ENFORCEMENT AND MONITORING SECTION		
Forest Product Monitoring Stations (FPMS)	Kalagayan sa kasalukuyan	Nakatalaga
1 Ilista ang mga kailangan sa mga patrol works para mapurchase ng office. Mag invite from RHU para sa first aid na kailangan ng mga nagpapatrolya. About sa bandzaw, may report na at draft letter na ipapareceive sa P.O ng CBFM to formally inform na di dapat galawin hanggat walang permit.		FPMS 1
2 Ibigay ang listing ng mga materials na kailangan pang bilhin para mabuo na, including the signages at pagbabakod at yong clean-up, observe ang kalinisan kasi laging nadadanan ng mga opisyalles natin. Sa house shed ng Gen.Set, nandiyan na, naghahanap pa ng karpentero para magawa na. Yong room na gagawing storage ng mga supplies, hollow blocks at buhangin na lang ang kulang.		FPMS 2
3 About sa station ng FPMS III, wala pang final location, ipriority ito para malanaan ng budget. Ifinalize na ang mga materyales na maaring bilhin.		FPMS 3
4 Pinakuha yong mga chairs na kumpiskado para sa conference room and about sa Itatayong 2 milyon na lumber shed dun pa rin sa Lamoro, base sa plan magiging permanent structure ito. Kailangan lang iapprove ng DPWH.		FPMS 4
5 Hanapan kung saan pwede tayuan ng site ang SWIS for 2 milyon. Ang pinaka-purpose nito is within NGP para gamiting pandilig, dahil malalaki na ang project, maari na itong ilapit sa community para sila na ang mag maintenance.		FPMS 4
6 Isama sa LAWIN ang surveillance dahil nasa conservation area kapag mangrove.		FPMS 5 & LAWIN
7 Imonitor ninyo, surveillance muna. Kumpiskahin ang bangka at kasuhan yung sa tinutukoy na mayaman at mayabang na tao sa Binaluan.		FPMS 6
8 Reminder sa target area for the LAWIN patrol ibang barangay naman for the next quarter. Reminder din about sa threats, part of WFP na every encounter na threats, kailangan ma-aksyunan, otherwise filean ng kaso, that's the ultimate action.		LAWIN
9 Pwede ng isabay ang filing ng case habang naga-admin hearing para hindi na tumagal ang documents.		EMS
10 Ang magagawa ng team is to recommend sa naging result ng imbestigasyon, what are the observations, actual na findings		Compliance &

and recommend to the higher authorities kung ano ang magiging final decision o instructions.

REGULATION AND PERMITTING SECTION

- 1 Mag-schedule ng activity na gagawin outside. Isabay sa IEC para isang lakad.

CONSERVATION AND DEVELOPMENT SECTION

- 1 Yong CARRP at this year, maaring matuldukan na, tapusin na ang mga hinihingi ng Region para wala ng utang. Then, yong
- 2 bandzaw, siguraduhing hindi nila galawin, otherwise kunan ng search warrant kung talagang matigas sila. Ipadala ang sulat
- 3 para may basis na i-apprehend o isearch ang bandzaw. Sa SWIS, PENRO ang nag-bid pero may counter part ang CENRO
- 4 dahil merong naka-allocate na PMS yan. About P50,000.00 ang corresponding budget for the CENRO to monitor during
- 5 the implementation of the SWIS. Mag-assign ng personnel just to monitor yong implementation nung SWIS.
- 6 May isa (1) pang kulang sa hiring ng NGP. Sa Inspection Acceptance Committee (IAC) pag-usapan ang dapat gawin dahil
- 7 this February na magrequest ang mga P.O o NGP partner para sa na-accomplished this quarter. Yong fireline, EMS
- 8 target ito for 1st quarter, i-map na ito para magawa na ang fireline construction.
- 9 Good na marami ng na-accomplished for WFP, ganun dapat gawin lahat. Fund utilization follow na agad.
- 10 Mag-join ang lahat ng Team Leader ng bawat activity sa assessment sa February 22-26.
- 11 Sa aalisang ng Gen.set ilalagay ang daycare center at lactation facility, magiging waiting area ng mga client yong ilkod,
- 12 hahanapan lang kung saan ilalagay ang parking area. Within this quarter matapos lahat ng improvements na gagawin sa
- 13 Office, kaya hinihingi ko ang tulong nyo para matapos na. Reminders, wag ng maulit yong Ara-Dos na hindi nakasama
- 14 sa accounts payable.
- 15 Coordinate with the CENRO & PAMO yong activity patungkol sa water quality monitoring at analysis.
- 16 Isama na sa water sampling ang Malampaya.
- 17 Mag-assign ng isang (1) personnel na makakasama for field works. Continuous monitoring of inventory ng issued CDO's.
- 18

PLANNING ADMINISTRATIVE AND SUPPORT SERVICES

- 1 Attended hearing last February 1 & 2 sa PENRO.
- 2 Over the weekend, attended the IPCC of some personnel.
- 3 - Paki-prepare ang commitment sheet.
- 4 Sa SWIS, pinakamagandang panahon para mag-identify ay summer, para malaman kung may tubig talaga.
- 5 On going ang draft memo na nakalagay ang compliance information ng GAD, EMS, Senior Citizen, Youth at iba pa.
- 6 May LAWIN report last January pero wala pang response.

CENRO hour

* Binanggit ng CENRO na mag-join ang ibang member ng team sa mga schedule ng IEC. Mag start na ng community meeting, i-identify yong hotspot.

6. Sa reporting ng maintenance of facilities sikapin na may mga MRF na rin ang bawat estasyon, PAMO at iba pang facilities ng DENR.

All personnel assigned at DENR facilities

PLANNING ADMINISTRATIVE AND SUPPORT SERVICES

- 1. Paalala sa vouchers, walang erasure at pag-aralan ng mabuti at maayos bago iprint.
- 2. I-workout natin ang IPCC commitment sheet.
- 3. Sa mga hindi nagT-TEV at sa mga J.O's, I will suggest na group T.O. ang gawin lalo na isang purpose lang naman upang makatipid sa supplies at panahon. Isasanguni ito kay CENRO.
