January 27, 2023

MEMORANDUM

FOR : The Community Environment and Natural Resources Officer
THRU : The Chief, Conservation and Development Section
FROM : The Undersigned
SUBJECT : **COMMUNICATION, EDUCATION AND PUBLIC AWARENESS
IN BARANGAY TINITIAN, ROXAS, PALAWAN**

Please be informed that on January 26, 2023, the undersigned conducted Communication, Education and Public Awareness in Barangay Tinitian, Roxas, Palawan.

The CEPA was conducted during the meeting with the Certificate of Stewardship Holders and Barangay officials of Tinitian facilitated by FT II Fatima Jane T. Andres. The CEPA was conducted in celebration of the National Zero Waste Month.

The topics discussed were Marine Debris focused on Plastic Pollution, Importance of Mangrove and Seagrass Ecosystems, and RA 9147. The chosen topics were significant as Barangay Tinitian is one of the Coastal Barangays of Roxas with present Marine Protected Area and remaining rich mangrove forest and seagrass meadows. Marine mammals such as Dugong and marine turtles which are both classified as critically endangered species (CN) under IUCN Red List can also be found in the barangay. The participant's response was appreciated as they also want to participate and initiate activities that will help conserve their coastal and marine resources.

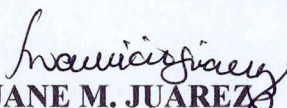

It was suggested that the participants request technical assistance from our office when conducting activities like mangrove tree planting to ensure proper selection of the sites and propagules to be planted.

Please see attached photo documentation.
