This Office

SUBJECT : Request for Verification and Further Available data on the Submitted Control and Projected Status Map of Mineral Production Sharing Agreement No. 304-2009-IVB Granted to Altai Philippines Mining Corporation in the Municipality of San Fernando, Province of Romblon.

This refers to the Memorandum dated 24 August 2022 of the Provincial Environment and Natural Resources Officer (PENRO) of Romblon regarding the above cited subject, which was forwarded also by your Office for verification.

Please be informed that this Office cannot provide the verification requested. We have no supporting data on:

1. the existing cadastral map from the PENRO;
2. the projected map attached in the Memorandum dated 14 September 2005 of the delineation of 4MCO CBFM area; and
3. the proposed 100-meter buffer zone of Mt. Guiting-Guiting Natural Park (MGGNP) conducted by then Regional Composite Survey Team of DENR MIMAROPA.

In view thereof, we are respectfully requesting clarifications on the conflicting result of the delineation of MGGNP with the existing cadastral maps and with the previous MGGNP delineation conducted in 2005.

For the Regional Executive Director's consideration.
