THRU : The PENR Officer
Mamburao, Occidental Mindoro

FROM : The Protected Area Superintendent
Mts. Iglit-Baco Natural Park

SUBJECT : **ACCOMPLISHMENT REPORT ON THE CONDUCTED
STAKEHOLDERS WORKSHOP FOR THE
DEVELOPMENT OF HABITAT RESTORATION PLAN
FOR TAMARAW CORE ZONE WITHIN MTS. IGLIT-
BACO NATURAL PARK (MIBNP)**

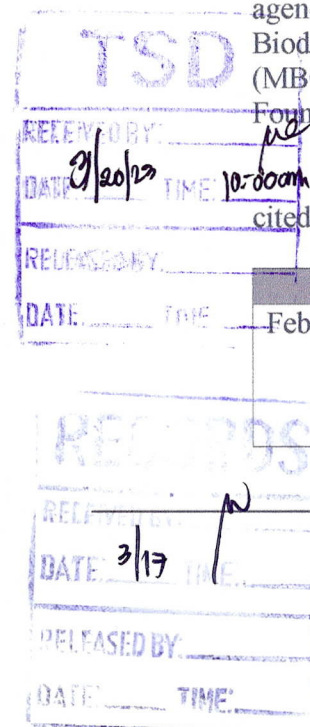

In line with the service and commitments of Mts. Iglit - Baco Natural Park - Protected Area Management Office and in compliance with Regional Special Order No. 80 Series of 2023, dated February 27, 2023, respectfully submitted herewith is the accomplishment report on the conducted "Stakeholders Workshop for the Development of the Habitat Restoration Plan for the Tamaraw Core Zone within Mts. Iglit - Baco Natural Park" last February 15-16, 2023, at Seasons Hotel and Convention Center, San Jose, Occidental Mindoro, which aims to guide decision-makers and conservationists to ensure that the number of species and each subpopulation reaches a viable level - the tamaraw in particular, retain the traditional practices of the residing Tao-buid communities inside MIBNP, and support the National Biodiversity Strategy and Action Plan (PBSAP) cognizant of the implementation of the Protected Area Management Plan (PAMP) of MIBNP and the Tamaraw Conservation and Management Action Plan (TCMAP).

The workshop was attended by individuals from different government, non-government agencies, and IP community; including DENR, Biodiversity Finance (BIOFIN) Initiative, Biodiversity Corridor (BD Corridor Project), Mindoro Biodiversity Conservation Foundation (MBCFI), D'Aboville Foundation (DAF), University of Santo Tomas (UST), HARIBON Foundation, and Tao-buid tribe.

Thus, the following is a summary of the discussions/proceedings covering the above-cited dates:

Dates	Discussions	Remarks/Agreement Reached
February 15, 2023	• Presentation of Rationale, Objectives, and	• Discussed by Mr. Neil Anthony Del Mundo, Tamaraw Conservation Program (TCP) Coordinator. He mentioned that the purpose of the

	<p>Expected outputs of the Workshop</p>	<p>workshop aims at harmonizing the TCMP, PAMP, and Habitat Restoration Plan within the Ancestral Domain of the Tao-buid tribe and develop the 7-year Habitat Restoration Action Plan within Mts. Iglit - Baco Natural Park (MIBNP).</p>
	<ul style="list-style-type: none"> • Presentation of validated species identified during the field work conducted by BIOFIN 	<ul style="list-style-type: none"> • Mr. Thaddeus Martinez from HARIBON presented their findings during site visit inside MIBNP. He also mentioned different flora species suitable for reforestation of Tamaraw Core Zone inside MIBNP.
	<ul style="list-style-type: none"> • Presentation of Documentation of political structure, land use, and other resource use practices of Tao-buid 	<ul style="list-style-type: none"> • Presented by Mr. Ronet Santos from the D'Aboville Foundation (DAF). He discussed the political structure, land resource use, and other practices of Tao-buid with relation to conservation and protection of Tamaraw.
	<ul style="list-style-type: none"> • Workshop Proper 	<ul style="list-style-type: none"> • Participants were divided into two (2) groups to discuss and explore recommendations in the following Habitat Restoration Plan objectives, as follows: Objective 1: Ensure that all stakeholders understand the rationale and agree to the proposed strategy for habitat restoration. This objective identifies actions that will facilitate the gradual shift of strategy and activities related to the regular grassland burning used for Tamaraw population count to an environmentally safe and biodiversity-friendly scheme. Objective 2: Organize and monitor the planned phase-out of the DENR managed grassland burning used for the tamaraw counting purpose and establish a habitat restoration plan. This Objective recommends action and activities that will help
