THRU : The Chief, CDS  
FROM : Monitoring and Evaluation Officer  
SUBJECT : **REPORT ON THE CONDUCTED MEETING ON CBFM CARP 2018 PROJECT UNDER THE MANAGEMENT OF LIMINANGCONG FOREST MANAGEMENT ASSOCIATION (LIFMA) AT SITIO TULDUAN, BGY. LIMINANGCONG, TAYTAY, PALAWAN**

**DENR CENRO

Respectfully submitting is the report of the undersigned pertains to the above subject.

Please be informed that the CBFM-CARP 2018 project entitled "Fuel Wood with Orchard Plantation" was awarded to the People's organization of Liminangcong Forest Management Association (LIFMA) with the total area of 100 hectares that consist of various commodities such as Ipil-ipil, Kakawate, Gmelina, Narra, Ipil, Calamansi, Cacao, Guyabano, Coffee, Banana intercropped with Pineapple, Jackfruit, Dragon fruit, Corn and Vegetable crops.

On August 23, 2022, this office led by CENRO Alan L. Valle together with CDS Chief, Forester Clarissa P. Pador, OIC Chief, CBFM Unit, Zion S. Sunit and the undersigned conducted a meeting with the People's organization concerning their project. The CBFM Unit OIC-Chief discussed the result of 2<sup>nd</sup> quarter monitoring and the PO was again reminded of their unfinished project as well as the affected commodities that should be replaced and to maintain their plantation to achieve 80% survival rate in order for them to get their retention. CENRO Valle stressed that the PO should start immediately the planting of 2,000 Guyabano, 700 Jackfruit and 800 Calamansi in the 8.75 hectares remaining area to achieved the 100% accomplishment of the project.

Afterwards, PO chairman Nonita Bibat, raised some issues and concerns they encountered such as conflict with the Indigenous People, illegal buying/selling of land within CBFM and CARP area as well as the outbreak of covid-19 pandemic. According to them, these are the hindrances they faced thus the project is still in progress. They also raised the request of the barangay chairman of Liminangcong to obtain a portion of land within CBFM area to be allotted for the public cemetery and Material Recovery Facility (MRF). The CENRO then advised them to compile their complaints and submit a resolution in the office to process and file a suitable action for the aforementioned matters.

Despite of difficulties, the PO recommitted to finish the project thus the “KASUNDUAN” was signed in front of CENRO personnel by PO President, Nonita Bibat. Hence, the beneficiaries agreed to conduct the scheduled activities below for the completion of the said project;

Time Frame	Activity	Person Involved
August 26, 2022	Hauling of seedlings	PO
August 29 – October 28, 2022	Stripping and planting activity	PO
November 1 – 30, 2022	Replanting activity	PO
September 15-16/20-23/29-30, 2022 October 6-7/13-14/20-21/27-28, 2022 November 4/11/18/25, 2022	Monitoring of PO activities	MEO

On August 24, 2022, the monitoring team from region office consisting of Forest Management Bureau (FMB), DENR CARP National Coordinating Office (NCO), Presidential Agrarian Reform (PARC), accompanied by the representative from PENRO and CENRO visited the area of the said project. The conducted activity was for the validation of physical accomplishment and area development also for the validation of financial accomplishment and utilization. Hereafter, a dialogue between the monitoring team and people’s organization was held and tackled the issues and concerns encountered by the PO as their reasons why the project is not yet completed. The team from region advised them the proper process on how to file complaints to deal with these complications and reminded the PO that this is the last year of the project thus the organization is obligated to complete the remaining area for plantation and assure the 80% survival rate of planted commodities in order them to process the retention fee.

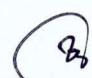

The PO’s still recommitted to finish the project, as they recommitted with the CENRO.

Attached is the signed “KASUNDUAN” and photo documentations of the said activity.

For information and record.
