DATE: 01.10.2023 DN 23.0452

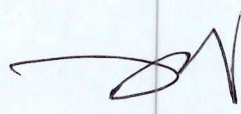

This pertains to the memorandum dated November 14, 2022 regarding the South China Sea - Strategic Action Plan (SCS-SAP) implementation and validation of Accomplishment.

In this regard, please excuse this Office for the failure to elaborate the submitted report dated October 25, 2022 regarding the conducted levelling-Off Meeting on the Updates of the SCS-SAP which resulted to the misconception that the reported mangrove project covering 907.71 hectares was implemented by this Office.

Please be informed that the reported area is the total mangrove cover in San Vicente, Palawan. It is based on the updated Environmental Critical Area Network (ECAN) Map provided by the Palawan Council Sustainable for Development (PSCD). During the levelling-off meeting, the representatives of this Office clarified the validity to include and consider these areas as accomplishments. Hence, all the representatives present in the activity agreed in favor of the inclusion based on the existing laws and policies that are in effect in the province of Palawan such as, the *R.A. 7611 - Strategic Environmental Plan for Palawan*, *P.P. 2152 - Declaring the Entire Province of Palawan and Certain Parcels of the Country as Mangrove Swamp Forests Reserves*, *P.P. 219 - Declaring the Entire Province of Palawan as Game Refuge and Bird Sanctuary*, and the *Small Island of Palawan as National Reserves*.

The copy of map/shapefiles of updated ECAN map of San Vicente was forwarded to crfmscddmimaropa@gmail.com

For information.
