**FROM** : The In-Charge PENRO  
Oriental Mindoro

**SUBJECT** : **SUBMISSION OF REPORT ON THE AIRING OF DENR  
PROGRAMS ACTIVITIES AND SPECIAL EVENT  
CONDUCTED FOR THE MONTH OF MAY 2022**

Forwarded is the report of CENRO Socorro on the airing of conducted activity under Information, Education and Communication (IEC).

The radio program was named “Ka-Talk – Kalikasan Talk” which was initiated by Information Officer Charity Aguila-Linatoc. It highlighted the different activities conducted in observance with the 2022 Month of the Ocean where topics discussed were Ecological Solid Waste Management Act of 2022 and Marine Turtle Conservation. The said program was aired in Radyo Natin Vicotira (12:00nn-1:00pm timeslot) with 46minutes duration and was also broadcasted in facebook thru live streaming.

Attached is the report with photo documentation, for information and record.

## REPORT ON THE AIRING OF DENR PROGRAMS, ACTIVITIES AND SPECIAL EVENT CONDUCTED FOR THE MONTH OF MAY 2022

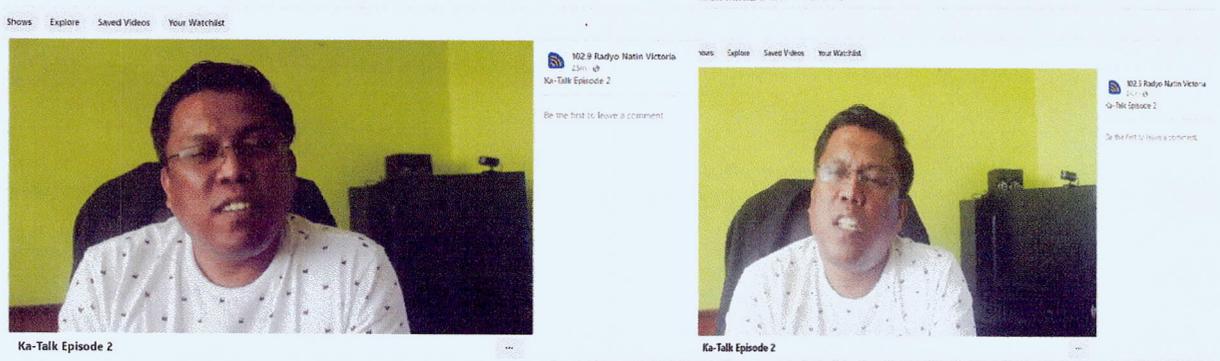

May 31, 2022

Consistency. People nowadays cannot be considered as uninformed and unaware of the existing laws and programs of the government. However, they need to be constantly reminded and updated on the laws, policies, programs and activities that the government is implementing for them to adopt, comply and support our goals. The use of social media is one of the economic and effective tool of communication to a large number of audience to deliver and convey our accomplishments and future plans for public service. The DENR CENRO Socorro fail not to utilize and seize the trend to deliver our programs and activities and reach out even to the far flung communities through the use of social media and radio broadcast.

On May 30, 2022, as part of our regular target under the IEC program *Develop, produce and disseminate media print, broadcast and audio-video materials*, we have successfully aired the DENR programs, activities and special event conducted for the Month of May year 2022. The program was aired for around 46 minutes in Radyo Natin Victoria (12:00NN-1:00PM *timeslot*). We have tagged the program as Kalikasan Talk (Ka-Talk) which was broadcasted on radio and FB Live hosted by Charity Aguila- Llnatoc and Darwin G. Arpia.

The main focus of this episode was the celebration of Month of the Ocean with the theme “Protect and Restore Ecosystems and Biodiversity”. CENRO Rodel M. Boyles highlighted on his message the importance of the ocean not only to human but to also other living beings and encourage the public to protect and support all the activities of the agency in support to the celebration of Month of the Ocean.

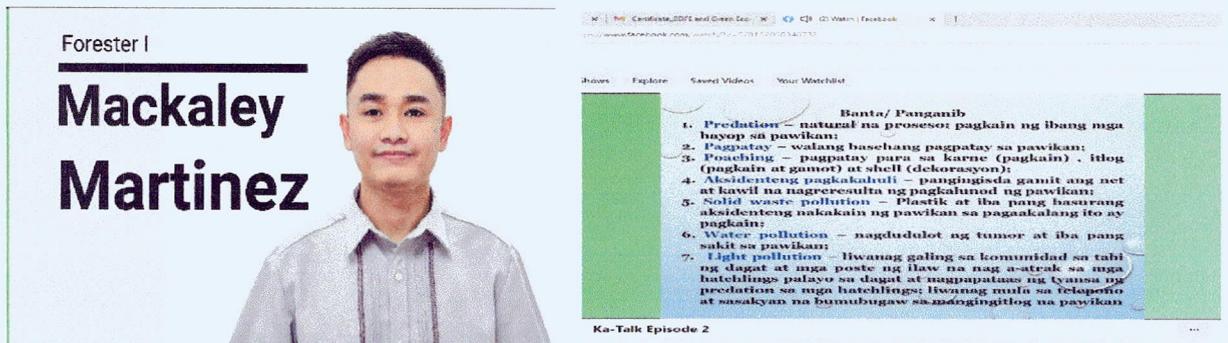

In accordance to the protection and conservation of the water bodies especially the ocean, EMS II Carlotta Levina R. Jugno discussed about Republic Act No. 9003, the Ecological Solid Waste Management Act of 2000. In general, she emphasized on the impact of compliance and violating the law on Solid Waste Management. She even quoted on the last part of her discussion that *“RECYCLING our organic waste products back to the Earth where they belong is not just a GOOD IDEA. It is A LAW OF NATURE THAT WE MUST NOT VIOLATE.”*

As it was tackled on the presentation of RA No. 9003 the effect of plastic not only on the water bodies but also to the existing marine lives, the presentation about Marine Turtle Conservation was delivered by Forester I Mackaley P. Martinez. He talked about the threats on the marine biodiversity and the counter measures of the Department through conservation and management activities being implemented and conducted by the DENR.

As we plan to reach out for more audience in the conduct of community education and public awareness, the same we wish to encourage more individuals to support our plea to protect our environment.

The audio-video material is still available and can be publicly viewed at Radyo Natin Victoria FB page.

For information and record.
