MEMORANDUM

FOR : The Regional Executive Director
DENR MIMAROPA
1515 L&S Bldg., Roxas Blvd.
Ermita, Manila

FROM : The Provincial Environment and
Natural Resources Officer

SUBJECT : **COASTAL CLEAN-UP ACTIVITY AT LINDA ISLAND,
BARANGAY CAGUISAN, NARRA, PALAWAN**

Forwarded is the memorandum dated August 05, 2022 of CENRO Quezon along with the report on the conducted coastal clean-up activity at Linda Island, Barangay Caguisan, Narra, Palawan that serves as **Means of Verification (MOV)** to the target activity under Management of Coastal and Marine Resources/Areas of Rasa Island Wildlife Sanctuary (RIWS) – Conduct of direct activities.

Based on the report, the said activity was conducted by the PAMO-RIWS personnel and on-the-job trainees of Western Philippines University in coordination with the Barangay Local Government Unit (LGU) on July 29, 2022. The team collected a total of ten (10) sacks of trash during the activity. The garbage collected was brought back by the BLGU officials and participants for proper disposal.

Attached are photo documentation and International Coastal Clean-up Data Sheet.

For information and record.

August 2, 2022

MEMORANDUM

FOR : The Community Environment and Natural Resources Officer
Quezon, Palawan

FROM : The Protected Area Management Office Staff

SUBJECT : **COASTAL CLEAN-UP ACTIVITY IN LINDA ISLAND, BGY.
CAGUISAN, NARRA, PALAWAN**

Please be informed that the PAMO-RIWS staff together with the DENR Narra Sub-station personnel and on-the-job trainee's student from Western Philippines University conducted coastal clean-up activity at Linda Island, Bgy. Caguisan, Narra, Palawan on July 29, 2022 in coordination with the Barangay Local Government Unit. The said activity was in compliance to the PAMO-RIWS 2nd direct activity under Coastal and Marine Ecosystems Rehabilitation Sub-Program/Management of Coastal and Marine Resources/Areas for FY 2022.

A total of 10 sacks of garbage was collected during the clean-up activity of which most are composed of plastic bottles, styrofoams, plastic wraps, used nylons and ropes. Aside from the sea current that brings garbage debris in the island, unregulated anthropogenic activity and their improper waste disposal when visiting the island also contributes to littering in the area.

The activity started at 9:00 o'clock in the morning, successfully ended before lunch time. The garbage collected was brought back by the BLGU officials and participants for proper disposal.

Relevant photos are attached.
