This refers to the submitted FY 2023 Office Performance Commitment and Review of the DENR MIMAROPA Region. Upon review and evaluation, hereunder are our comments and recommendations:

- Remove the indicator "100% SALN submitted to DENR Personnel Division based on Section 8 of RA 6713 on 28 February 2023" since this is for DENR Central Office only;
- The standard physical target for Transparency Seal requirement is 40 and not 29;
- On kilometer boundary protection forest delineated, change the physical target 167 to 197;
- On revenue collection, provide the basis for the amount PhP32,514,196;
- On water quality assessment monitoring of legislated NIPAS MPAs, change the target from 2 to 9; and
- On survey plans through LAMS, you only targeted 1,000 but in your WFP target for both the residential and agriculture lands is 1,320.

In view of the above, kindly revise the OPCR to reflect the above-stated comments/recommendations and resubmit to this Office for final review and endorsement.

For consideration.
