INVESTIGATION REPORT ON THE ALLEGED PLAN OF MR. RAYMOND GAUDIEL TO BUILD A STRUCTURE IN THE MARINE ZONE AT PUROK BAGONG SILANG, BARANGAY CAMINAWIT, SAN JOSE, OCCIDENTAL MINDORO

BACKGROUND INFORMATION

On July 25, 2022, this office received a complaint letter from Ms. Victoria Caballero thru our Regional Office regarding the illegal reclamation and building of establishment by Mr. Jonathan Surdilla in the "marine-zone" at Purok Bagong Silang, Brgy. Caminawit, San Jose, Occidental Mindoro. Based on the complaint, Mr. Surdilla built a kitchen with a concrete stove as an extension of his residence and also planning for the construction of a concrete floor which may affect the interest of the public. The said area serves as docking station for small boats and recreation area for children. In view of this, Ms. Caballero requested this agency to take action on the said matter.

In response to the aforementioned complaint, the Enforcement and Monitoring Section staffs Forester I Jomar B. Serquina and Forest Technician II Loren Kaye A. Garcia were dispatched to investigate to determine the veracity of the complaint.

PURPOSE AND SCOPE

The team conducted the investigation by monitoring the said activity and to verify its legality at Purok Bagong Silang, Brgy. Caminawit, San Jose, Occidental Mindoro. The team also coordinated and requested assistance from Brgy. Captain Danilo Centeno of Brgy. Caminawit, San Jose, Occidental Mindoro in which the team was accompanied by Brgy. Police Danilo Junsay.

FINDINGS AND OBSERVATION

Presented below are the observation/findings of the team during their conduct of investigation:

1. The investigated site is located at Purok Bagong Silang, Brgy. Caminawit, San Jose, Occidental Mindoro.
2. That on July 25, 2022, after coordinating with the Brgy. LGU of Brgy. Caminawit, San Jose, Occidental Mindoro, the team headed to the said area and a constructed small house with kitchen made from light materials at the said area and the nearby residents stated that it belonged to Mr. Jonathan Surdilla. Because Mr. Jonathan Surdilla was not around at that time, the team ~~the~~ conducted interview with Mrs. Lilibeth Surdilla, wife of Mr. Jonathan Surdilla and Mr. Arnel Miradora who were both residents of the said area and present at that time. Mrs. Surdilla stated that her husband Mr. Jonathan Surdilla constructed the said small house with kitchen for dwelling and recreation of the kids residing in the area. Mrs. Surdilla also stated that only light materials were used to build the said small house with kitchen so that they can easily remove it if problem persist. Mrs. Surdilla also stated that it was Mr. Jonathan Surdilla who planted the Talisay trees within the area. *(See Annex I)*

3. After the interview, the team compared the pictures in the complaint letter sent by Ms. Monette Caballero and it was discovered that the pictures in the complaint letter were taken on 1st quarter of CY 2019 while the Cease and Desist Order addressed to Mr. Federico Gaudiel was issued on 3rd quarter of CY 2019 (*See Annex II*). This proves that the pictures attached in the complaint letter of Ms. Victoria Caballero that includes the illegal dumping of sand and building of concrete hollow block fence at the said area were already investigated and resolved by the DENR in which a Cease and Desist Order was issued to Mr. Federico Gaudiel. (*See Annex III*)
4. That on August 03, 2022, a consultative meeting was held regarding the reclamation activities and solid waste status of Brgy. Caminawit, San Jose, Occidental Mindoro. The said meeting was initiated by DENR CENRO San Jose and was actively participated by Department Heads of LGU San Jose, Occidental Mindoro, Bureau of Fisheries and Aquatic Resources, Philippine Coast Guard and other concerned agencies. (*See Annex IV*)
5. The said consultative meeting briefly discussed the said matter. CENRO San Jose presented the aerial shot of the houses within the illegal reclamation area of Brgy. Caminawit, San Jose, Occidental Mindoro and stated that an action must be taken as soon as possible in which the participants consisting of the concerned officials and agencies delivered their opinion and expertise to come up with a solution for the emerging problem.
6. That it was agreed upon the meeting that DENR CENRO San Jose would conduct survey and inventory of all the houses/residence violating Section 52 and 53 of Presidential Decree 705/Revised Forestry Code of the Philippines and Section 51 of Presidential Decree 705/Water Code of the Philippines. The said inventory of the household must be updated to the Local Government Unit of San Jose, Occidental Mindoro, in which accordingly, LGU San Jose will provide a relocation area for the said household. Moreover, the Bureau of Fisheries and Aquatic Resources (BFAR) identified and proposed one of its non-functional fishponds that had slight siltation and also located at Brgy. Caminawit, San Jose, Occidental Mindoro to be used as the relocation area of the said household. Article 51
7. Furthermore, it was also agreed upon the meeting, that no more houses or establishments shall be added to the said area at Brgy. Caminawit, San Jose, Occidental Mindoro.

COMMENTS AND RECOMMENDATIONS

Hereunder are the comments and recommendations of the team in the view of the foregoing findings:

1. The office is hereby recommended to produce a special order for concerned DENR CENRO San Jose Employees to conduct delineation of foreshore and survey and inventory of households violating:
 - a. Section 52 and 53 of the Presidential Decree 705 otherwise known as "Revised Forestry Reform Code of the Philippines"

"Henceforth, no person shall enter into forest lands and cultivate the same without lease or permit"

"Kaingeros, squatters, cultural minorities and other occupants who entered into forest lands and grazing lands before May 19, 1975, without permit or authority, shall not be prosecuted: Provided, That they do not increase their clearings: Provided, further, That they undertake, within two (2) months from notice thereof, the activities to be imposed upon them by the Bureau in accordance with management plan calculated to conserve and protect forest resources in the area: Provided, finally, That kaingineros, squatters, cultural

minorities and other occupants shall whenever the best land use of the area so demands as determined by the Director, be ejected and relocated to the nearest accessible government resettlement area."

- b. Article 51 of Presidential Decree 1067 otherwise known as "A Decree Instituting a Water Code, thereby Revising and Consolidating the Laws Governing the Ownership, Appropriation, Utilization, Exploitation, Development, Conservation and Protection of Water Resources"

"The banks of rivers and streams and the shores of the seas and lakes throughout their entire length and within a zone three (3) meters in urban areas, twenty (20) meters in agricultural areas and forty (40) meters in forest areas, along the margins are subject to the easement of public use in the interest of recreation, navigation floatage, fishing and salvage. No person shall be allowed to stay in this zone longer than what is necessary for recreation, navigation, floatage, fishing or salvage or to build structure of any kind."

2. Moreover, the Barangay LGU of Caminawit, San Jose, Occidental Mindoro and Municipal LGU of San Jose, Occidental Mindoro together with concerned agencies should be advised that any construction of establishments/infrastructure is incompliant with the provisions of the said environmental/forestry laws.
3. This office should also coordinate with the Municipal LGU of San Jose, Occidental Mindoro and other concerned agencies to request for assistance for implementation of the aforementioned laws and for further action regarding this matter.

MR. JONATHAN SURDILLA

Brgy. Caminawit, San Jose

G. Surdilla,

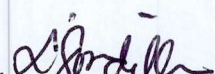

Isang maka-**KALIKASANG** pagbati po sa inyo!

Ito ay ukol sa isang sulat reklamo na dumating sa aming tanggapan noong ika-25 ng Hulyo, taong 2022 patungkol sa iyong paggawa o pagbuo ng maliit na bahay na mayroong kusina sa salvage zone/ easement sa Purok Bagong Silang, Brgy. Caminawit, San Jose, Occidental Mindoro.

Na noon ding ika-25 ng Hulyo, taong 2002 ay nagsagawa ng imbestigasyon sa inyong lugar ang aming mga otorisadong kawani kasama ang mga kinatawan ng Brgy. Caminawit kung saan ay kinumpirma sa pamamagitan ng pakikipag-usap sa inyong maybahay na si Mrs. Lilibeth Surdilla, na kayo ay gumawa o bumuo ng isang maliit na bahay na mayroong kusina na gawa sa kawayan, yero at nipa na nakatayo sa nasabing salvage zone. Ibig po naming ipabatid sa inyo na ang pagtatayo ng anumang establisyimento sa loob ng salvage zone ay mahigpit na ipinagbabawal ng batas alinsunod sa Article 51 ng Presidential Decree 1067 o ang Water Code of the Philippines.

Upang masiguro ang inyong kaligtasan sa panahon ng mga hindi inaasahang bagyo at sakuna, kayo ay aming pinapayuhang tanggalin ang inyong ginawa o binuo na maliit na bahay na mayroong kusina sa ipinagbabawal na salvage zone/ easement para sa inyong proteksyon.

Maraming salamat po.

Lubos na gumagalang, 8/11/22

Dear Ms. Caballero,

Isang maka-**KALIKASANG** pagbati po sa inyo!

This has reference to your complaint letter to DENR thru email dated July 25, 2022 and follow-up complaint letter on August 06, 2022 against Mr. Jonathan Surdilla regarding the illegal construction of a house with kitchen within the salvage zone/ easement of Purok Bagong Silang, Brgy. Caminawit, San Jose, Occidental Mindoro.

Please be informed that this Office immediately conducted site investigation upon receipt of your complaint on July 25, 2022 in coordination with Barangay LGU of Caminawit, San Jose, Occidental Mindoro. It was verified that a small house with kitchen made from light materials was indeed constructed at the said salvage zone/ easement. During the investigation, Mrs. Lilibeth Surdilla in the absence of Mr. Jonathan Surdilla was duly informed about the prohibition under existing laws of Article 51 of the Presidential Decree No. 1067 also known as the Water Code of the Philippines, prohibiting the construction of permanent structure or establishment within the 20-meters easement/ salvage zone.

In which, Mrs. Surdilla admitted the violations committed and that they recognize the need to obey the law. She said that they will remove the said establishment they have constructed once instructed by the government.

Please be informed also that this Office conducted a consultation meeting with the concerned Offices of LGU San Jose, Barangay LGU of Caminawit and other concerned agencies (Philippine Coast Guard, Philippine Ports Authority, Bureau of Fisheries and Aquatic Resources) on August 03, 2022 to address the issues on solid wastes, wastewater and informal settlers on the subject area.

Thank you for your concern and involvement in the protection of our environment and natural resources.
