MEMORANDUM

FOR : The Community Environment and
Natural Resources Officer

THRU : The OIC, Development Management Officer IV

FROM : Information Officer

SUBJECT : **ACCOMPLISHMENT REPORT RE: CELEBRATION OF
MONTH OF THE OCEAN.**

In connection with the celebration of Month of the Ocean with a theme “The Science We Need for the Ocean We Want”, the following activities were undertaken and conducted, to wit:

1. Coastal clean-up at Ursula Island Game Refuge and Bird Sanctuary; and
2. Coastal clean-up of CBNC Personnel at Ursula Island Game Refuge and Bird Sanctuary

Coral Bay Nickel Corporation (CBNC), led by the Environmental Management and Quality Control Section (EMQCS) in coordination with CENRO Brooke's Point, organized Month of the Ocean celebration on May 14, 2022. This event is held at Ursula Island Game Refuge and Bird Sanctuary (UIGRBS), Rio Tuba, Bataraza, Palawan. The event was attended by approximately fifty (50) active individuals from CBNC Community Relations (COMREL), General Affairs-Security, Stonewall Protective and Investigation Services Inc. (SPIS), Philippine Coast Guard (PCG)-Rio Tuba Sub-station, Local Government Unit-Rio Tuba (LGU-RT) and Protected Area Management Board (PAMB) Representatives.

CBNC Pollution Control Officer (PCO) and EMQCS General Supervisor, Mr. Jeb B. Badlon, officially opened the program by discussing how this event aims to highlight the importance and significance of conservation, protection, and sustainable management of our coastal and marine ecosystems.

Mr. Arnel R. Calinga, EMQCS Assistant and an Environmental Planner, discussed the sequence of activities. Participants started by happily picking up coastal debris around UIGRBS. SCUBASURERO (underwater debris collection) activity was also simultaneously done by licensed divers. Participants collected over hundred kilos of coastal and underwater debris from the island. Most of the debris collected is food wrappers, containers, glass and plastic beverage bottles, straws, and stirrers.

Mr. Randy C. Favila, EMQCS Senior Supervisor, led the renovation of the island's marine turtle hatchery fence to protect turtle eggs and hatchlings from predators.

Mouse trapping is also done by EMQCS Assistant Mr. Rey Jean Mark A. Daanoy, to maintain the island free from rodent infestation.

On May 21, 2022, members of the Protected Area Management Board of Ursula Island Game Refuge and Bird Sanctuary and CENRO Brooke's Point conducted coastal clean-up at UIGRBS. Forty eight participants from MENRO and MPDO Bataraza, Philippine Marines, PENRO CDS, Coral Bay Nickel Corporation, BACHRISMUPAL and CENRO Brooke's Point actively participated on the said event. A total of 4 sacks or estimated 20 kilos of non-biodegradable waste were collected in the area. Collected waste was then transferred to mainland Riotuba for proper disposal.
