CORON-CULION BRIDGE PROJECT

Sir/Madam:

Greetings!

This response to your cease-and-desist letter received on the last quarter of 2021. We hereby acknowledge the statement/declaration on the foregoing however, since this is the first time that the management has encountered this setback at work, may we allow the following affirmative statement for your kind consideration to wit:

Affirmative Statement

1. It was very unfortunate that the management was not informed by the job site that there was a reduction of some natural resources (trees) encompassing the project.
2. Certificate of Non-Compliance (CNC) was already secured and readily on hand to submit to your office
3. The project is part of the **BUILD, BUILD, BUILD** project of the Department of Public Works and Highways (DPWH)

We have now taken all measure to comply with your requirements as well as paying penalties for not complying on time. Thus, we are most willing to do community works like replanting tress etc., to gratify the lifting of cease-and-desist order to Coron Culion Bridge project-Palawan.

Your utmost consideration and generosity are highly appreciated.
