Dear Director,

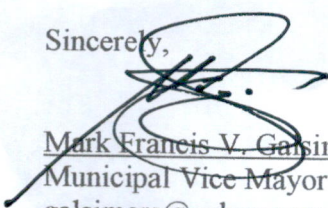

Greetings of peace and prosperity!

The Local Government of Santa Cruz, Occidental Mindoro is eyeing for a green community. Nowadays, we're facing strong storms, unpredicted natural calamities and adverse climate change. Through collective efforts of every municipality in conserving and re-greening our environment, we can make difference for the sake of the future generations.

With this, may we request from your good department to grant our LGU ten thousand (10,000) "**giant bamboo seedlings**" as part of our LGU drive to promote and conserve our green environment. We prefer giant bamboo seedlings because of its numerous uses and benefits in dealing with health, livelihood and in environmental protection.

Praying and looking forward on this request. Thank you very much!

Sincerely,

Mark Francis V. Galsim
