Dear Maam;

Warmest Greetings!

Tactical Operations Wing West (TOW West) is at all times a reliable partner in nation-building as protector of the people and the country's sovereignty for peace and national development particularly in this Island Province of Palawan.

Related hereto, the master Development Plan (MDP) of ABAB serves as the footprint in implementation of infrastructure projects and future developments within the base. Hence, in order to fully implement the MDP, it is necessary to determine the metes and bounds of the real properties administered by TOW West as part of the mandate of this Wing in securing the real properties of the AFP.

With the foregoing considerations, a relocation survey within the ABAB Joint Base Complex and along Brgy, Banca-banca, Puerto Princesa City, Palawan is tentatively scheduled on the 3rd week of April 2023 together with the representatives from the Air Force Real Estate Office and 355th Aviation Engineering Wing. Moreover, it was recommended by the Higher Headquarters that there should be a representative from the DENR during the conduct of the relocation survey for the authenticity of the documents that will be generated in the future.

In this regard, may we respectfully request from your good office for the availability of your technical personnel to join the conduct of Relocation Survey to determine the metes and bounds of the real properties administered by TOW West during the aforementioned schedule.

Should there be any queries, please feel free to contact the undersigned with contact number 09164885393.

Further, your support to this activity will undoubtedly provide great help to this Unit to efficiently and effectively perform the mission of the Philippine Air Force in particular to the Armed Forces of the Philippines in general.

We are looking forward to your positive response on this matter, Godspeed and may you have a safe day!

Very truly yours,

RODELIO M TUYAC
2LT, PAF
Chief, BCESO
