Submitted herewith the minutes of the Administrative Confiscation Proceedings together with pertinent documents anent the above-cited subject treated under DAO 97-32. The hearing was conducted on August 4, 2022 at DENR-CENRO Quezon, Palawan.

Please be informed that prior to the conduct of hearing, a notice of hearing was given to the respondents informing them of their privilege to exercise their rights to hire a legal counsel of their own choice pursuant to the provisions of the New Constitution of the Philippines. However, despite the considerable period of time since the notice of hearing was served, this office did not received any notice or motion from the respondent to re-schedule the hearing due to non-hiring of lawyer.

Further informed that during the scheduled date of hearing, the respondent asserted to proceed the hearing even without the assistance of their own legal counsel.

I. FACTS OF THE CASE:

WHAT: Apprehension and seizure of 660 pieces of assorted lumbers of naturally grown trees having a total volume of 3,639.32 board feet.

WHEN: On or about 11: 15 AM of July 17, 2022

WHERE: Sitio Rarayakan, Brgy Sowangan, Quezon, Palawan

WHO: Mr. Mark Gil A. Ynzon, a resident of Alfonso XIII, Quezon, Palawan (contractor) and Joel B. Quintayo "Dodok", a resident of Brgy Quinlogan, Quezon, Palawan (foreman).

HOW: On July 17, 2022 the personnel of CENRO Quezon under the Monitoring and Enforcement Section (MES), members of PNP-Maritime Group and NISG upon responding information received, had discovered and apprehended several piled of assorted lumbers of naturally grown trees at Sitio Rarayakan, Brgy Sowangan, Quezon.

II. PRESENTATION OF PARTIES INVOLVED (*Apprehending Officers and Respondents*):

1. During the hearing, the apprehending officers were not present but they were able to submit their "Malayang Sinumpaang Salaysay". Based on the malayang sinumpaang salaysay of Forest Technician II Armando J. Batayo, on July 17, 2022 the CENRO Quezon enforcement team had received an information regarding the alleged stockpile of assorted lumbers at Sitio Rarayakan, Brgy Sowangan, Quezon. Immediately, the team coordinated with PNP-MG and NISG and subsequently conducted a joint operation.

Upon arriving in the subject area, they discovered several stockpile of assorted lumbers of naturally grown trees. The team immediately conducted documentation, scaling and inventory of the lumbers. Because the team did not find anyone in the area, they conducted investigation of the several houses near the area. Per investigation, the team have learned that the stockpiled lumbers are supposed to be used in the construction of a foot bridge in the area under Mazon Engineering and Construction Company under the supervision of Mr. Mark Ynson (Contractor) and Mr. Joel B. Quintayo (Foreman). The team also observed that the lumbers were just stockpiled under the coconut trees near the footbridge under construction.

The 660 pieces of assorted lumbers of naturally grown trees having a total volume of 3,639.32 board feet were then hauled and deposited at DENR CENRO Quezon compound for safekeeping and proper disposition.

On the other hand, the malayang sinmpaang salaysay of Forest Ranger John Marcelo S. Dayola supports and concurs to the statement of Forest Technician II Armando J. Batayo.

2. In the same hearing, Punong Barangay Rodel Juanillo disclosed about the ongoing Hanging Footbridge and Spillway projects in Sitio Rarayakan, Brgy Sowangan, Quezon. However, P/B Juanillo emphasized that the projects are funded by the Provincial Government thru Barangay Resolution.

P/B Juanillo narrated that the Barangay has no counterpart in the projects and admitted that no project monitoring conducted by the barangay. P/B Juanillo however explained that Mr. Mark Gil A. Ynson (contractor) and Joel B. Quintayo "Dodok" (foreman) made a courtesy with him before the start of the project. Lastly, P/B Juanillo stressed that he has no idea and personal knowledge on the apprehended lumbers in Sitio Rarayakan,

3. Likewise in the same hearing, Mr. Joel B. Quintayo "Dodok", admitted that he is the foreman of the two projects (Hanging Foot Bridge and Spillway) in Sitio Rarayakan, Brgy Sowangan, Quezon. Mr. Quintayo explained that they are working at the Spillway Project which is approximately two (2) kilometers away from the Hanging Bridge Project for almost two (2) weeks that time when the DENR discovered the stockpile of lumbers near the Foot

Bridge Project. Mr. Quintayo is not sure if the lumbers will be used in the foot bridge, however, based on the sizes and dimensions of the lumbers it might be intended for the foot bridge, he added.

4. In the same hearing, Mr. Mark Gil Ynson admitted that he is the contractor of the Hanging Foot Bridge and Spillway projects in Sitio Rarayakan, Brgy Sowangan, Quezon. He also concurs to the statement of P/B Juanillo that the projects are funded by the Provincial Government. The Barangay has no counterpart in the said project except for the passing of Barangay Resolution requesting the said projects. The Barangay is just waiting for the completion and turn-over of the project from the provincial government.

Mr. Ynson revealed that several individuals approached him for supplying the wood materials needed in the Hanging Foot Bridge project. Mr. Ynson explained that he frankly told the individuals who want to supply lumbers that he only accept the lumbers if they can present legal documents/permits.

Further, Mr. Ynson narrated that they moved to the Spillway project which is about 2 kilometers away from the Hanging Foot Bridge project and working thereat for almost 2 weeks when he learned the stockpile of lumbers near the foot bridge project. He immediately instructed Mr. Quintayo to verify it if the lumbers are planted trees. However, he was surprised when Mr. Quintayo confirmed that the lumbers are banned species and not planted trees. Mr. Ynson instructed his men not to make any interference on the said lumbers and decided to report it to P/B Juanillo supposedly on Monday but the DENR discovered it on Sunday July 16, 2022.

Mr. Ynson also revealed that someone approached him demanding the payment of the lumbers but he insisted not to pay him because the lumbers has no legal documents/permit. Mr. Ynson said that he do not know the name of the person and has not come back since he was told he did not have permit.

Paunawa: Bago pormal na pinasimulan ang pagdinig ay isang maikling panalangin muna ang isinagawa kasunod ang pagbanggit/pagtawag sa pangalan ng mga dumalo.

Hearing Officer: Sa bisa ng Seksyon 45 ng PD 705 na nag-gawad sa akin ng kapangyarihan na magsagawa ng ganitong uri ng pagdinig alinsunod sa mga probisyon ng DAO 97-32, ang pagdinig sa nasamsam na 660 pirasong kahoy na may kabuoang bulto na 3,639.32 board feet noong July 17, 2022 sa Bgy. Sowangan, Quezon, Palawan na walang kaukulang dokumento na nahuli ng DENR-CENRO Quezon Personnel ay promal na pong sisimulan. Kayo (respondents) ay nabigyan ng sapat na panahon mula ng isilbi sa inyo ang pabatid, at kayo rin ay naabisuhan na mayroon kayong karapatan na kumuha ng inyong sariling abogado alinsunod sa ating saligang batas para gumabay sa inyo sa pagdinig na ito. Ganunpaman, wala kaming natanggap na abiso o motion galing sa inyo upang ipagpaliban ang pagdinig na ito dahil wala kayong nahanap na abogado. Sa gayon, itutuloy po ba natin ang pag dinig na ito kahit wala kayong abogado?

Respondents : Opo, itutuloy.

H.O : Sa pagpapatuloy, ako po ay maglalalatag ng ilang patnubay upang maisagawa natin ng matiwasay ang pagdinig na ito. Hinihiling ko ang katahimikan sa lahat na nagsipagdalo. Mahigpit na ipinagbabawal ang anumang gawain na makakagambala sa daloy ng pagdinig na ito at ang paggamit ng masasama at hindi kanais-nais na mga salita. Ang mga ipinatawag ay mabibigyan ng sapat na oras upang maglahad at maipaliwanag ang kanyang panig. Kung kayat, kung sino lang ang tinatanung ay siya lamang ang sasagot. Maliwanag po ba?

Attendees : Opo.

H.O. : Sa mga ipinatawag ngayong umaga (respondent), mayroon po ba kayong dalang mga dokumento may kaugnayan sa mga nahuling produktong gubat na gusto niyong ipresenta ngayong umaga?

Respondents : Wala po.

H.O : Bagamat wala po dito ang ating apprehending officer at witness ay nagsubmit po sila ng kanilang Malayang Sinumpaang Salaysay. Base po sa Sinumpaang Salaysay ni Forester Armando J. Batayo, noong July 17, 2022 humigit kumulang 11:15 ng tanghali sa Sitio Rarayakan, Bgy. Sowangan, Quezon, Palawan kasama ang kanyang mga kasamahan na pawang mga empleyado din ng DENR-CENRO Quezon sa Monitoring and Enforcement Section at kasama din ang Special Boat Unit Maritime Group at Naval Intelligence and Security Group (NISG) ay nag-sagawa ng pinagsamang operasyon hingil sa ipinarating na inpormasyon ng kanilang inpormante sa DENR na may kaugnayan sa tambak na mga nilagaring kahoy sa nasabing lugar.

Nang marating ang nasabing lugar, doon ay tumambad sa kanila ang napakaraming tambak na nilagaring kahoy na may ibat ibang sukat at haba at agad silang nag sagawa ng imbentaryo at dokumentasyon, at ang grupo ng Special Operation Unit-Maritime Group ay maingat na nag babantay sa paligid nito.

Sila din ay nagsagawa ng imbestigasyon sa mga kabahayang malapit roon sa kinalalagyan ng nasabing mga kahoy sa kadahilanang wala silang nadatnan na tao sa nasabing lugar. Ayon sa kanilang imbestigasyon, lumalabas na ang nasabing mga kahoy ay gagamitin sa construction ng Sowangan Hanging Foot Bridge ayon pa sa kanilang nakalap na inpormasyon na naka kontrata umano sa Mazon Engineering and Construction Company na pina ngangasiwaan ni Mr. Mark Gil Ynzon at Joel B. Quintayo "Dodok".

Ang mga nasabing kahoy ay nakita sa ilalalim ng niyogan na kung saan ay makikita ang ongoing construction ng hanging foot bridge, sa isinagawang imbentaryo ito ay umabot ng 3,639.32 na may kabuoang bilang na 660 peraso ng ibat ibang klase ng kahoy gubat. At agad nilang pinasimulan ang pag-hauling ng mga nasabing kahoy papunta sa compound ng DENR CENRO Quezon gamit ang sasakyan ng LGU Quezon.

Sa kasalukuyan ang mga nasabing mga kahoy ay nasa custodiya ng CENRO Quezon, habang isinasagawa ang kaukulang aksyon at disposisyon.

Sa Sinumpaang Salaysay ni Forest Ranger John Marcelo Dayola, kanya itong pinatotohanan lahat ng sinabi ni Forest Technician II Armando J. Batayo.

H.O : Sa ating pagpapatuloy, binabanggit po dito sa report ng mga apprehending officer Na kayo po Mr. Dodok Quintayo ay foreman at residente ng Bgy. Quinlogan, Quezon, Palawan at si Mr. Mark Ynson naman ang contractor ng nasabing proyekto at residente ng Bgy. Alfonso XIII, Quezon, Palawan

Si sir Rodel V. Juanillo, ang Punong Barangay ng Sowangan, Quezon ang una ko pong tatanungin. Maaari po ba kayong tumayo, itaas ang iyong kanang kamay, magpakilala at manunumpa na magsasabi ng pawing katotohanan lamang sa pagdinig na ito.

- R. Juanillo :** Ako po si Rodel V. Juanillo, 47 years old, may asawa at anak, kasalukuyang nag lilingkod bilang Punong Barangay ng Bgy. Sowangan, Quezon, Palawan at mangangakong magsasabi ng pawang katotohanan lamang.
- H.O :** Kayo po kayo ipinatawag Kap dahil jurisdiction niyo po kung saan nahuli ang mga kahoy, at ito po ay naganap noong July 17, 2022 sa Sitio Rayakan, Bgy. Sowangan, Quezon, Palawan bakit po maraming kahoy doon kap?
- R. Juanillo :** Hindi ko po alam sir kung bakit may mga kahoy na ganun karami dahil malayo po ang bahay namin doon, hindi ko na din po nasubaybayan ang project doon na hanging Bridge.
- H.O :** Kaninong project po iyon?
- R. Juanillo :** Sa Provincial po.
- H.O :** Bilang Punong Barangay po ng iyong nasasakupan, siguro naman ay aware kayo na may project doon kahit na pundo ito ng provincial government nararapat lang na alam niyo. Kilan po sila nag simula?
- R. Juanillo :** Noong March pa yata sir.
- H.O :** Ano po ang naging counterpart ng Barangay doon sa project?
- R. Juanillo :** Wala naman po sir, wala ding hiningi sa amin para tumulong dahil naka kontrata naman po.
- H.O :** Wala po ba kayong resolution dito na humingi sa province ng pundo para maitayo iyong hanging bridge?
- R. Juanillo :** Hindi ko na po matandaan sir titingnan ko po. Meron siguro sa sobrang tagal na po meron po siguro talaga kasi kailangan din talaga.
- H.O :** Buong council po ang pinatawag sa pagdining na ito para malaman sana natin kung sino ba ang naka assign na kagawad sa Sitio na iyon, kaso kayo lang po ang dumating. Noong time na namataan na ito ng DENR ay agad nilang ipinaalam ito sa Barangay.
- R. Juanillo :** Wala po ako sa Barangay sir noong time na pumunta sila sa Barangay dito po ako sa bayan dahil may inaasikaso po ako.
- H.O :** Binabangit ko lang po ito kap dahil area of jurisdiction niyo po ito ang nakunan ng kahoy at ito ay nagsimula pa sinabi mo ay buwan ng Marso at umabot pa ng apat na buwan bago pa nalaman na illegal ito. Hindi man lang kayo umikot doon at inalam ang nangyayari doon sa area?
- R. Juanillo :** Hindi po talaga ako nakakapunta doon sa area sir, matagal na po ako hindi nakakaikot dahil sa dami ng ginagawa namin sa Barangay.
- H.O :** Iyong mg kagawad at mga tanod niyo wala pong binabato sa inyo?
- R. Juanillo :** Dahil po siguro akala nila ok na kasi project po iyon ng government.

H.O : Pero ano po talaga iyong counterpart niyo doon kap.?

R. Juanillo : Wala naman po sir wala talaga.

H.O : Maliwanag po na sinabi mo na walang monitoring doon ang Barangay nabanggit niyo din na walang nakarating na report kaugnay sa pangyayari na iyon. kaya po namin kayo pinatawag dahil sa mandato ng Barangay, mahalaga po na malaman niyo ito alam naman natin na meron po tayong local government code na nagbibigay gabay sa paggawa ng hakbang patungkol sa pangkalikasan. Bilang isang punong Barangay meron pa rin po kayong responsibilidad sa nasabing Proyekto. Kaya para sa amin hindi niyo po pweding sabihin na kayo ay nagkulang, ngunit tinatangap namin na marami kayong ginagawa, kaya nga meron kayong council at mga tanod upang tumulong sa inyo sa Barangay. Hinihiling ko din po kap na bigyan niyo po kami ng copy ng Barangay resolution niyo tungkol sa nasabing proyekto. Iyong foreman at contractor kilala mo po?

R. Juanillo : Opo kasi dumaan po sila sa akin kasi may iba pa yan silang project doon.

H.O : Marami-rami po kasi ang nakuha na kahoy doon kap at hindi basta basta ang kahoy na kinuha nila, noon nagkakarga ba ang mga DENR ng kahoy doon tumulong ang Barangay doon kap.?

R. Juanillo : Opo iyong kagawad ko si Calextro po.

H.O : Wala kana bang ibang sasabihin?

R. Juanillo : Wala na po.

H.O : Sige po kap sana huwag po sumama ang loob niyo sa amin dahil trabaho lang ang ginagawa naming at sana din po ay hindi na mauulit ito kap. Salamat po sa pag dalo ngayon umaga. Ang susnod ko pong tatanungin ay ang foreman na si sir Dodok Quintayo maari kabang tumayo itaas ang iyong kanang kamay at mag pakilala at mangangakong mag sasabi ng pawang katutuhanan lamang?

J. Quintayo : Ako po si Joel Quintayo palayaw ko po ang Dodok may asawa at anak, 50 years old nakatira sa Bgy. Quinlogon, Quezon, Palawan at ako ay isang foreman mangangakong mag sasabi ng pawang katotohanan lamang.

H.O : Nabanggit po dito na ikaw nga foreman sa nasabing proyekto, ano pong project ito.

J. Quintayo : Opo, ako ang foreman sa Hanging Bridged po sir.

H.O : Kelan pa po nag simula yan?

J. Quintayo : Parang March 2022 po yata hindi ko matandaan kasi matagal na po yan.

H.O : Ilang months po sana yan na dapat matapos?

J. Quintayo : 4 months lang po dapat iyong July 2022 tapos na.

H.O : Sino po ang kontrator mo dito?

J. Quintayo : Si sir Mark Ynson po.

H.O : Gaano muna katagal kakilala si Mark?

J. Quintayo : Bago lang po sa project na yan sir.

H.O : Sa kanila ba iyong spillway doon?

J. Quintayo : Opo, pag tapos sana ng bridge sunod na iyong spillway.

H.O : Kaninong project po ito?

J. Quintayo : Provincial Government po nakalagay doon sa billboard

H.O : Iisang billboard lang ba iyong footbridge at spillway?

J. Quintayo : Hindi po magkaiba po sila ng budget, sa bridge po more than 4 Million po kasi mahaba po iyon.

H.O : Bilang foreman kayo po ang nagmamando sa mga tao, iyong kahoy po saan daw galing iyon?

J. Quintayo : Hindi ko po alam sir, bigla nalang may kahoy doon kasi more than 1 or 2 weeks Na din yata kaming wala doon kasi sa spillway na kami gumagawa that time.

H.O : Gagamitin ba iyong kahoy doon sa Bridge kasi malapit doon sa area.

J. Quintayo : Siguro po.

H.O : Gaano po kalayo ang spillway doon sa Hanging bridge?

J. Quintayo : Mga 2 km. po

H.O : Hindi niyo po na monitor iyong pag dating ng kahoy?

J. Quintayo : Hindi po may nakapag sabi lang din sa akin na may kahoy doon kaya tiningnan ko lang din po pero hindi ko ginalaw kasi wala nga pong order si bossing.

H.O : Meron bang program of works iyong hanging bridge?

J. Quintayo : Opo meron po.

H.O : May pumupunta din bang taga Barangay doon?

J. Quintayo : Actually po daanan po iyon eh nadadaan nila iyon kasi tabing daanan naman iyon.

H.O : Madadaan ni Kapitan?

J. Quintayo : Hindi po bali ang bahay ni Kap pabundok iyong bridge po daanan talaga papuntang aplaya.

H.O : Iyong dalawang project ba na iyon nag sasabay?

J. Quintayo : Hindi po dapat mauuna talaga iyong hanging bridge bago iyong spillway.

H.O : Anong sabi ng Provincial Government noong nalaman nila na nahulihan ng kahoy doon area ng project?

J. Quintayo : Hindi ko po alam kasi si bossing nakikipag usap doon hindi din naman makukuha ni bossing iyong bayad kapag hindi natapos.

H.O : Binabanggit niyo na wala kayong kinalaman sa kahoy at hindi kayo sigurado na ang kahoy na iyon ay kong para doon sa project?

J. Quintayo : Opo.

H.O : Alalahanain niyo na kayo po ang foreman doon.

J. Quintayo : Opo.

H.O : Bago kayo nag simula ng project dumaan man lang ba kayo sa Barangay at pinaalam na may gagawin kayong project sa area nayan?

J. Quintayo : Opo dumaan naman po kami sa Barangay at nag paalam po kami noong time na iyon iyong dalawang kagawad lang iyong naroon.

H.O : Sino iyong dalawang kagawad na iyon?

J. Quintayo : Si kagawad Bunso at Calextro hindi ko po alam pangalan nila, sila po iyong napag tanongan namin sa hinahanap namin nn aproject site.

H.O : Wala kayong idea kung saan galing iyong kahoy na iyon kasi papuntang tabing aplaya saan kaya galing iyon?

J. Quintayo : Hindi ko po talaga alam sir.

H.O : May sasabihin kapa?

J. Quintayo : Wala na din po.

H.O : Thank you! ngayon dadako na tayo kay sir Mark Ynson, maari kabang tumayo itaas ang iyong kanang kamay at mag pakilala at mangangakong mag sasabi ng pawang katotohanan lamang?

H.O : Noong na approved na iyong project nakipag ugnayan ka ba kay Kapitan?

M. Ynzon : Yes po, sa kanila po manggagaling iyong location pero alam nadin naman po namin pinaalam lang namin na mag sisimula na po kami.

H.O : Nag momonitor ba sa inyo ang Barangay habang ginagawa?

M. Ynzon : Hindi naman po sir, kahit sa iba kong project. Pero dapat nag momonitor din po talaga sila kung kelan matatapos.

H.O : Kung titingnan natin wala talaga silang pakialam talaga?

M. Ynzon : Yes po bali iturn-over lang po namin sa kanila kapag natapos na namin.

H.O : So, kelan sana matatapos iyong project sir?

M. Ynszon : Inaantay ko nalang po iyong kahoy na ideliver.

H.O : Dalawa daw po iyong project mo doon?

M. Ynzon : Yes po sir iyong spillway.

H.O : Iyong kahoy na nahuli doon sir kanino po?

M. Ynzon : Sa totoo lang po sir, bago pa nagsimula yan marami na pong pumupunta sa akin na magdeliver ng kahoy ang sabi ko naman walang problema basta may permit lang kaya binigyan ko sila ng tamanyo sir, isang araw may naniningil sakín dito iyong bayad sa kahoy sabi ko walang tao don wala pa akong pinapadeliver kaya pina check ko kay Dodok doon sabi niya sakín banded species daw iyong mga kahoy. Kaya sabi ko hindi ko babayaran iyon kasi walang permit iyon sabi niya meron daw sabi ko sige pag may napakitang permit babayaran ko. Umalis siya sir hindi ko binayaran inantay ko hindi na bumalik kaya sabi ko kay foreman wag nilang galawin wag niyong itago hayaan niyo yan at ireport ko kay Kapitan on Monday. Kaso Sunday naunahan na kami ng DENR sabi ko hayaan mo kasi hindi naman talaga sa atin yan.

H.O : Hindi mo nakilala iyong tao?

M. Ynzon : Sa mukha lang po sir pero hindi ko alam pangalan niya. Sabi pa nga niya hihinge siya ng 1st payment, sabi ko negative yan kasi kahit delivery receipt lang wala pa, hindi nadin po nag pakita. Taga dyan lang din siguro yon sir, pumunta kasi sya sakín dito sa Bayan eh.

H.O : Maliwanag na ang arrangement niyo ay ok lang kung may permit lang?

M. Ynzon : Yes po.

H.O : Nasaan po kayo noong time na nagdeliver sila?

M. Ynzon : Iyong time na nag deliver po sila nasa spillway po mga tao ko kaya sabi ko paki check nga kasi malapit lang naman iyong spillway sa Hanging bridge.

H.O : Anong araw po iyon?

M. Ynzon : Saturday po sabi ko ireport kay Kapitan on Monday, Sunday po nakita na ng mga DENR.

H.O : Pwede po ba kami makahinge ng Document ng project?

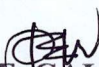

M. Ynzon : Sige po sir.

- H.O** : May karagdagan kapa?
- M. Ynzon** : Wala na po.
- H.O** : Salamat po sir, gusto ko lang bigyang diin na ang pagdinig na ito ay nakatuon lamang sa nahuling mga kahoy, dito ay tinitingnan kung may kaukulang permit/papeles o wala ang nasamsam, gagawa po tayo ng mga recommendation batay na rin sa mga pahayag ng magkabilang panig at sa mga dokumentong ipinasa ng mga apprehending officers. Ito po ay ipapadala sa DENR Regional Office para sa kaukulang aksyon at disposisyon. Yamang wala na akong maitatanong, dito ko na tinatapos ang pagdinig sa umagang ito. Maraming salamat po sa inyong kooperasyon.
