MEMORANDUM

FOR : The Provincial Environment and Natural Resources Officer-Palawan
Sta. Monica, Puerto Princesa City

FROM : The Community Environment and Natural Resources Officer
This Jurisdiction

SUBJECT : **JUSTIFICATION ON THE SIX HUNDRED THOUSAND
(600,000.00) PESOS INTENDED FOR THE RENOVATION/
REPAIR OF THE VARIOUS BUILDING WITHIN THE
JURISDICTION OF CENRO TAYTAY**

This pertains to the verbal instruction for this office to give justification on why the six hundred thousand (600,000.00) pesos intended for the renovation/repair of the various building within the jurisdiction of CENRO Taytay is not yet utilized.

The Regional Office requires us to submit Scope of Work for major repair/rehabilitation of building and other structures compliant to the latest standard and costing set by the Department of Public Works and Highways. The work requires expertise of a registered Civil Engineer. Our office has no available registered Civil Engineer, so we ask assistance to the PENRO dated January 19, 2022 and letter to DPWH dated March 4, 2022 but no avail.

We are forced to hire a private License Civil Engineer last March, fifteen days after the letter to DPWH to do for the job description required. The inspection of the damage establishment was conducted on the same month but the report was just submitted by the concerned Civil Engineer on the month of May or two months after the inspection.

Attached is the memorandum for PENRO and letter for DPWH.

For information, records and consideration.

Dear Engr. Aguirre,

Environmental greetings!

The Department of Environment and Natural Resources (DENR) -Central Office has issued and downloaded fund for the rehabilitation/repair of building damaged by Typhoon Odette through the release of Sub-Allotment Advice No. CO-R4B-101-2022-01-034 dated January 19, 2022 amounting to P600,000.00. The building/structure to be repaired include CENR Office, PAMO- Malampaya Sound Protected Landscape and Seascape (MSPLS), PAMO- El Nido-Taytay Managed Resource Protected Area (ENTMRPA), MSPLS Visitor Center in Barangay Poblacion, Taytay, Ranger Station in Barangay Tumbod, Taytay and FPMS II in Barangay Bagong-Bayan, El Nido, Palawan.

One of the requirements to utilize the said fund is to submit Scope of Works for major repair/rehabilitation of the damaged infrastructure compliant to the recent standard cost estimates set by the Department of Public Works and Highways. The work necessitates expertise of registered Civil Engineer. Thus, we seek assistance from your Office for the preparation of Scope of Work knowing that it may be attended to by and with the kindness of any of your resident Civil Engineers. The Scope of Work shall cover the damages of the aforementioned buildings/structures. Attached are the copies of some documentation of the damages caused by the typhoon.

We would appreciate your prompt consideration hereon. Thank you.
