RECORDS TO DENR-MIMAROPA

As part of the LMB Harmonization of Records Activity, respectfully turned-over herewith are additional **six (6)** boxes of survey records consisting of **forty-two thousand and four hundred ninety-one** sheets of lot data computations covering lots located in various parts of MIMAROPA, to wit:

BOX NO.	TOTAL NO. OF BOOKS	TOTAL NO. OF SHEETS
1	34	4,374
2	35	6,015
3	36	6,939
4	92	16,318
5	40	6,914

TOTAL	248	42,491

These records were saved from the fire that razed the LMB building last May 28, 2018 and converted into digital format and ready for uploading in LAMS.

We have conducted random verifications and comparison of these records with that of the records uploaded in your LAMS-MIMAROPA and it appears that there were no duplicates over the same.

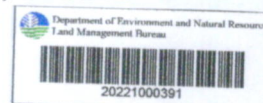

In view thereof, may we request that the digital records saved in external hard drive accompanying these paper records, be uploaded in LAMS and the paper (analog) records be properly inventoried, kept and maintained in a secured place.

Mr. Gerald Soriano, an employee of the Records and Knowledge Management Division (RKMD) LMB will coordinate with you and your Records Officer regarding the said turn over.

Attached herewith are the list of Lot Data Computations to be turned-over.
