OF CENRO BROOKE'S POINT**

Information, Education and Communication campaign and other activities are continuously conducted by the personnel of this office in collaboration and participation of the Local Government Units and other partner agencies and companies within the jurisdiction of the CENRO. Several activities from July to September 2022 were conducted and participated, to wit:

I. Special Events and Celebration

1. World Rangers Day

On July 25, 2022, IEC team of CENRO Brooke's point conducted an Honorary Program for the Fieldmen and Forest Rangers of CENRO Brooke's Point. It started with the message of CENRO Conrado M. Corpuz emphasizing his gratefulness to the field men for their great contribution in protecting the environment. IEC Team also prepared an Audio Visual Presentation of the field men in action. As part of the program, CENRO Corpuz prepared a simple token that was given to them that day.

Honorary Tribute for Fieldmen and Rangers

2. National Disaster Resilience Month

On July 26, 2022, IEC re: Geohazard was conducted for the On-the-Job Trainee of CENRO Brooke's Point. Science Research Specialist Kate Gabrielle Castillo discussed about Geohazard including landslide, flood, earthquake, karst incidence, volcanic eruption and coastal hazard. She also tackled about Mining. Question and answer (Q&As) portions after the presentation were also undertaken

IEC re: Geohazard and Mining

3. International Youth Day

On August 25, 2022, IEC Team of CENRO Brooke's Point conducted Quiz Bee for the On-the-Job Trainee (OJT). 25 OJT's (BS in Forestry and BS in Environmental Science) were group into six teams. The questions were based on the discussion on the IECs conducted to them and their field exposure. Group 4 won the 1st Place, Group 3 bagged the 2nd Place and Group 2 got the 3rd Place. TAK Collaterals were given to them as their prize.

Quiz Bee: OJT Edition

4. International Coastal Clean-up

On September 15, 2022, CENRO Brooke's Point Planning Officer Rachel Appie, Information Officer Marie Kris Matibag and EMB Environmental Monitoring Officer Ralph Noel Navarro conducted a prior meeting for the conduct of coastal clean-up with the partner stakeholders at Barangay Rio Tuba, Bataraza, Palawan. It was attended by SK Officials and Purok leaders of the said barangay. The team discussed about the guidelines and health protocols for the clean-up. Introduction to RA 9003 or The Ecological Solid Waste Management was also presented.

On September 17, 2022, in celebration of International Coastal Clean-up, the IEC Team of CENRO Brooke's Point mobilized the volunteers, coordinated the activity and facilitated the conduct of coastal clean-up in Sitio Marabahay, Barangay Rio Tuba, Bataraza, Palawan. To facilitate the clean-up activity, CENRO Brooke's Point divided the coastal areas into 16 stations and participants into 16 groups. IEC Team of CENRO Brooke's Point together with SK Officials and Rio Tuba Youth Organization were designated as coordinators and facilitators of the activity.

The event was held together with 160 (109 male; 51 female) representatives/volunteers from other government agencies and private organizations, to wit: MENRO Bataraza, Barangay LGU (Riotuba), Rio Tuba Nickel Mining Corporation, Coral Bay Nickel Corporation, Grace Guardians, Alpha Kappa Rho, Sigma Beta, Kappa Rho Kappa, Alpha Phi Omega, Palawan Charity Riders Club, Hans Vience Lance Company, Western Philippines University, DepEd and CENRO Brooke's Point personnel. A total of 191 sacks or 1,705 kilograms of trash were collected. The wastes collected by the participants were transferred to the Municipal Sanitary Landfill by the LGU SWM.

II. Youth Involvement

Series of IEC's during Mondays were conducted for the On-the-Job Trainee. Every Monday, the trainees were tasked to report their learnings the entire week and after meeting, IEC were conducted. The following are the schedules and topics:

Date	Topic	Presentor
July 26, 2022	Mining and Geohazard	SRS II Kate Gabrielle Castillo
August 01, 2022	One Control Map and Basic GIS Mapping	For. Marlou Soretos
August 4-6, 2022	Protected Area, Minesite Tour and Field Exposure	IEC Team (with separate report submitted)
August 08, 2022	Forestry 101	CENRO Conrad M. Corpuz
August 15, 2022	Solid Waste Management and Sanitary Landfill Tour	EMS I Carl Madamag and EnMo Ralph Navarro
August 22, 2022	Importance of Forest, Permitting and Good Governance	FT I Emilyn Villanueva, For. Menelaus Duller and For. Joselito Eyala
August 25, 2022	Quiz Bee and Graduation	IEC Team

Series of IECs conducted and reporting of OJT's re: Learnings acquired

IEC Team of CENRO Brooke's Point conducted IEC and field exposure for the twenty five (25) On-the-Job Trainee from Western Philippines University to inform on other programs monitored by the DENR and see on the ground the activities conducted and implemented.

On August 3, 2022, Mine site Tour in Rio Tuba Nickel Mining Corporation and field exposure in rehabilitation area and Bamboo Setum of Coral Bay Nickel Corporation was conducted. Through coordination with the management of the two private companies, the activities were successfully conducted.

RTNMC thru MEPEO personnel conducted IEC on the programs and rehabilitation efforts conducted by the company to restore and manage the natural resources within the mine site. Operations of the company were also discussed to enlighten the Youth on the positive and negative impact of mining. After the discussion, the team conducted tour in Mangingidong Ecosystem Restoration Laboratory and showed the efforts and success of the area in terms of rehabilitation. Also, RTNMC personnel showed the areas being developed and promoted for nature tourism activity within the mine site. The tour program of RTNMC ended in Tanauan area wherein a short program was conducted.

In the afternoon, the group proceeded to TSF 1 of CBNC. The operation and process conducted in hydrometallurgical plant was discussed by Engr. Briccio Abela. In addition, they specifically discussed how they successfully rehabilitated TSF 1, from barren area and now become one of the most successful and model reforestation area not just in the Phillipines but also globally. CBNC staff showed the TSF 1 status today, the fully grown trees, fruit trees and crops that can be harvested. Aside from TSF 1 area, the group were also toured in the Bamboo Setum of CBNC wherein they have discussed their efforts and success stories in propagating and nurturing bamboo materials.

On the next day, August 4, 2022, the group travelled to Ursula Island with the assistance and support of CBNC. Protected Area staff conducted briefing on the Do's and don't's within the island. The following are the activities conducted for the two-day IEC and field exposure in the island:

Activities/Topics	Speaker/Facilitator
a. Discussion about NIPAS Act and programs, activities and projects conducted in Ursula Island	FT Mary Cris Ibañez
b. Coastal and Marine Resource Management Program and efforts of DENR, LGU of Bataraza and CBNC on the formulation of ICRMP and strengthening of Coastal and Marine	FI Rachel Appie

Resource management and conservation	
c. Biodiversity Monitoring System (BMS) activities and programs implemented and conducted by CBNC in Ursula Island	CBNC Personnel
d. Exposure and sampling for the conduct of flora and fauna monitoring within the forested area of Ursula Island	Jointly conducted by DENR and CBNC Personnel
e. Conduct of bird counting	Jointly conducted by DENR and CBNC Personnel
f. Coastal Clean-up	Jointly conducted by DENR and CBNC Personnel

Overall the students which is Environmental Management and Forestry students appreciate the activities conducted for them and said that they have learned and increased their awareness towards environmental protection and conservation.
