**SUBJECT** : **SUBMISSION OF CENRO ROXAS LAWIN ASSESSMENT  
DATA CY 2022**

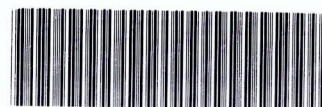

Forwarded is the Lawin Data Assessment of CENRO Socorro with regards to the quality of patrol conducted by Lawin patrollers.

Moreover, CENRO Socorro is requesting for the delay of deletion/removal of some patrol route due to conflict of conservation area to be patrolled. The SMART system uses and outdated conservation area while the patrollers use an updated conservation area which resulted in inconsistent data.

For information and consideration.

DATE:	SEP 15 2022
TIME:	

Respectfully forwarding the Lawin assessment data and the report on the meeting as part held by CENRO Socorro – MES re: the 2022 Lawin data assessment in Tagaytay on August 3-5, 2022.

Please be informed that a copy of Lawin assessment data was already sent to enforcement.mimaropa@gmail.com thru email.

Further, may we request for the delay of the removal of patrols outside of the Conservation Area (CA) due to the upcoming changes/replacement of CA. The Lawin system uses the outdated CA while the patrollers use the updated CA, thus, resulted to inconsistent data. There are instances that there were patrols outside of CA now but will be inside once the CA has been updated.

For information and record.

**SUBJECT** : **SUBMISSION OF LAWIN ASSESSMENT DATA AND REPORT  
ON MEETING RE: 2022 LAWIN DATA ASSESSMENT**

Respectfully submitting the Lawin assessment data and the report of the meeting conducted by Monitoring and Enforcement Section (MES) of CENRO Socorro on August 15, 2022 as part of re-echoing of what was discussed during the Lawin data assessment held in Tagaytay on August 3-5, 2022.

Please be informed that the soft copy of Lawin assessment data was already emailed to enforcement.mimaropa@gmail.com.

Further, attached is the report with photo-documentation on the conducted meeting re: 2022 Lawin assessment held in Tagaytay City, Cavite. The report contained the recommendation/suggestions during the said meeting and the feedbacks on the given supplies like polo shirt, shoes, pants and bags.

Further, may we request for the delay of the removal of patrols outside of the Conservation Area (CA) due to the upcoming changes/replacement of CA. The Lawin system uses the outdated CA while the patrollers use the updated CA, thus, resulted to inconsistent data. There are instances that there were patrols outside of CA now but will be inside once the CA has been updated.

For information and further instruction, if any.

## **REPORT ON THE CONDUCTED MEETING RE: 2022 LAWIN ASSESSMENT HELD AT TAGAYTAY CITY, CAVITE**

August 15, 2022

As part of re-echoing what was discussed during the 2022 Lawin Assessment in Tagaytay City, Cavite on August 3 – 5, 2022, the Monitoring and Enforcement Section (MES) Chief Ricardo R. Natividad of Community Environment and Natural Resources Office (CENRO) in Socorro held a meeting on 15 August 2022.

The activity started with the presentation by Forest Technician I Adrian V. Catud, Lawin Data Manager of CENRO Socorro. Said presentation consists of Excel file containing 2022 Lawin Data Patrols for update and possible deletion as stated in remarks, PowerPoint presentation of the images of those patrols and the Lawin Forest and Biodiversity Protection System itself. It was pinpointed that the patrols must be only within the Conservation Area and the quality of the patrols will be assessed.

After the presentation and discussion, the following were the recommendation/suggestions:

- Since there is a proposed refresher course for the patrollers, it is advised that the activity be held on the field Offices like CENROs or implementing PENROs, so that the personnel from FMB and Central Office can participate in some patrolling inside the Conservation Areas which will help them in conducting onsite validation and can interact directly to the field patrollers;
- Forest Rangers cannot perform Lawin patrolling only, since the structure of the Office is functional and all personnel have other assignments;
- Additional Bantay – Gubat or Forest Protection Officer;
- Additional Funding for transportation, clothing, allowance and hazard pay;
- Replacement of current gadgets being used in patrolling;
- Updating of Lawin System and Cybertracker suitability to all gadgets;
- Conduct of training/refresher course to all personnel involved in Lawin patrolling every three (3) years at least;
- Converting all forestlands into Conservation Area, since all parts of forestland need to be patrolled to tighten and improve maintenance and protection;

Further, the patrollers were thankful of the patrolling supplies given to them even though they have different preferences. The following were the feedbacks:

- Shoes – “*kumawang agad sa padalawang tubog sa ilog*”;
- Pants – “*mahuna ang pundiyo*”, better if tactical short;
- Polo – drifit long sleeve would be better;
- Bag – preferred smaller
