In response to your email dated March 14, 2023 on the above subject, please be informed that we are having the same donation drive on the incident. We have also coordinated with some CENROs in the southern part of Palawan to help donate other materials for the spill boom.

Areas of Barangay Poblacion and Pamantolon had already initiated the making of improvised oil spill boom made of cloth and coconut husk. This Office is also calling for donation through Information, Education and Communication (IEC) campaign and other media platforms to donate old clothes and other materials that could be used for the said spill boom.

Today, Our Office is in continuous coordination with the Municipal Disaster Risk Reduction Management Office (MDRRMO) and the affected barangays through our embedded personnel from Environmental and Management Bureau (EMB) and our Information Officer is still keeping to the concerned offices of the municipality in touch to be updated with this issue.

Thank you.
