**MEMORANDUM**

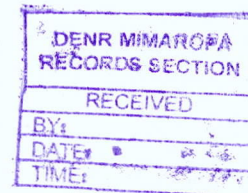

**FOR :** The Regional Executive Director  
MIMAROPA Region  
1515 DENR by the Bat Building, Roxas Boulevard,  
Barangay 668, Ermita, Manila

**THRU :** The Assistant Regional Director for Technical Services

**FROM :** The OIC, PENR Officer

**SUBJECT :** PROGRESS REPORT ON THE RE - SURVEYING AND  
MAPPING OF EXISTING TENURIAL INSTRUMENT

**DATE :** March 31, 2023

Respectfully submitting the Progress Report on the Re-Surveying and Mapping of Existing Tenurial Instrument.

The Community-Based Forest Management area situated in Barangay Bunsoran, Ferrol, Romblon with CBFMA DENR-IV, ROM No. 00-003 is the site for this year's target on re-surveying and mapping.

For the first quarter of CY 2023, preparatory activities have been set in order to accomplish this target. Gathering and collection of available information, shapefiles, analog maps and copy of tenure agreement was first done. Per verification from the records of this Office, the CBFM area subject for re-surveying has a corresponding Lot No. 4367, CAD 341-D, Odiongan Cadastre on the cadastral map and is declared as forestland. The meets and bound also of forestland from the cadastral map is different from the Land Classification Map.

In preparation for the field survey, we seek assistance from the Barangay Officials and Peoples Organization who are knowledgeable on the boundary, corners and permanent markers in the area. That upon ground validation of the survey team, three (3) DENR monuments, five (5) old monuments (corner lots in cadastral survey) and three (3) Barangay Boundary Monuments were verified using GNSS-RTK. The DENR monuments were also found out of proper geographic locations when plotted to the cadastral map. As of this date, ongoing re-survey activities was conducted. Final report will be submitted soon.

For your information and record.
