**For: MMT Sampling Group**

- |   |   |
|---|---|
| 1. EMB MIMAROPA                         | - Team Leader                           |
| 2. Concerned Brgy. LGUs' representative | - Brgys. Rio Tuba, Sandoval, and Iwahig |
| 3. Company Representative/s             | - RTNMC / CBNC / GPI                    |

**Schedule: November 21– 27, 2022** (Monday - Sunday)

Please note that as a member of the MMT and MMT Sampling Group, your participation during the 3<sup>rd</sup> Quarter 2022 MMT validation and 4<sup>th</sup> Quarter 2022 Ambient Air and Water Sampling is vital, wherein the following shall be considered:

1. For the representatives of all concerned agencies, please bring your respective monitoring checklist and the permit/ clearances that your respective Offices issued to the company for reference.
2. For the companies, please ensure the availability of the following during the scheduled validation:
  - a. Updated working maps (shapefile/AutoCAD, pdf, and printed copy) showing, among others, the technical description/ coordinates of MPSA, SEP, TCP, active mining areas, siltation control structures, runoff workflow diagram, reforestation and rehabilitation areas, including NGP and MFP areas, and air and water sampling stations; Compliance Monitoring Report (CMR) – Module 7 for 3<sup>rd</sup> Quarter 2022 using the prescribed CMR form (Annex A of DAO 2015-02);
  - b. 3<sup>rd</sup> Quarter 2022 physical accomplishments and financial status reports for AEPEP including accomplishment reports on the 3<sup>rd</sup> Quarter 2022 NGP; and
  - c. Status/Update of the Final Mine Rehabilitation and Decommissioning Fund, Rehabilitation Cash Fund, Royalty Payments, etc..
3. Sending proxies is strictly discouraged.
4. In strict observance of the Community Alert Level for Covid 19 pandemic as currently implemented in the Province of Palawan, the following must be strictly exercised in the entire duration of the MMT field validation:

- a. Office premises/work areas, including service vehicles, should be disinfected/sanitized regularly.
- b. Foot baths/tire baths should be installed at the entrance of the office building and gates of the mine admin compound.
- c. All participants should be subjected to thermal scanning/monitoring. Participant/s with a temperature above 37°C is not allowed to participate in the MMT activity/ies and is advised to stay at the company clinic and for re-scanning after 15 minutes.
- d. Practice wearing of face mask/shield, regular hand washing/sanitizing, and proper cough etiquette; and
- e. Observe social/physical distancing at all times, including inside service vehicles.

For guidance and strict compliance, please.
