SUBJECT : SUBMISSION OF CATCH-UP PLAN OF APO REEF
NATURAL PARK FOR THE TARGET MANAGEMENT
EFFECTIVENESS ASSESSMENT (MEA)

This is in reference with the target of Apo Reef Natural Park to conduct the Management Effectiveness Assessment under the Protected Areas, Caves and Wetlands Development and Management Sub-Program. The activity should be accomplished by September 2022. However, due to unavailability of some PAMB Members, the meeting cannot push through and is scheduled on 1st week of October. The 3rd Quarter PAMB Meeting was conducted last July 26, 2022 with only 6 PAMB Members present. In this regard, we are requesting to move the accomplishment of target to November 15, 2022 to give the PAMO ample time to conduct the activity and write the report.

For consideration.
