Out of the 132 monuments installed, only one (1) was destroyed. It is recommended to re-construct the said monument located at Brgy. Cantagda, Cajidiocan, Romblon. During the inspection, the DENR patrollers had observed the destruction of some signages in areas like Brgys. Cantagda, and Lumbang Weste, Cajidiocan, and Taclobo, Panangcalan, San Fernando. After an investigation/discussion, some of the Indigenous Peoples sees the signages as an intimidation/threat of their Ancestral Domain. Thus, the DENR personnel conducted an extended IEC with the IP community, the IPs raised the issue that hopefully, the signages would also contain their logo, and include in the sign that aside from entering the Protected Area, they are entering an Ancestral Domain as well. Thus, this Office recommends to include the maintenance of signages and its fund allotment for the future target activities of this Office.

For information and record.
