The area allegedly owned by Allan Naraga is situated a few meters away from the riverbank and is within the 40 meters riverbank protection. It is also inside the PFFWRP as indicated in the signage posted a few meters away from the site. Aside from some clearings and developments, we also spotted three operational pigpens situated more or less 20 meters away from the river.

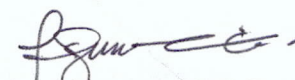

Upon the consent of Bryan Binalla, we entered the premises. We identified ourselves as DENR employees and inquired if the stockpiled lumber has any permit. No permit was presented to us. We asked who is the owner of these lumbers, Bryan told us that it is owned by Allan Naraga.

Since they failed to present any permit, we informed them that the lumbers will be apprehended for violation of Section 77, PD 705 as amended. We also informed them of their Miranda Rights.

FT Adato contacted OIC Chief For. Arjay Gregas through phone to ask for backup, a few minutes later another team from CENRO led by For. Gregas arrived to assist the advance team. FR Sapalo and FR Domondon inventoried the lumbers and come up with One hundred seventy (170) pieces of Almaciga, Dita and Ipil with corresponding volume of 1,400.15 board feet. Apprehension was then prepared and a copy was provided to the couple caretaker. All of the lumbers then hauled and delivered to this office for custody.
