7/F DENR Building, 1515 Roxas Boulevard,  
Ermita Manila

Sir/Ma'am,

This is to acknowledge receipt of a copy of your Memorandum dated July 18, 2022 regarding complaint against San Miguel Corporation on the Alleged Non-Rehabilitation of the Silica Mine in Brgy. 3, Poblacion, Roxas, Palawan. We recognize and appreciate your prompt action on this matter. We look forward to your continuing support for our shared aspirations of serving the public. Looking forward to the submission of the final report as a basis for consideration as fully acted/responded.

Thank you very much and stay safe!

## MEMORANDUM

**FOR : The Regional Director**  
Mines and Geosciences Bureau  
MIMAROPA Region  
7/F, 1515 DENR Building, Roxas Boulevard, Ermita, Manila

**FROM : The Director**  
This Office

**SUBJECT : Complaint on the Alleged Non-rehabilitation of the Silica Sand Mine in Brgy. 3, Poblacion, Roxas, Palawan with Presidential Complaint No. WG-NEM-06-06-2022-004**

**DATE : August 5, 2022**

This refers to your Memorandum dated July 18, 2022, requesting update on the status of the implementation of Environmental Management Plan (EMP) for the Silica Sand Mines in Roxas, Palawan, and forwarding the Memorandum from the Provincial Environment and Natural Resources Office of Palawan dated July 1, 2022 regarding the complaint of Mr. Roberto Paredes of Brgy. 3, Poblacion, Roxas Palawan against San Miguel Corporation involving the mining of silica in the said Barangay.

It may be recalled that while the Silica Sand Mines was proposed for rehabilitation under the Philippine Development Plan (PDP) 2017-2022, results of the conducted Risk Assessment and Preparation of EMP showed that the areas where the abandoned mines and processing plants are located are classified as private lands, with some portions under legal dispute. In view thereof, the Mines and Geosciences Bureau (MGB) conducted an information, education and communication (IEC) activity on September 19, 2019 in Roxas, Palawan to turn-over the EMP to the local government unit (LGU) for implementation, in coordination with the identified landowners. During the said activity, personnel from this Office informed the stakeholders that the MGB cannot implement the EMP as concerned areas have existing private landowners, and there was also no budget allocated from the national government.

Moreover, we would also like to note that San Miguel Corporation was not among the five (5) operators of the Silica Sand Mines in the area identified during the preparation of the EMP, namely: Vulcan Industrial and Mining Corporation, Nin-Bay Mining Company, Republic Glass Corporation, Ore Shoot Mining Company and Buddy Mendoza/Barbacan River Corporation.

Relative thereto, we are furnishing herewith a copy of the EMP for the Silica Sand Mines, for your reference and information. You may access an electronic copy of the document through the link: <https://tinyurl.com/SilicaSandMineEMP>.

Complaint Center Code No. WG-NEM-06-06-2022-004

**DATE :** 18 July 2022

This has reference to the attached Memorandum dated 01 July 2022 from the Provincial Environment and Natural Resources Office of Palawan regarding the aforementioned subject complaint, furnished to this Office on 4 July 2022.

Pursuant to the Philippine Development Plan of CY 2017-2022, the silica sand mined out area is proposed for rehabilitation based on the Environmental Management Plan (EMP) approved by Mines and Geosciences Bureau in 2018.

In this regard, may we respectfully request for updates on the status of the EMP's implementation as well as the alleged involvement of San Miguel Corporation.

For the Director's information and further appropriate action.

This has reference to the letter complaint of Mr. Roberto Paredes addressed to the President of the Philippines dated 06 June 2022 regarding the above-mentioned subject.

In response to the complaint, a preliminary field investigation was conducted on composed of the following personnel:

1. Dominik L. Echano (SRS II – MGB Embedded Personnel)
2. Felipe Evio (Team Leader – Field Monitoring Coordinator)
3. Boboy Savilla Vicera (Field Monitoring Coordinator)

**Background Information**

On 29 June 2022, this Office received a memorandum dated 28 June 2022 from the Regional Director of Mines and Geosciences Bureau (MGB) MIMAROPA Region pertaining to the complaint of Mr. Roberto Paredes against San Miguel Corporation thru Mr. Ramon Ang on the alleged non-rehabilitation of the mining of Silica in Brgy. 3 Poblacion, Roxas, Palawan.

Email address: [cenroroxaspalawan@denr.gov.ph](mailto:cenroroxaspalawan@denr.gov.ph)

### **Purpose and Scope**

The fieldwork aims to validate the veracity of the complaint and the legality of the alleged non-rehabilitation of the mining operation. The undertaking includes ocular inspection of the subject areas and a dialogue or interview with the concerned individuals. The ocular inspection is supported by geotagged photos.

### **Findings and Observation**

1. On 5 July 2022, the undersigned conducted field investigation on the complaint of Mr. Robert Paredes.
2. Mr. Paredes complained about the alleged non-rehabilitation of San Miguel Corp in Barangay III particularly in LOT No. 907 PLS 232. He claims that the area in question is low lying due to the previous mining activity which contributed to it being a highly flood prone area.
3. The undersigned, noted that LOT No. 907 is a semi-densely populated area. A number of mangroves was also observed within the wetland in Lot 907. Numerous one-story permanent settlements and several elevated nipa huts are located adjacent to the wetland.
4. Mr. Paredes seeks for the rehabilitation of the area in the form of backfilling.
5. The undersigned had previously conducted an investigation titled '**Report on the Illegal Extraction of Silica Sand in Brgy III, Municipality of Roxas, Palawan**', dated **19 April 2022** in response to complaints of illegal activity within the area. The investigation finds Mr. **Francisco Refil** in violation of Sec 103 of RA 7942, "Theft of Minerals."
6. The undersigned gave notice to the barangay officials on the issued CDO and to Mr. Refil himself to cease extracting silica sands within his backyard which are then utilized for a small scale hollowblocks production. The undersigned advised Mr. Refil to refrain using the silica resources within his backyard and opt to acquire SAG materials from an authorized retailer or permittee.
7. In reference to the Municipal Resolution No 187-A, s-1999, held on 15 October 1999, it is stated that (1) Nin-Bay Mining Company, (2) Republic Glass Corporation, (3) Vulcan Mining Company, and (4) Orashoot Mining Company conducted mining operations in the Municipality of Roxas, Palawan (Annex 1). San Miguel Corporation was not mentioned in the passage, nor was

Republic of the Philippines  
Department of Environment and Natural Resources  
**Region IV- MIMAROPA**  
**COMMUNITY ENVIRONMENT AND NATURAL RESOURCES**  
**OFFICE**

Barangay III (Poblacion), Roxas, Palawan  
Contact No. 09171606578 / 09175028647  
Email address: [cenroroxaspalawan@denr.gov.ph](mailto:cenroroxaspalawan@denr.gov.ph)

it stated if any of the previously mentioned company was a subsidiary company of SMC.

8. In the attached Order document in the Annex (2), it is stated that the area (Lot No 405) wherein DENR CENRO-Roxas currently located was directed to be taken as possession as Nin Bay Mining Corporation failed to execute the conceptualized Aqua Culture Project which it intended to implement thru Del Pilar Multi-purposed Corporation.
9. A certification is then issued by this office, certifying that LOT 907 of Pls 232 in Barangay III, Roxas, Palawan is within **Agricultural** (alienable or disposable) land. (Annex 3)

#### **FINDINGS AND RECOMMENDATIONS**

1. In refence to the previous record of illegal extraction activity in Barangay III. The LGU is advised to police these activities to minimize its negative impact to the environment.
2. Citing Administrative Order No. 8, the entire Province of Palawan and certain parcels of the public domain is declared as Mangrove Swamp Forest Reserves. Upon Field investigation, it is established that certain parts of LOT 907 (Photo 1 - 2) is located within a mangrove or swampland area wherein a buffer zone of 50 meters is not maintained, pursuant to AO No. 76 (Establishment of Buffer Zones in Coastal and Estuarine Mangrove Areas)  
  
Mangrove or swamplands classified and zonified as Alienable or Disposable are covered by Administrative Order No. 8
3. Rehabilitation in the form of backfilling within LOT 907 PLS 232 covered by the buffer zone is not recommended in accordance to Proclamation No. 2152, governing the prohibition from further exploitation and/or destruction of the remaining mangrove resources of the Philippines, specifically the entire province of Palawan.
4. It is recommended for the delineation whether Lot 907 Pls 232 is located within any expired mining lease tenement. It is also advised to establish whether San Miguel Corp. operated under a subsidiary company.

5. The residents within the buffer-zone was found to be in violation of Section 51 of Presidential Decree No. 1067, otherwise known as the Water Code of the Philippines, which provides:

Article 51. The banks of rivers and streams and the shores of the seas and lakes throughout their entire length and within a zone of (3) meters in urban areas, twenty (20) meters in agricultural areas and forty (40) meters in forest areas, along their margins, *are subject to easement of public use in the interest of recreation, navigation, floatage, fishing and salvage. No person shall be allowed to stay in this zone longer than what is necessary for recreation, navigation, floatage, fishing or salvage to build structures of any kind.*

Poblacion Roxas, Palawan

NIN BAY MINING CORP.

ALTO KEMAN TO ASUN  
SUERTO PONDOR-BALIT

RECEIVED  
JAN 11 1991  
DENR  
Region IV

Annex E-1

In a report dated April 3, 1990 by the CENRO at Roxas, Palawan it was disclosed that NIN BAY MINING CORPORATION stopped its operation in the above-mentioned mining claim in July 1991 citing among others the non-profitability of operations due to depletion of mineral resources and the changes in the government policies on mining as reasons in a way of complying with the provisions of PD 400 in rectoring the mined-out area, the said corporation had conceptualized an Aqua Culture Project which it implemented thru Del Pilar Multi Purpose Cooperative that was put up by the corporation's former employees. A memorandum of agreement was entered between the concerned juridical entities represented by their authorized officials with the view to mutually provide the needed technology and resources to the said Multi Purpose Cooperative which includes securing the necessary permit and authority from the DENR to operate the area.

Accordingly, however, in the absence of actions having been taken to secure the said NIN BAY MINING CORPORATION and Del Pilar Multi Purpose Cooperative to comply with the requirements of the law, where the said NIN BAY MINING CORPORATION has been declared as an abandoned area.

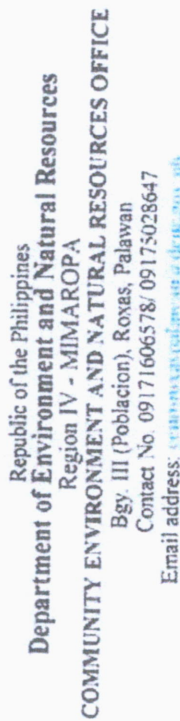

Therefore, in the absence of the required permit and authority, the DENR is hereby declaring the said area as an abandoned area and the same shall be subject to the provisions of the DENR.

WHEREAS, the above premises constitute the area of the DENR which is hereby declared as an abandoned area, possession, occupation, enjoyment and management control of the premises shall be subject to the provisions of the DENR.
