MEMORANDUM

FOR : The Regional Executive Director
MIMAROPA Region

THRU : The Assistant Regional Director
for Technical Services

FROM : The In-Charge, PENR Office
Odiongan, Romblon

SUBJECT : ACCOMPLISHMENT REPORT ON THE COMMUNICATION,
EDUCATION AND PUBLIC AWARENESS (CEPA) PROGRAM
UNDER THE PRODUCTION AND DISTRIBUTION OF
CUSTOMIZED MUGS AND T-SHIRTS OF CALSANAG
WATERSHED FOREST RESERVE LOCATED AT TABLAS
ISLAND, ROMBLON, 2ND QUARTER, C.Y. 2022

Respectfully submitting is the accomplishment report on the Communication, Education and Public Awareness (CEPA) Program under the production and distribution of customized mugs and T-shirts of CALSANAG Watershed Forest Reserve located at Tablas Island, Romblon, C.Y. 2022.

Accordingly, this Office produced and distributed five-hundred (500) pieces of customized mugs and T-shirts for its key stakeholders particularly located at the Municipalities of Calatrava, San Andres and San Agustin, Romblon. The said CEPA materials aimed to heighten environmental awareness and mobilize collaborative action from all concerned partners particularly in terms of biodiversity conservation and sustainable development of this protected area.

HIGHLIGHTS

Communication, Education and Public Awareness Advocacy Program

Production and Distribution of Customized Mugs & T-Shirts

CALSANAG Watershed Forest Reserve

Calatrava, San Andres and San Agustin, Romblon

I. BACKGROUND

The passage of Republic Act No. 7586 otherwise known as the “National Integrated Protected Areas System Act of 1992” as amended by Republic Act No. 11038 otherwise known as the “Expanded National Integrated Protected Areas System Act of 2018” specifies that it is a policy of the state to recognize the critical importance of protecting and maintaining the natural biological and physical diversities of the environment notably on areas with biologically unique features to sustain human life and development, as well as plant and animal life.

In Tablas Island, Romblon, CALSANAG Watershed Forest Reserve (CWFR) identified as initial component under National Integrated Protected Areas System (NIPAS). On recent studies and assessments, this protected area possessed distinct flora and fauna with ecotourism potentials. With these, all resources found therein shall be sustainably developed, utilized and managed in accordance with the relevant national and local laws, rules and regulations.

Accordingly, CWFR-PAMB adopted PA Management Plan in 2017. One of the identified management strategies, interventions, and activities is to engage community members in the development of information and education materials and conduct of on-site community organizing to develop them as partners in the conservation efforts based on the result of biodiversity assessment reports.

Based on 2020 Revised CWFR-PAMB Manual of Operations, a certain committee created regarding communication, education and public awareness and partnership development. One of the mandates of this committee is to support PA Advocacy Program that includes IEC production/ distribution and the hiring of communication staff.

The related policies are DENR Administrative Order No. 2016-12 "Adopting the Philippine Biodiversity Strategy and Action Plan (PBSAP) Yr. 2015-2028" and the 2020-2022 CEPA Medium-Term Plan Yr. 2020-2022. Also, the UN Decade on Ecosystem Restoration, Yr. 2021-2030; and the PBSAP Target No. 18 which states that "By 2028, there will be a 10% annual increase from the 2015 baseline in the number of schools, POs, media organizations, LGU, private companies, policymakers, government offices that are aware and supportive of biodiversity, its importance, threats and benefits of protecting it."

In order to realize the above mandates, the CWFR-Protected Area Management Board (PAMB) through Protected Area Management Office (PAMO) implemented various thrusts as provided in

the PA Management Plan specifically the 2022 WFP on Communication, Education and Public Awareness (CEPA) program of this protected area.

II. OBJECTIVES & GOALS

Primarily, effective and efficient implementation of this year's Communication, Education and Public Awareness (CEPA) Program intended for key stakeholder's awareness and action for biodiversity conservation of CALSANAG Watershed Forest Reserve in Tablas Island, Romblon.

Specifically:

- 1.) Production of customized mugs and T-shirts showing the unique and threatened species found in the protected area;
- 2.) Distribution or dissemination of this CEPA materials to its key stakeholders particularly in the Municipalities of Calatrava, San Andres and San Agustin, Romblon; and
- 3.) Mobilization of key stakeholders for the collaborative action especially concerned LGUs in promoting biodiversity conservation and sustainable development.

III. STRATEGIES & PROCESSES/ METHODS

Production of CALSANAG WFR-CEPA Customized Mugs and T-Shirts:

The CWFR through its PAMO facilitated the production of this particular CEPA materials showing the threatened species found in this protected area and secondly, distributed or/ disseminated these materials to its key partners/ stakeholder's like national agencies, CSO's, concerned local government units in the Provincial and Municipal level and the involved local communities.

IV. RESULTS

Through the implementation of this CEPA program, the concerned key stakeholders in particular the Municipal LGU's of Calatrava, San Andres and San Agustin, Romblon recognized the continued effort of this Office on its shared responsibilities in sustaining the efforts of protecting, conserving and managing all biological resources found threat for the future generations.

Based on this particular conservation effort, this Office produced and distributed two hundred-fifty (250) pieces of customized mugs and another two hundred-fifty pieces of customized T-shirts to its stakeholders showing the key species protected within CALSANAG Watershed Forest Reserve located at Tablas Island, Romblon.

Note: For the complete details of the said distribution, please see attached **Acknowledgement Slip**.

V. FUNDING

The expenses incurred for the production and distribution on CWFR- CEPA Customized Mugs and T-Shirts funded under Second Quarter of WFP 2022.

VI. PLAN & SUSTAINABILITY

Expectedly, all concerned key stakeholders shall recognized their specific roles, mandates and responsibilities in sustaining the efforts on biodiversity conservation and protected area management through this enabling tool by producing CEPA materials that could heighten the level of environmental awareness and continued commitment specifically the local communities in the Municipalities of Calatrava, San Andres and San Agustin, Romblon.

Further, this intervention absolutely helps in raising the LGU's and other stakeholders' to understand and appreciate the important values of biodiversity in particular its unique flora and fauna species and more importantly, mobilize collaborative action towards environmental protection, conservation and management of this protected area.
