This refers to the validation results conducted by the Land Management Bureau (LMB) in the Province of Palawan which was discussed/ presented during the exit conference held on 10 October 2022 at the DENR Regional Office.

One of the observations raised is the Citizen's Charter posting on the "Issuance of Agricultural/ Residential Free Patent" in the PENR and CENR offices which may create confusion as to the process and requirements. To avoid such incident, they recommended the posting of DMC 2019-10 re: "Supplemental Procedures on the Issuance, Processing and Approval of Survey Authority, Survey Plans, and Public Land Applications (PLAs) Covering Lots in the Provinces of Sarangani, South Cotabato, and Palawan".

For your immediate action.
