**A RESOLUTION REQUESTING THE PENRO TO REQUIRE ALL GEODETIC ENGINEERS PRACTICING IN PALAWAN TO SUBMIT CERTIFICATES OF GOOD STANDING (CGS) AS REQUISITE FOR THE SURVEY AUTHORITY AND APPROVAL OF PLANS**

WHEREAS, there were complaints of illegal practices of conducting land surveys in Palawan wherein property owners hired unlicensed survey personnel which compromises the precision and accuracy of boundary demarcation over parcels of land and notoriously competes with the surveying fees pursuant to the approved tariff;

WHEREAS, it is also unethical for geodetic engineers to practice and execute surveys with fees without a renewed PRC licensed card;

WHEREAS, since this issue is very alarming to professional practice and must be addressed to the public, the campaign for anti-colorum and unethical practices of Geodetic Engineering is launched because it clearly violated the provisions stipulated pursuant to RA 8560 and RA 9200, as amended;

WHEREAS, the investigation over these illegal and unethical practices commenced already through its Ethics and Grievance Committee chaired by the Vice President, and has been continuously working on plans and several courses of action;

WHEREAS, the Department of Environment and Natural Resources, one of the most vital government agencies related to land surveying, will be informed and will keep them aware of such malpractices which may deceitfully cause minor and infamous land problems in the future;

WHEREAS, a Certificate of Good Standing is one of the requisites prior to the renewal of PRC licensed card and a requirement for licensed private geodetic engineers to submit plans for approval;

WHEREAS, this is to strongly support the campaign for *Anti-Colorum and Unethical Practices Geodetic Engineering* which is clearly a violation pursuant to RA 8560 & RA 9200 as amended.

NOW THEREFORE, be it resolved by the members of the Board, requesting the PENRO to require all GE practitioners in Palawan to submit their respective Certificate of Good Standing (CGS) duly certified by the GEP Palawan Chapter, to strongly support the campaign for *Anti-Colorum and Unethical Practice of Geodetic Engineering*.

RESOLUTION NO. 7, SERIES 2022-2023

**A RESOLUTION REQUESTING THE PENRO & CENRO TO ALLOW THE  
GEODETIC ENGINEER TO HAND-CARRY THE SURVEY ENVELOPE FROM  
PENRO TO DENR REGIONAL OFFICE**

Whereas, there were inquiries from the members of GEP Palawan on how to expedite the processing and approval of survey plans at the DENR Regional Office;

Whereas, suggestions were raised to come up with alternatives as far as hastening the transport of their survey envelopes from PENRO and CENRO to the DENR Regional Office;

Whereas, the survey envelopes submitted by geodetic engineers to PENRO and CENRO for endorsement to the Regional Office are transported through post offices which took longer days before it may be received;

Whereas, there are claims in which the documents are wrinkled, with ink spread and blotting, and other minor document damages caused by liquid spills, and the members who were submitting their plans have little to no knowledge of which office has caused it;

NOW THEREFORE, be it resolved by the members of the Board, requesting the PENRO to allow the Geodetic Engineer concerned or his/her representative, with valid identification, to hand-carry the survey envelope from PENRO to DENR Regional Office hastening the transaction however, subject to terms and conditions of the aforementioned office which shall be imposed upon the grant of request in writing.

RESOLVED FURTHER, that upon the receipt of notice or instruction from PENRO and CENRO to pick up the survey envelope, should the GE or his/her representative fail to take it after two (2) working days, the survey envelope will no longer be released and the PENRO and CENRO concerned shall proceed with the usual process of transporting documents via mail to the regional office.

RESOLVED FURTHERMORE, that copies of this resolution be furnished to all offices concerned for their guidance and information.

Approved by the Majority of the Members of the Board of Directors during the GEP Regular Monthly Meeting in Puerto Princesa City, Palawan on January 7, 2023.
