**Sir/Madam:**

Environmental Greetings!

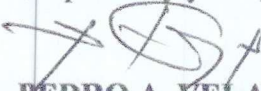

This has reference to your letter dated May 31, 2022 addressed to DENR Secretary Jim O. Sampilna relative to a parcel of land proposed as NBI Academy with an area of more or less 200 hectares located in Brgy. Apurawan, Aborlan, Palawan.

Initial projection and verification made by this Office based on the sketch map being provided to us by your Office disclosed the following:

1. That the subject parcel of land has an area of more or less 2,119 hectares and not 200 hectares as mentioned in your letter;
2. That an area of more or less 757 hectares falls within the Controlled Use Zone while the rest with an area of more or less 1,362 hectares falls within Core Zone wherein residential development, Forest Co-Management Agreements (SIFMA, CBFMA, ISF, FLAg, FLAgT, Lease), exploration and extraction or other mining activities and infrastructure development are prohibited per existing laws, rules and regulations;
3. That further verification disclosed that there are approved mining tenements over the area that falls within the Controlled Use Zone such as the Berong Nickel Mining Corporation, and others.

In view of the said request, this Office would like to conduct an ocular inspection on the subject area, hence, please coordinate with us regarding the scheduled date of inspection and other concerns.

Respectfully yours,

  
**PEDRO A. VELASCO**
