Kindly be informed that a total of 400 stickers were prepared and 380 pieces were distributed to the six (6) Tricycle Operators and Drivers' Association (TODA) in Calapan City, Oriental Mindoro. This generally aims to raise awareness to the people on the use of plastics, most especially the single-use plastics. This would be a great platform on raising environmental awareness to the citizens since tricycle is the main mode of transportation within the City.

The stickers posted inside the tricycles is for long term use and could be a regular material for the mainstreaming and information campaign on environmental awareness specifically on the advocacy of the Regional Office under Tayo Ang Kalikasan – the prohibition/ban on the Single-use of plastics.
