DIR. JOE AMIL M. SALINO
Regional Director
Environmental Management Bureau- MIMAROPA
Department of Environment and Natural Resources
6th Floor, DENR By the Bay Building
Roxas Boulevard, Ermita, Manila

Greetings:

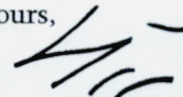

As we implement and manage the Municipality's Sanitary Landfill not only to comply with Republic Act No. 9003, otherwise known as the Ecological Solid Management Act of 2000 but to ensure the health and safety of our constituents, we are also responsible for making sure that programs and activities stipulated in the Safe Closure and Rehabilitation Plan are implemented accordingly.

Such a plan is our only basis for determining the status of completion and ensuring that our actions are in line with the plan.

Due to unavoidable circumstances, the printed copy as well as the electronic copy of the plan was lost. The only information we have, as stated in the Municipality's 10-Year Solid Waste Management Plan was then the basis of the Local Government of Sablayan to take action and commence with. We ask for your able understanding of our predicament as we have to act and remedy this problem.

Relative thereto, we humbly request to provide a copy of the same or any available documents that would provide us guidance as we implement the SCRP. This would be very helpful in doing measures to protect the environment.

Thank you.

Very truly yours,

WALTER B. MARQUEZ
Municipal Mayor
