐ lutuin ☐ ibenta [presyo { } pang regalo

☐ gawing alaga

☐ dalhin sa awtoridad

☐ iba pa _____

24. Alam po ba ninyo na ipinagbabawal ang paghuli at pagkatay ng pawikan?

☒ oo ☐ hindi

25. Anong ahensiya po ang alam ninyong nagpapatupad ng mga batas na ito?

☐ DENR ☐ Fisheries ☐ Pulis/Militar ☒ Mayor/LGU ☐ iba pa

26. Napapatupad ba ang mga batas dito tungkol sa pawikan? ☒ oo ☐ hindi

27. May alam po ba kayo na nahuli at naparusahan dahil sa paglabag sa mga batas ukol sa pawikan?

☒ meron ☐ wala

28. Ano po ang nadinig/nalaman ninyong kaparusahang ipinataw?

kinulong (pero hindi alam kung saan ang lugar)

29. Sa inyong palagay, mahalaga ba na ipagbawal ang pagkatay/paghuli/pagbenta ng mga pawikan?

☒ oo ☐ hindi

30. Bakit po kaya?

naarama dahil umiiguh ang pawikan kapag nasasaktan

ANNEX A. INTERVIEW FORM

(Habitat survey, nesting/sighting verification, pressure-state-response)

1. Petsa ng Interview: May 13, 2022

NA

29. Sa inyong palagay, mahalaga ba na ipagbawal ang pagkatay/paghuli/pagbenta ng mga pawikan?

(✓) oo () hindi

30. Bakit po kaya?

Kasi base sa sinabi ni Sir Fernan eh nakalakatulong ito sa pagdami ng isda

ANNEX A.1 HABITAT ASSESSMENT AND EVALUATION

1. Date of Assessment: May 12-13, 2022
2. Location: Sitio Dungan, Brgy. Tugmaanan, Zamboanga
3. GPS Coordinates: 51P 231984 1464693
4. Description of Sand: () black/gray () white () mixed () others
() fine (/) coarse (/) with coral rubble () mixed with soil
Other findings: _____

5. Beach Vegetation (list species in table below):

Talisay	Noni / Apato+
Aromma	Beach Morning glory
Coconut	
Alagao	
Balete	

6. Beach Measurements:

Details	Measurement (meters)	GPS Coordinates
Beach length* (measure perpendicular length of marine turtle nest to the highest tide mark)	2900	51P 231891 1463553 51P 232225 1466300
Beach width (measure parallel length of beach on two points, noting only areas as possible nesting ground)	5	

* NOTE: Add more rows if more than one nest was reported along same beach

7. Nesting Abundance: yes
8. Marine turtle tracks seen during visit: () yes (/) no
9. Number of complete track/s (tracks coming up the beach & going down): n/a
10. Number of incomplete track/s (tracks either coming up the beach only or going down only): n/a
11. Marine turtle track details: Outer track width (cm): _____
Inner track width (cm): _____
12. Marine turtle nest/s seen during visit: (/) yes () no
If yes, number of active nest/s: _____ number of inactive/old nest/s: 1
13. With signs of predation: (/) yes () no
If yes, identification of possible predator: dogs and poachers
14. Marine turtle hatchling tracks seen during visit: () yes (/) none
15. Marine turtle eggs seen: () yes () yes, but no signs of development (/) none
16. Marine turtle egg shells seen: () yes (/) none

Other Observations during visit:

presence of dogs in the beach zone
may avoid the possible marine turtle nest emergence.

ANNEX A.1 HABITAT ASSESSMENT AND EVALUATION

1. Date of Assessment: MAY 13 2022
2. Location: TAKMAAN BEACH PROPER
3. GPS Coordinates: SIP 23694 146335
4. Description of Sand: () black/gray () white ☒ mixed () others _____
 () fine () coarse () with coral rubble () mixed with soil
 Other findings: BOCPERS

5. Beach Vegetation (list species in table below):

<u>AROUN</u>	<u>ALUM</u>
<u>TAUSA-</u>	<u>YANDK</u>
<u>BANI</u>	<u>ALAAHW</u>
<u>PANDAN</u>	
<u>PAUPARD</u>	

6. Beach Measurements:

Details	Measurement (meters)	GPS Coordinates
Beach length* (measure perpendicular length of marine turtle nest to the highest tide mark)	<u>600 MTRS</u> <u>SIP</u>	<u>236806</u> <u>23694</u> <u>146378</u> <u>146335</u>
Beach width (measure parallel length of beach on two points, noting only areas as possible nesting ground)	<u>6 TO 20 MTRS</u>	

* NOTE: Add more rows if more than one nest was reported along same beach

7. Nesting Abundance:
8. Marine turtle tracks seen during visit: () yes ☒ no
9. Number of complete track/s (tracks coming up the beach & going down): no
10. Number of incomplete track/s (tracks either coming up the beach only or going down only): no
11. Marine turtle track details: Outer track width (cm): _____
Inner track width (cm): _____
12. Marine turtle nest/s seen during visit: () yes ☒ no
If yes, number of active nest/s: _____ number of inactive/old nest/s: _____
13. With signs of predation: () yes ☒ no
If yes, identification of possible predator: _____
14. Marine turtle hatchling tracks seen during visit: () yes ☒ none
15. Marine turtle eggs seen: () yes () yes, but no signs of development ☒ none
16. Marine turtle egg shells seen: () yes ☒ none

Other Observations during visit:

Coastal area is disturbed by tourist along the beach zone

HON. LORENA G. UMALI
Barangay Chairperson
Payompon, Mamburao, Occidental Mindoro

J-2-22
R

Dear Chairperson,

Good day!

This has reference to the target of DENR CENRO Sablayan for CY 2022 on *the Population, Habitat Monitoring and Protection of Priority Threatened Species*.

This activity will enhance the conservation and protection of marine turtles and its habitats by conducting orientation, interview and monitoring of marine turtle nesting sites and their habitats within the jurisdiction of this office.

In this regard, we are planning to conduct the said activity at the beach stretch of Payompon on the following schedule:

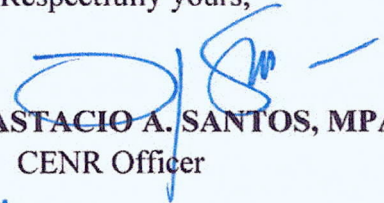

Date	Time	Activity
May 12, 2022	1:00-5:00 pm	Orientation & Interview
May 12-13, 2022	8:00 pm- 2:00 am	Site monitoring

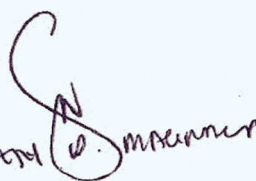

May we respectfully request your assistance in the conduct of activities on the mentioned date. Should you have any queries, kindly contact Mr. Joseph Mateo through his mobile number (09154198530).

We are looking forward for your utmost consideration and constant support in the protection and conservation for our environment and natural resources.

Thank you very much and more power!

Respectfully yours,

FOR. ANASTACIO A. SANTOS, MPA
CENR Officer

J-4-2022
10:14 AM

ANNEX A. INTERVIEW FORM

(Habitat survey, nesting/sighting verification, pressure-state-response)

- Petsa ng Interview: May 11, 2022
- Lugar: So. Maasin, Brgy. Pangasinan
- Tagatugon (respondent)
- Pangalan Noelito Barden Edad _____
- Kasarian (☒ Lalaki () Babae Status () single (☒ may asawa {bilang ng anak 2 }
- Angkan (pinagmulan ng lahi) Tagnlog
- Hanap buhay care taker (reentry)
- Tirahan So. Maasin
- May sariling bangka (☒ meron () wala () nagrenta
- Klase ng bangka (☒ de-motor () de-sagwan () iba pa
- Laki ng bangka (metro?) 18ft. Bilang ng taong pwedeng sumakay 4
- Uri/klase ng pangingisda (fishing operation) Kawil
- Oras/panahon ng pangingisda 4pm/5am kagay maganda ay panday
- Lugar kung saan nangingisda Municipal Waters

15. Nakakita na po ba kayo ng pawikan? (☒ oo () hindi

16. Sa buong taon, tuwing kailan kayo nakakakita ng pawikan?

Buwan (month/s of the year)	Bilang ng pawikan na nakikita	Lugar saan nakikita		Laki ng pawikan na nakikita	Ginagawa ng pawikan nung nakita	Uri ng pawikan na nakikita (species)	Iba pang komento
		Pangalan ng beach	Pangalan ng dagat				
Nov./Dec	5		Municipal Waters	24 inches	humpyang	Green Sen	

17. Sa inyong palagay, ang dalas po ba ng mga nakikitang pawikan ay:

() dumadami () umu-unti (☒ di nagbago

18. Sa inyong palagay, ano kaya ang dahilan nito?

Bala lumaki na at lumayo na at nadistributo na ang ifugero dahil nasim na ang mga aming

19. Kapag may nakikitang pawikan, ano po ang ginagawa ninyo?

☒ hinahayaan lang

☐ hinuhuli at ... ☐ kinakatay ☐ ginagawang alaga ☐ inirereport o dinadala sa awtoridad

☐ iba pa _____

20. May pagkakataon na po ba na may nahuli kayong pawikan sa inyong pangingisda?

☐ meron ☒ wala

21. Sa anong paraan ng pangingisda mas may nahuhuling pawikan?

N/A

22. Sa buong taon, tuwing kailan kayo nakakahuli ng pawikan?

Buwan (month/s of the year)	Bilang ng pawikan na nahuhuli	Lugar saan nahuhuli		Laki ng pawikan na nahuhuli	Ginagawa ng pawikan nung nahuli	Uri ng pawikan na nahuhuli (species)	Iba pang komento
		Pangalan ng beach	Pangalan ng dagat				

23. Kapag may nahuhuling pawikan, ano ang ginagawa ditto?

☐ pinapakawalan

☐ dinadala sa pampang para... ☐ katayin ... { } lutoin { } ibenta [presyo { } pang regalo

☐ gawing alaga

☐ dalhin sa awtoridad

☐ iba pa _____

24. Alam po ba ninyo na ipinagbabawal ang paghuli at pagkatay ng pawikan?

☒ oo ☐ hindi

25. Anong ahensiya po ang alam ninyong nagpapatupad ng mga batas na ito?

☒ DENR ☒ Fisheries ☐ Pulis/Militar ☐ Mayor/LGU ☐ iba pa

26. Napapatupad ba ang mga batas dito tungkol sa pawikan? ☒ oo ☐ hindi

27. May alam po ba kayo na nahuli at naparusahan dahil sa paglabag sa mga batas ukol sa pawikan?

() meron (✓) wala

28. Ano po ang nadinig/nalaman ninyong kaparusahang ipinataw?

NA

29. Sa inyong palagay, mahalaga ba na ipagbawal ang pagkatay/paghuli/pagbenta ng mga pawikan?

(✓) oo () hindi

30. Bakit po kaya?

Sapagkat kinailangan ito protektahan, nakakatatulong sa trad

6. Angkan (pinagmulan ng lahi) Tagalog
7. Hanap buhay Pangingisda
8. Tirahan Sb. Maasin
9. May sariling bangka (☒) meron (☒ wala (☒ nagrerenta
10. Klase ng bangka (☒ de-motor () de-sagwan () iba pa
11. Laki ng bangka (metro?) 20 ft Bilang ng taong pwedeng sumakay 4
12. Uri/klase ng pangingisda (fishing operation) Kawil
13. Oras/panahon ng pangingisda 4pm/3am buong taon basta maganda ang panahon
14. Lugar kung saan nangingisda Palawan
15. Nakakita na po ba kayo ng pawikan? (☒ oo () hindi
16. Sa buong taon, tuwing kailan kayo nakakakita ng pawikan?

Buwan (month/s of the year)	Bilang ng pawikan na nakikita	Lugar saan nakikita		Laki ng pawikan na nakikita	Ginagawa ng pawikan nung nakita	Uri ng pawikan na nakikita (species)	Iba pang komento
		Pangalan ng beach	Pangalan ng dagat				
Oct./Nov.	2		Municipal				
Dec.			Watas	10 inches	lumlumang	green	
April/ May			Palawan			sea	

17. Sa inyong palagay, ang dalas po ba ng mga nakikitang pawikan ay:

() dumadami (☒ umu-unti () di nagbago

18. Sa inyong palagay, ano kaya ang dahilan nito?

meron po hanghuhuli ng pawikan

19. Kapag may nakikitang pawikan, ano po ang ginagawa ninyo?

☒ hinahayaan lang

☐ hinuhuli at ... ☐ kinakatay ☐ ginagawang alaga ☐ inirereport o dinadala
sa awtoridad

☐ iba pa _____

20. May pagkakataon na po ba na may nahuli kayong pawikan sa inyong pangingisda?

☐ meron ☒ wala

21. Sa anong paraan ng pangingisda mas may nahuhuling pawikan?

NA

22. Sa buong taon, tuwing kailan kayo nakakahuli ng pawikan?

Buwan (month/s of the year)	Bilang ng pawikan na nahuhuli	Lugar saan nahuhuli		Laki ng pawikan na nahuhuli	Ginagawa ng pawikan nung nahuli	Uri ng pawikan na nahuhuli (species)	Iba pang komento
		Pangalan ng beach	Pangalan ng dagat				

23. Kapag may nahuhuling pawikan, ano ang ginagawa ditto?

☐ pinapakawalan

☐ dinadala sa pampang para ... ☐ katayin ... ☐ lutuin ☐ ibenta [presyo ☐] pang regalo

☐ gawing alaga

☐ dalhin sa awtoridad

☐ iba pa _____

24. Alam po ba ninyo na ipinagbabawal ang paghuli at pagkatay ng pawikan?

☒ oo

☐ hindi

25. Anong ahensiya po ang alam ninyong nagpapatupad ng mga batas na ito?

☐ DENR ☒ Fisheries ☐ Pulis/Militar ☐ Mayor/LGU ☐ iba pa

26. Napapatupad ba ang mga batas dito tungkol sa pawikan? ☒ oo ☐ hindi

27. May alam po ba kayo na nahuli at naparusahan dahil sa paglabag sa mga batas ukol sa pawikan?

() meron (✓) wala

28. Ano po ang nadinig/nalaman ninyong kaparusahang ipinataw?

29. Sa inyong palagay, mahalaga ba na ipagbawal ang pagkatay/paghuli/pagbenta ng mga pawikan?

(✓) oo () hindi

30. Bakit po kaya?

- mahalaga po dahil endangered na ang mga ito dahil nang umuun ang hindi pangbabawal ang paghuli nito.
- kumukunti na po ang bilang nito kaya dapat na ipagbawal

ANNEX A. INTERVIEW FORM

(Habitat survey, nesting/sighting verification, pressure-state-response)

1. Petsa ng Interview: May 11, 2012

13. Oras/panahon ng pangingisda kala 4 na araw
14. Lugar kung saan nangingisda municipal waters mangrove Palawan
15. Nakakita na po ba kayo ng pawikan? (✓) oo () hindi
16. Sa buong taon, tuwing kailan kayo nakakakita ng pawikan?

Buwan (month/s of the year)	Bilang ng pawikan na nakikita	Lugar saan nakikita		Laki ng pawikan na nakikita	Ginagawa ng pawikan nung nakita	Uri ng pawikan na nakikita (species)	Iba pang komento
		Pangalan ng beach	Pangalan ng dagat				
Mayo	1	Argasas Palawan		40 cm ang kata	50 mab + sa lambat	gnoem 300 kila	

17. Sa inyong palagay, ang dalas po ba ng mga nakikitang pawikan ay:

(✓) dumadami () umu-unti () di nagbago

18. Sa inyong palagay, ano kaya ang dahilan nito?

Kasi pinagbabawal ang paghuli.

19. Kapag may nakikitang pawikan, ano po ang ginagawa ninyo?

☒ hinahayaan lang

☐ hinuhuli at ... ☐ kinakatay ☐ ginagawang alaga ☐ inirereport o dinadala sa awtoridad

☐ iba pa _____

20. May pagkakataon na po ba na may nahuli kayong pawikan sa inyong pangingisda?

☐ meron ☒ wala

21. Sa anong paraan ng pangingisda mas may nahuhuling pawikan?

22. Sa buong taon, tuwing kailan kayo nakakahuli ng pawikan?

Buwan (month/s of the year)	Bilang ng pawikan na nahuhuli	Lugar saan nahuhuli		Laki ng pawikan na nahuhuli	Ginagawa ng pawikan nung nahuli	Uri ng pawikan na nahuhuli (species)	Iba pang komento
		Pangalan ng beach	Pangalan ng dagat				

23. Kapag may nahuhuling pawikan, ano ang ginagawa ditto?

☒ pinapakawalan

☐ dinadala sa pampang para... ☐ katayin ... ☐ lutuin ☐ ibenta [presyo { } pang regalo

☐ gawing alaga

☐ dalhin sa awtoridad

☐ iba pa _____

24. Alam po ba ninyo na ipinagbabawal ang paghuli at pagkatay ng pawikan?

☒ oo

☐ hindi

25. Anong ahensiya po ang alam ninyong nagpapatupad ng mga batas na ito?

☐ DENR ☐ Fisheries

☒ Pulis/Militar

☐ Mayor/LGU

☐ iba pa

26. Napapatupad ba ang mga batas dito tungkol sa pawikan? ☒ oo

☐ hindi

27. May alam po ba kayo na nahuli at naparusahan dahil sa paglabag sa mga batas ukol sa pawikan?

() meron (✓) wala

28. Ano po ang nadinig/nalaman ninyong kaparusahang ipinataw?

29. Sa inyong palagay, mahalaga ba na ipagbawal ang pagkatay/paghuli/pagbenta ng mga pawikan?

(✓) oo () hindi

30. Bakit po kaya?

Dahil ang pawikan ay kumakabit sa
damong dagat at naghihiwalay sa corals

30. Bakit po kaya?

bagay, nakakagawa, tumutonti na, tumutulong sa
nalulund.

ANNEX A.1 HABITAT ASSESSMENT AND EVALUATION

- Date of Assessment: May 12, 2022
- Location: So Masin, Brgy Puyodmon, Mamburao, Occidental Mindoro
- GPS Coordinates: 51P 242026 1460260
- Description of Sand: ☒ black/gray ☐ white ☐ mixed ☐ others _____
☒ fine ☐ coarse ☐ with coral rubble ☐ mixed with soil
 Other findings: _____

- Beach Vegetation (list species in table below):

Beach Morning Glory	Talisay
Aroma	Spinifex
Acacia Anti	
Coconut	
Talibib	

- Beach Measurements:

Details	Measurement (meters)	GPS Coordinates
Beach length* (measure perpendicular length of marine turtle nest to the highest tide mark)	2650	51P 240952 1460380 51P 243431 1459941
Beach width (measure parallel length of beach on two points, noting only areas as possible nesting ground)	5-10	

* NOTE: Add more rows if more than one nest was reported along same beach

- Nesting Abundance: pu
- Marine turtle tracks seen during visit: ☐ yes ☒ no
- Number of complete track/s (tracks coming up the beach & going down): _____
- Number of incomplete track/s (tracks either coming up the beach only or going down only): _____
- Marine turtle track details: Outer track width (cm): _____
Inner track width (cm): _____
- Marine turtle nest/s seen during visit: ☐ yes ☒ no
If yes, number of active nest/s: _____ number of inactive/old nest/s: _____
- With signs of predation: ☒ yes ☐ no
If yes, identification of possible predator: Dogs / Poachers
- Marine turtle hatchling tracks seen during visit: ☐ yes ☒ none
- Marine turtle eggs seen: ☐ yes ☐ yes, but no signs of development ☒ none
- Marine turtle egg shells seen: ☐ yes ☒ none

Other Observations during visit:

Fences along the coastline was observed, Incurrence of illegal settlers and infrastructures was also notice within the marine zone.
Presence of Dogs in the area may also disturb the Marine Turtle Nesting Site.

May 02, 2022

HON. ROMEO P. MEDALLO
Barangay Chairperson
Fatima, Mamburao, Occidental Mindoro

Dear Chairperson,

Good day!

This has reference to the target of DENR CENRO Sablayan for CY 2022 on *the Population, Habitat Monitoring and Protection of Priority Threatened Species*.

This activity will enhance the conservation and protection of marine turtles and its habitats by conducting orientation, interview and monitoring of marine turtle nesting sites and their habitats within the jurisdiction of this office.

In this regard, we are planning to conduct the said activity at the beach stretch of Fatima on the following schedule:

Date	Time	Activity
May 5, 2022	1:00-5:00 pm	Orientation & Interview
May 5-6, 2022	8:00 pm- 2:00 am	Site monitoring

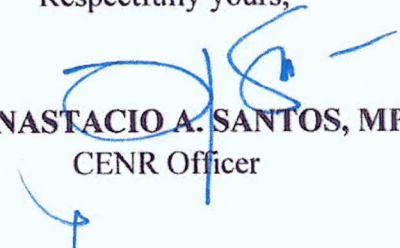

May we respectfully request your assistance in the conduct of activities on the mentioned date. Should you have any queries, kindly contact Mr. Joseph Mateo through his mobile number (09154198530).

We are looking forward for your utmost consideration and constant support in the protection and conservation for our environment and natural resources.

Thank you very much and more power!

Received by:
Johnny I. Vilbes
5-4-22

Respectfully yours,

FOR. ANASTACIO A. SANTOS, MPA
CENR Officer

ANNEX A. INTERVIEW FORM

(Habitat survey, nesting/sighting verification, pressure-state-response)

1. Petsa ng Interview: May 06, 2022
2. Lugar: Brgy. Fatima
3. Tagatugon (respondent)
4. Pangalan Rico Aguilar Edad 36
5. Kasarian (☒) Lalaki () Babae Status () single (☒) may asawa (bilang ng anak 0)
6. Angkan (pinagmulan ng lahi) Mabuhay / Isthmian Tagalog
7. Hanap buhay laborer / fisherman
8. Tirahan Brgy. Fatima
9. May sariling bangka () meron (☒) wala () nagrerenta
10. Klase ng bangka () de-motor () de-sagwan () iba pa
11. Laki ng bangka (metro?) 14 ft. Bilang ng taong pwedeng sumakay 3
12. Uri/klase ng pangangisda (fishing operation) lambat
13. Oras/panahon ng pangangisda 4 AM / tag-araw at tag-dilim kaping magaling panahon
14. Lugar kung saan nangangisda Municipal Waters
15. Nakakita na po ba kayo ng pawikan? (☒) oo () hindi
16. Sa buong taon, tuwing kailan kayo nakakakita ng pawikan?

Buwan (month/s of the year)	Bilang ng pawikan na nakikita	Lugar saan nakikita		Laki ng pawikan na nakikita	Ginagawa ng pawikan nung nakita	Uri ng pawikan na nakikita (species)	Iba pang komento

Barangay Chairperson
Balansay, Mamburao, Occidental Mindoro

Dear Chairperson,

Good day!

This has reference to the target of DENR CENRO Sablayan for CY 2022 on *the Population, Habitat Monitoring and Protection of Priority Threatened Species*.

This activity will enhance the conservation and protection of marine turtles and its habitats by conducting orientation, interview and monitoring of marine turtle nesting sites and their habitats within the jurisdiction of this office.

In this regard, we are planning to conduct the said activity at the beach stretch of Balansay on the following schedule:

Date	Time	Activity
May 11, 2022	1:00-5:00 pm	Orientation & Interview
February 11-12, 2022	8:00 pm- 2:00 am	Site monitoring

May we respectfully request your assistance in the conduct of activities on the mentioned date. Should you have any queries, kindly contact Mr. Joseph Mateo through his mobile number (09154198530).

We are looking forward for your utmost consideration and constant support in the protection and conservation for our environment and natural resources.

Thank you very much and more power!

Respectfully yours,

25. Anong ahensiya po ang alam ninyong nagpapatupad ng mga batas na ito?

☒ DENR ☒ Fisheries ☐ Pulis/Militar ☒ Mayor/LGU ☐ iba pa

26. Napapatupad ba ang mga batas dito tungkol sa pawikan? ☒ oo ☐ hindi

27. May alam po ba kayo na nahuli at naparusahan dahil sa paglabag sa mga batas ukol sa pawikan?

☒ meron () wala

28. Ano po ang nadinig/nalaman ninyong kaparusahang ipinataw?

N/A

29. Sa inyong palagay, mahalaga ba na ipagbawal ang pagkatay/paghuli/pagbenta ng mga pawikan?

☒ oo () hindi

30. Bakit po kaya?

Nakakantulay po ang pawikan sa mga tao kapag nalunot.
Naniniwala din po sila na kapag nagkanta ng pawikan
ay kolokanti ang nahuhuling isda.

ANNEX A. INTERVIEW FORM

(Habitat survey, nesting/sighting verification, pressure-state-response)

1. Petsa ng Interview: May 05, 2022
2. Lugar: Talabaan, Mamburao
3. Tagatugon (respondent)
4. Pangalan Allen Urbano Edad 38
5. Kasarian ☒ Lalaki ☐ Babae Status ☐ single ☒ may asawa {bilang ng anak 3}
6. Angkan (pinagmulan ng lahi) Tagalog
7. Hanap buhay Pangingisda
8. Tirahan Talabaan, Mamburao
9. May sariling bangka ☒ meron ☐ wala ☐ nagrerenta
10. Klase ng bangka ☒ de-motor ☐ de-sagwan ☐ iba pa
11. Laki ng bangka (metro?) 6 m Bilang ng taong pwedeng sumakay 2
12. Uri/klase ng pangingisda (fishing operation) lambat / kawi
13. Oras/panahon ng pangingisda (Buono) Tag-araw
14. Lugar kung saan nangingisda Mamburao Municipal Water
15. Nakakita na po ba kayo ng pawikan? ☒ oo ☐ hindi
16. Sa buong taon, tuwing kailan kayo nakakakita ng pawikan?

Buwan (month/s of the year)	Bilang ng pawikan na nakikita	Lugar saan nakikita		Laki ng pawikan na nakikita	Ginagawa ng pawikan nung nakita	Uri ng pawikan na nakikita (species)	Iba pang komento
		Pangalan ng beach	Pangalan ng dagat				
May	1	Talabaan		80 cm	hanga Kumakain ng Isda	Green Sea turtle	
Marso	5	Talabaan		80 cm - 100 cm	lumalangoy Kumakain	Blue Green Sea	

17. Sa inyong palagay, ang dalas po ba ng mga nakikitang pawikan ay:

☒ dumadami ☐ umu-unti ☐ di nagbago

18. Sa inyong palagay, ano kaya ang dahilan nito?

Matamang Unitlog

19. Kapag may nakikitang pawikan, ano po ang ginagawa ninyo?

☐ hinahayaan lang

☐ hinuhuli at ... ☐ kinakatay ☐ ginagawang alaga ☐ inirereport o dinadala sa awtoridad

☐ iba pa kinukuha ang itlog / pinapakawalan ang ina

20. May pagkakataon na po ba na may nahuli kayong pawikan sa inyong pangingisda?

☒ meron ☐ wala

21. Sa anong paraan ng pangingisda mas may nahuhuling pawikan?

Lambot (nagisa ang lambot)

22. Sa buong taon, tuwing kailan kayo nakakahuli ng pawikan?

Buwan (month/s of the year)	Bilang ng pawikan na nahuhuli	Lugar saan nahuhuli		Laki ng pawikan na nahuhuli	Ginagawa ng pawikan nung nahuli	Uri ng pawikan na nahuhuli (species)	Iba pang komento
		Pangalan ng beach	Pangalan ng dagat				
	1	Talabaan		1 metro	Kumakain sa lambot	Green Sea Turtle	

23. Kapag may nahuhuling pawikan, ano ang ginagawa ditto?

☒ pinapakawalan

☐ dinadala sa pampang para ... ☐ katayin ... ☐ lutuin ☐ ibenta [presyo { } pang regalo

☐ gawing alaga

☐ dalhin sa awtoridad

☐ iba pa _____

24. Alam po ba ninyo na ipinagbabawal ang paghuli at pagkatay ng pawikan?

☒ oo

☐ hindi

25. Anong ahensiya po ang alam ninyong nagpapatupad ng mga batas na ito?

☐ DENR ☒ Fisheries ☐ Pulis/Militar ☐ Mayor/LGU ☐ iba pa

26. Napapatupad ba ang mga batas dito tungkol sa pawikan? ☒ oo ☐ hindi

27. May alam po ba kayo na nahuli at naparusahan dahil sa paglabag sa mga batas ukol sa pawikan?

() meron (/) wala

28. Ano po ang nadinig/nalaman ninyong kaparusahang ipinataw?

N/A

29. Sa inyong palagay, mahalaga ba na ipagbawal ang pagkatay/paghuli/pagbenta ng mga pawikan?

(/) oo () hindi

30. Bakit po kaya?

Malas kapag nagkakatey

ANNEX A. INTERVIEW FORM

(Habitat survey, nesting/sighting verification, pressure-state-response)

- Petsa ng Interview: May 5 2002
- Lugar: Progon, ~~Talabanan~~, Talabanan
- Tagatugon (respondent):
- Pangalan Charlita Escutera Edad _____
- Kasarian () Lalaki () Babae Status () single () may asawa () bilang ng anak
3
- Angkan (pinagmulan ng lahi) Bisaya
- Hanap buhay mangingisda
- Tirahan progon talabanan
- May sariling bangka () meron () wala () nagrerenta
- Klase ng bangka () de-motor () de-sagwan () iba pa
- Laki ng bangka (metro?) 10 Bilang ng taong pwedeng sumakay
2
- Uri/klase ng pangingisda (fishing operation) lambot, karil sa bakas
- Oras/panahon ng pangingisda regular depende sa panahon
- Lugar kung saan nangingisda nangalaga matars
- Nakakita na po ba kayo ng pawikan? () oo () hindi
- Sa buong taon, tuwing kailan kayo nakakakita ng pawikan?

Buwan (months of the year)	Bilang ng pawikan na nakikita	Lugar saan nakikita		Laki ng pawikan na nakikita	Ginagawa ng pawikan nung nakita	Uri ng pawikan na nakikita (species)	Iba pang komento
		Pangalan ng beach	Pangalan ng dagat				
Nov, Dec.	marang na	marang matars	matars	45 cm	naglalaga	marang	

17. Sa inyong palagay, ang dalas po ba ng mga nakikitang pawikan ay:

() dumadami () umu-unti () di nagbago

18. Sa inyong palagay, ano kaya ang dahilan nito?

maganda sa ang kalayaan

19. Kapag may nakikitang pawikan, ano po ang ginagawa ninyo?

☒ hinahayaan lang

☐ hinuhuli at ... ☐ kinakatay ☐ ginagawang alaga ☐ inirereport o dinadala
sa awtoridad

☐ iba pa _____

20. May pagkakataon na po ba na may nahuli kayong pawikan sa inyong pangingisda?

☐ meron ☒ wala

21. Sa anong paraan ng pangingisda mas may nahuhuling pawikan?

22. Sa buong taon, tuwing kailan kayo nakakahuli ng pawikan?

Buwan (month/s of the year)	Bilang ng pawikan na nahuhuli	Lugar saan nahuhuli		Laki ng pawikan na nahuhuli	Ginagawa ng pawikan nung nahuli	Uri ng pawikan na nahuhuli (species)	Iba pang komento
		Pangalan ng beach	Pangalan ng dagat				

23. Kapag may nahuhuling pawikan, ano ang ginagawa ditto?

☐ pinapakawalan

☐ dinadala sa pampang para... ☐ katayin ... ☐ lutuin ☐ ibenta [presyo ☐ pang regalo

☐ gawing alaga

☐ dalhin sa awtoridad

☐ iba pa _____

24. Alam po ba ninyo na ipinagbabawal ang paghuli at pagkatay ng pawikan?

☒ oo

☐ hindi

25. Anong ahensiya po ang alam ninyong nagpapatupad ng mga batas na ito?

☐ DENR ☐ Fisheries ☐ Pulis/Militar

☒ Mayor/LGU ☐ iba pa

26. Napapatupad ba ang mga batas dito tungkol sa pawikan? ☒ oo ☐ hindi

27. May alam po ba kayo na nahuli at naparusahan dahil sa paglabag sa mga batas ukol sa pawikan?

() meron (✓) wala

28. Ano po ang nadinig/nalaman ninyong kaparusahang ipinataw?

29. Sa inyong palagay, mahalaga ba na ipagbawal ang pagkatay/paghuli/pagbenta ng mga pawikan?

(✓) oo () hindi

30. Bakit po kaya?

para mapaluzan ang marine ecosystem

30. Bakit po kaya?

Pinapatupad ng DEPR

ANNEX A.1 HABITAT ASSESSMENT AND EVALUATION

1. Date of Assessment: May 4-5, 2022
2. Location: Talabagan, Mamburao, Occidental Mindoro
3. GPS Coordinates: 51P 248555 1454387
4. Description of Sand: ☒ black/gray ☐ white ☐ mixed ☐ others _____
☒ fine ☐ coarse ☐ with coral rubble ☐ mixed with soil
 Other findings: _____

5. Beach Vegetation (list species in table below):

<u>Alagad</u>	<u>Talabhib</u>
<u>Aroma</u>	<u>Spinifex</u>
<u>Talisay</u>	
<u>Pandan</u>	
<u>Beach Morning Glory</u>	

6. Beach Measurements:

Details	Measurement (meters)	GPS Coordinates
Beach length* (measure perpendicular length of marine turtle nest to the highest tide mark)	<u>2900</u>	<u>51P 247686 1455528</u> <u>51P 248914 1453166</u>
Beach width (measure parallel length of beach on two points, noting only areas as possible nesting ground)	<u>15 - 25</u>	

* NOTE: Add more rows if more than one nest was reported along same beach

7. Nesting Abundance:
8. Marine turtle tracks seen during visit: ☐ yes ☒ no
9. Number of complete track/s (tracks coming up the beach & going down): None
10. Number of incomplete track/s (tracks either coming up the beach only or going down only): none
11. Marine turtle track details: Outer track width (cm): _____
Inner track width (cm): _____
12. Marine turtle nest/s seen during visit: ☐ yes ☒ no
If yes, number of active nest/s: _____ number of inactive/old nest/s: _____
13. With signs of predation: ☒ yes ☐ no
If yes, identification of possible predator: dogs / egg poaching
14. Marine turtle hatchling tracks seen during visit: ☐ yes ☒ none
15. Marine turtle eggs seen: ☐ yes ☐ yes, but no signs of development ☒ none
16. Marine turtle egg shells seen: ☐ yes ☒ none

Other Observations during visit:

Presence of beach fences in some area may hinder the marine turtle to establish its nesting site

PMF Noriel M. Dulatre

SUBJECT : **ACCOMPLISHMENT REPORT FOR THE PERIOD OF MAY 4-6, 2022**

In compliance with Travel Order # 61-1967 and 61-1968 for the period of May 4-6, 2022, the following activities re: Monitoring of Marine Turtle Nesting Sites has been accomplished:

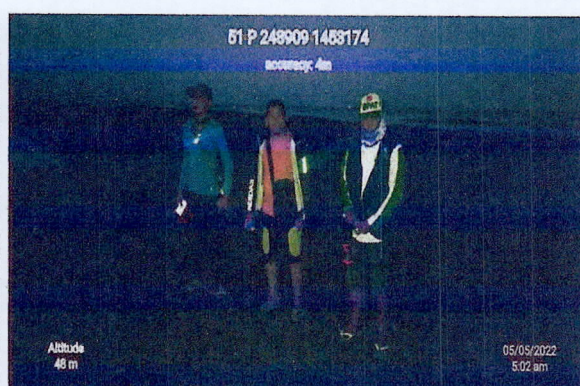

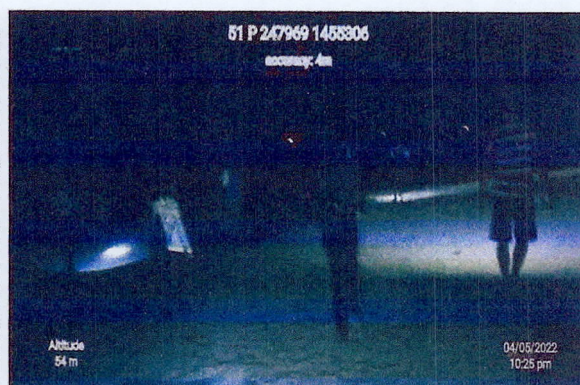

DATE	DESTINATION	ACCOMPLISHMENT
May 4-5, 2022	Brgy. Talabaan, Mamburao, Occidental Mindoro	*Conducted orientation and interview with the Brgy Officials and fisherfolks re conservation, laws implemented, marine turtle identification, filling-up the marine turtle nest evaluation form and marine turtle tagging form. During the interview, the fisherfolks shared sentiments that the marine turtle (pawikan) have been affecting their fishing activity especially in their nets. *Monitored the beach stretch of the said barangay but no active nest nor turtle tracks were found.
May 5-6, 2022	Brgy. Fatima, Mamburao, Occidental Mindoro	*Conducted orientation and interview with the Brgy Officials and fisherfolks re conservation, laws implemented, marine turtle identification, filling-up the marine turtle nest evaluation form and marine turtle tagging form. During the interview, the fisherfolks shared sentiments that the marine turtle (pawikan) have been affecting their fishing activity especially in their nets. *Monitored the beach stretch of the said barangay but no active nest nor turtle tracks were found.

For information and record.

Mamburao, Occidental Mindoro

THRU : The OIC, Technical Services Division

FROM : The Park Maintenance Foreman

SUBJECT : **SUBMISSION OF AFTER TRAVEL REPORT ON
THE CONDUCTED MARINE TURTLE
MONITORING WITHIN CENRO SAN JOSE
AREA OF JURISDICTION**

Submitted herewith the after travel report of the undersigned dated May 11-13, 2022 on the conducted monitoring of Marine turtle within the vicinities of Brgy. Concepcion and Iriron, Calintaan, Occidental Mindoro. The activities are as follows:

Date	Location	Activity	Accomplishment
May 12, 2022	Municipal Hall of Calintaan, Occidental Mindoro	Meeting with MPDO of Calintaan	Participated on the conducted meeting with the MPDO of Municipality of Calintaan, Occidental Mindoro with regards to setting up of schedule and arrangement to the incoming activities in celebration for the month of the ocean
May 13, 2022	Brgy. Iriron, Calintaan, Occidental Mindoro	Focus Group Discussion (FGD) with Pawikan Patroller	Participated on the conducted FGD with the Pawikan Patroller
	Brgy. Concepcion, Calintaan, Occidental Mindoro	Focus Group Discussion (FGD) with Pawikan Patroller	Participated on the conducted FGD with the Pawikan Patroller including setting up of schedule on the incoming activities in celebration for the month of the ocean.

Pawikan Patroller of Brgy. Iriron and Concepcion were mostly from the volunteer and Barangay Officials of the above mentioned Barangay of Calintaan, Occidental Mindoro. This was trained and capacitated by the CENRO San Jose in proper handling, tagging and reporting of marine turtle. Means of reporting and

Republic of the Philippines
Department of Environment and Natural Resources
MIMAROPA -REGION
PROVINCIAL ENVIRONMENT AND NATURAL RESOURCES OFFICE

communication from the Pawikan Patroller was thru the use of group chat in social media via messenger, initiated and administered by CENRO San Jose-Conservation and Development Unit (CDU). Based on the results of FGD and available data gathered by CENRO San Jose including feedback from the local residents and patrollers, laying eggs of marine turtle on the area usually occur starting from September to December.

Please see attached geotag photo documentation of the activities conducted.

For your information and further instruction.
