PENRO PALAWAN

Respectfully forwarded is the report of ECOMS Roy D. Pascual dated August 22, 2022, on the conducted Survey, Mapping, and Planning (SMP) of CENRO-Coron, Palawan for the CY 2023 eNGP target.

Please be informed that this Office had already accomplished the 350 hectares site assessment for the eNGP CY 2023 target on August 05, 2022. Other activities like collection of soil for soil analysis, identification of rivers and creeks intended for nursery establishment, and identification of native species in the area have been conducted and recorded.

In addition hereto, the soil analysis using Soil Test Kit (STK) and the Information Education and Communication Campaign for the two (2) Barangay has been accomplished on July 29 and August 03, 2022. To date, the SMP Team has started preparing the report writing including the preparation of thematic maps of the assessed area.

The herein report was submitted as part of the Office MOVs required by the Planning Office.

For your information and record.

MEMORANDUM

FOR : The Community Environment and  
Natural Resources Officer

FROM : ECOMS Roy D. Pascual  
NGP Coordinator

SUBJECT : SUBMISSION OF REPORT ON THE CONDUCTED SITE  
ASSESSMENT, SURVEY, MAPPING AND PLANNING (SMP) OF  
ENGP CY 2023 TARGET OF CENRO CORON, PALAWAN

In compliance with the issued CENRO Special Order No. 016 Series of 2022, the SMP Team of CENRO-Coron, Palawan conducted the Site Assessment, Survey, Mapping and Planning (SMP) for eNGP CY 2023 target located at Barangay Turda and San Nicolas, Coron, Palawan.

Please be informed that the Team commences the activity starting on July 05 to August 05, 2022, and conducts actual site assessment within the two (2) Barangay in the municipality of Coron, Palawan. The collection of soil samples for soil analysis has been conducted to determine the suitability of species to be planted in the area. The collected soil samples have been air dried for a particular number of days before soil analysis using the Soil Test Kit.

In addition hereto, the identification of rivers and creeks has been considered also to determine the availability of water for the nursery establishment and seedling production. Likewise, the identification of native species found in the area has been recorded to be the priority species to be planted.

Furthermore, an integral part of SMP is the conduct of the Information, Education, and Communication Campaign (IEC) to the stakeholders of the assessed/evaluated areas. The IEC Team leader conducted two (2) IEC within the said Barangay on July 29, 2022 (Brgy. Turda) and August 03, 2022 (Brgy. San Nicolas) and actively participated with 73 individuals from LGUs, PO, Religious groups, IP leader and other members of the community.

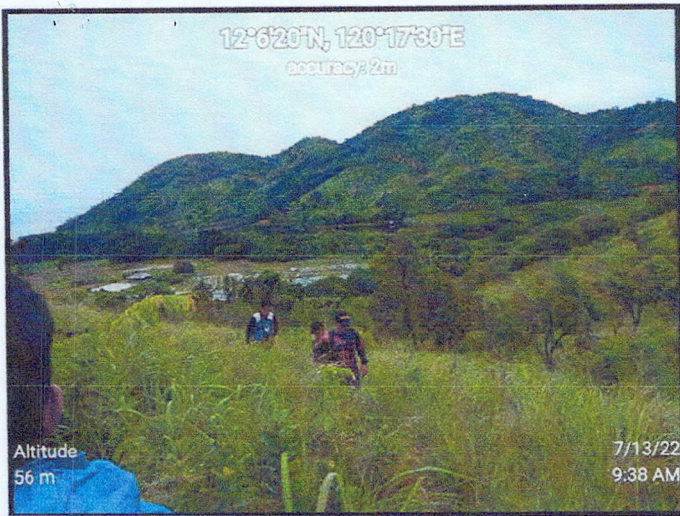

The purpose of conducting the IEC was to educate the surrounding communities about the program of the Department called the enhanced National Greening Program (eNGP) by Executive Order No. 193 Series of 2015 and other policies implemented by the DENR in terms of natural resources protection, conservation, and management.

To date, the activity for SMP has been completed that covers the 350 hectares for CY 2023 target except for report writing and the thematic maps of the assessed area.

For information and record.
