MEMORANDUM

TO : All CENROs

FROM : The Provincial Environment and Natural Resources Officer

SUBJECT : **ISSUANCE OF SURVEY AUTHORITY RELATIVE TO THE MISCELLANEOUS LEASE APPLICATION (MLA)**

Referred is the memorandum of the Regional Executive Director dated February 4, 2023 instructing to look into important particulars during investigation for issuance of Survey Authority covering Miscellaneous Lease Application involving Foreshore areas to wit:

1. Check the environmental aspect such as coastal and marine flora and fauna (i.e. mangroves, corals, sea grasses, etc.) for these might be affected by the proposed structure to be constructed and
2. Revisit respective Provincial Foreshore Development Management Plan (PFDMP) to ensure such project is in accordance with the highest and best use.

The subject instruction is sought for guidance and strict compliance to ensure that the application is legally permissible, ecologically viable and economically valuable, socially acceptable, compatible with adjacent land uses.

MEMORANDUM

TO : ALL PENR OFFICERS

ATTENTION : ALL CENR OFFICERS
ALL CHIEFS, TECHNICAL SERVICES DIVISION

FROM : THE REGIONAL EXECUTIVE DIRECTOR

SUBJECT : ISSUANCE OF SURVEY AUTHORITY RELATIVE TO THE
MISCELLANEOUS LEASE APPLICATION (MLA)

DATE : FEB 04 2023

This pertains to the conduct of investigation for the issuance of Survey Authority to survey a parcel of land (foreshore) relative to the Miscellaneous Lease Application (MLA) for the purpose of constructing jetty/causeway or other similar structure.

In addition to the basic information being investigated by the Land Inspector before the issuance of Survey Authority, you are instructed to check the environmental aspect such as coastal and marine flora and fauna (i.e. mangroves, corals, seagrass, etc.) that might be affected by the proposed structure to be constructed in the area being applied. Likewise, revisit your respective Provincial Foreshore Development and Management Plan (PFDMP) to ensure such project is in accordance with the "Highest and Best Use" of the subject foreshore land as stipulated in the said plan. This is to ensure that said application/project is legally permissible, ecologically viable, economically valuable, socially acceptable and compatible with adjacent land uses.

For information, guidance and strict compliance.
