### I. EVALUATION OF THE COURSE:

- **Technical Content:**

The technical content of the course is brief and suitable for DENROs/SDENROs participants to capacitate the knowledge of our local officials with regards to proper handling/apprehension and confiscation of illegal forest products.

- **Impressions/Comment:**

I would like to congratulate the facilitators and speakers on this orientation for a job well done. The presentations of the lectures were brief and concise.

### II. RELEVANCE OF THE LEARNING EVENT TO PARTICIPANTS WORK/FUNCTION

The course is timely and suited to all participants as they are also members of the Barangay Official Committee on the Environment and company representatives assigned to forest protection and mined rehabilitation. There are some issues that were raised during the training, one of which is the issue regarding the overlapping of functions of NCIP to the Mining, wildlife, and Protected area.

### III. RECOMMENDATIONS

By studying the rules and regulations on Environmental Laws, the integration of LAWIN Patrol in critical areas within their AOR is essential. Strong coordination and collaboration of both LGU members and LAWIN Patrollers of DENR are highly recommended.

The facilitators of the event are commended for their efforts in making the capacity building possible but the time management may still be improved.

#### IV. POST LEARNING ACTION PLAN/PROPOSAL

PROPOSED PLAN/ ACTIVITY/ OUTPUT	TIME FRAME
<ul style="list-style-type: none"><li>• Another paralegal training for the Deputation of Environment Resources Officer (DENROs) in the Municipality of Brooke's Point, Palawan, to capacitate the LGU representatives with regards to all implementation of Environmental Laws.</li></ul>	September 2022
