**FROM :** The OIC-PENRO  
Oriental Mindoro

**SUBJECT : STATUS REPORT OF CENRO SOCORRO FOREST NURSERY  
FOR 1<sup>st</sup> QUARTER CY 2023**

Submitted is the status report of CENRO Socorro on the established forest nursery located at Brgy. Paitan, Naujan, Oriental Mindoro.

As of this date, CENRO Socorro forest nursery already attained and produced 686 target number of bamboo culms/propagules. Further, for fruit trees, 100 seedlings of durian and rambutan or 10.42% out of the 960 seedlings target for this year are available at the nursery, while 300 seedlings of narra were already transplanted to polyethylene bags.

Continuous maintenance activities were undertaken within the nursery to maintain and protect the seedlings from pest and diseases.

For information and record.

March 21, 2023

**MEMORANDUM**

**FOR** : The CENR Officer

**THRU** : The Chief, CDS

**FROM** : The NGP Coordinator

**SUBJECT** : **STATUS REPORT ON THE CENRO SOCORRO FOREST NURSERY FOR 1<sup>ST</sup> QUARTER CY 2023 ACCOMPLISHMENTS**

In line with the targets stipulated in the Work and Financial Plan (WFP) of CY 2023, a one hectare forest nursery is being maintained at Paitan, Naujan, Oriental Mindoro. To attain the goal of the project, some of the forest nursery basic facilities are also maintained. As per record, ten thousand (10,000) indigenous seedlings were produced last year. These seedlings are also maintained at the nursery.

For CY 2023, CENRO Socorro forest nursery have a target number of seedlings and culms/propagules to be produced based on Maintenance and Operationalization of Established Forest Nurseries CY 2023 Work Program received from Regional Office. The seedlings to be produced were indicated as follows: indigenous species (9,000), fruit trees (960) and bamboo species (686). As of this date, the target number for the bamboo culms/propagules were attained already, 100 seedlings for fruit trees (durian and rambutan) were available in nursery, and 300 pieces of narra seedlings were transplanted from seed bed into the potted soil.

The nursery will be continuously maintained and protected from ruminant animals, pests and diseases and other forms of destruction.

For information and record.
