**FROM** : The Community Environment and  
Natural Resources Officer

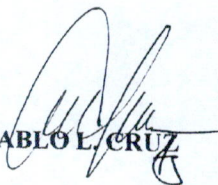

**SUBJECT** : **REQUEST FOR A SERVICE VEHICLE AND A MOTOR  
BOAT FOR OFFICIAL USE OF CENRO ROXAS, PALAWAN**

This has reference with our utmost desire that the Office can give readily available services to our clients and the community we are serving to certainly mobilize our personnel within our area of responsibility covering four (4) municipalities which include the two (2) mainland municipalities of Roxas and San Vicente, Palawan and two island municipalities of Dumaran and Araceli, Palawan.

I view of the foregoing and amidst the ongoing implementation of retrieval and rehabilitation activities under the Task Force Build Back Better (TFBBB) in the four severely damaged municipalities by typhoon "Odette", this Office is hereby respectfully requesting for a four-wheel service vehicle and a motor boat for the immediate dispatchment of our official work services and community assistance in the aforementioned municipalities.

Be it noted that our Office is one of the two (2) CENRO Offices in Palawan that is deprived of official four-wheel vehicle.

The CENRO Puerto Princesa covers six (6) municipalities in the province and one (1) highly urbanized city. The two areas under our area of jurisdiction are located in the mainland Palawan: the Municipality of Aborlan in the South of which 76.35% of its total land area is classified as Timberland; and the City of Puerto Princesa with 84.43% of its total land area is classified as Timberland.

It has become a challenge to conduct activities in relation to monitoring and enforcement, conservation and protection, land assessment, inspection, and IEC activities within our area of jurisdiction since we do not have service vehicles which can be used to mobilize personnel and reach communities within areas outside the public transport route.

In relation to this, may we request for one (1) unit of 4x4 Toyota Pick-up Truck or its equivalent vehicle to enable us to reach far-flung areas and communities to deliver services and ease in mobilization and one (1) unit truck for hauling of apprehended forest products.

For consideration and approval.
