“Salvage zone is res nullius and cannot be the subject of the commerce of man part of the public domain and intended for public use; and so long as this is so, it cannot be appropriated by any person except through expresses authorization granted in due form by competent authority”.

### III. ACTIONS TAKEN

The investigation team composed of Forester II James Mendoza, Special Investigator Ann J. Adriguez and Land Management Inspector Romer F. Gervacio.

### IV. FINDINGS

The results of the investigation revealed that:

1. Mrs. Norma dela Austria's complain regarding an "esplanade" is the Flood Control project of the Department of Public Works and Highways located at Brgy. Budiong, Odiongan, Romblon.
2. A Consultative Assembly called for by the Barangay Local Government of Budiong, the Department of Public Works and Highways and Sunwest Construction and Development Corporation on November 10, 2021. This was participated by the land-owners adjacent to the said flood control project. (*Annex B and C*)
3. Certificate of Non-Coverage CNC – R4B -0222-0010 was issued by the Environmental Management Bureau on February 11, 2022 for the construction of the said flood mitigation structure. (*Annex D*)
4. The Notice to Proceed given by DPWH to Sunwest Construction and Development Corporation was dated February 23, 2022.
5. The Municipal Government of Odiongan does not include Brgy. Budiong on the list of classified urban areas in Odiongan. Only Poblacion, Dapawan, Poctoy and Gabawan. (*Annex E*)

### V. COMMENTS AND RECOMMENDATIONS

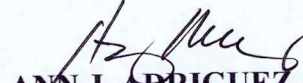

The 230 meter-long project is already completed but has violated Section 51 of P.D. 1067, since the Municipal LGU has not classified Brgy. Budiong as an urban area. Furthermore, projects of DPWH must always adhere to environmental laws and policies. A dialogue between the two agencies may be initiated in order to address future issues surrounding projects as such.
