FOR : TIRSO P. PARIAN, JR., CESO IV
Director, Forest Management Bureau

FROM : THE REGIONAL EXECUTIVE DIRECTOR

SUBJECT : SUBMISSION OF ACCOMPLISHMENT REPORT ON MACRO-SOMATIC CLONAL NURSERY AS OF THE MONTH OF DECEMBER 2022

DATE : JAN 16 2023

FOREST MANAGEMENT BUREAU
RECEIVED
NAME:
DATE: 2/9/2023
TIME:
RECORDS UNIT

Please find the attached consolidated report of National Greening Program under MIMAROPA Region physical and financial performance on the maintenance and protection of macro-somatic clonal nursery facilities and the production of cloned stem cuttings as of the month of December 2022.

In connection with this, a total of 2,335 cuttings were processed namely Molave, Kalantas, Bitao and Dao. As for rooted stem cuttings, a total of 5,173 have rooted this includes Bitao, Batino, Dao, Kalantas, Molave and Philippine Teak. Further, CENRO Roxas Office also maintained one (1) functional clonal nursery for the proper care of processed and produced planting materials.

For this year, a total of 58,900 processed cuttings with 14,000 or 70% of the 20,000 target cloned seedlings were rooted. As for financial status, the PENRO has a total of Php 282,240.00 or 84% of the obligated fund amounting Php 336,000 was already disbursed.

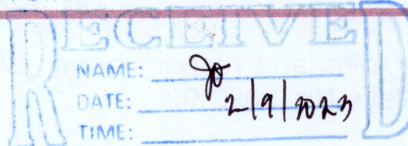

Below is the summary of physical accomplishments of the aforementioned subject:

SPECIES		ACCOMPLISHMENT	
COMMON NAME	SCIENTIFIC NAME	No. Of Processed Cuttings	No. Of Clones Produced (Rooted)
Bitao	<i>Calophyllum inophyllum</i>	11,098	8,169
Batino	<i>Alstonia macrophylla</i>	113	1,319
Dao	<i>Dracontomelon dao</i>	7,910	2,757
Kalantas	<i>Toona calantas</i>	5,676	805
Molave	<i>Vitex parviflora</i>	24,761	533
Philippine Teak	<i>Tectona philippinensis</i>	7,526	37
Tindalo	<i>Azelia rhomboidea</i>	192	7
Batikuling	<i>Litsea leytensis</i>	209	3

MEMORANDUM

FOR : TIRSO P. PARIAN, JR., CESO IV
Director
Forest Management Bureau

FROM : THE REGIONAL EXECUTIVE DIRECTOR

SUBJECT : SUBMISSION OF ACCOMPLISHED TREE PLANTING
ACTIVITIES CONDUCTED WITHIN THE PROVINCE OF
ROMBLON FOR THE MONTH OF OCTOBER 2022

DATE : JAN 16 2023

Respectfully forwarded herewith are the tree planting activities conducted within the Municipality of Odiongan, Romblon, as summarized in the table below:

Date of Activity	Barangay	Commodity/ Species	Area Planted	Propagules Planted	No. of Attendees
October 01, 2022	Budiong	Mangrove	700 sq.m	700	23
October 14, 2022	Canduyong	Mangrove	350 sq.m	350	75
TOTAL			1,050 sq.m	1,050	98

A total of 1,050 propagules were planted in mangrove areas of Barangays Budiong and Canduyong using 1mx1m spacing. The activities are in accordance with the celebration of National Cooperative Month that was participated by different agencies and cooperatives in the Province of Romblon. The DENR-PENRO Romblon through the NGP Unit provided assistance and demonstrated the proper way of planting mangrove propagules before the actual planting.

Enclosed herewith is the detailed report of PENRO Romblon for each conducted activity.

FROM : THE REGIONAL EXECUTIVE DIRECTOR

SUBJECT : SUBMISSION OF CONSOLIDATED ACCOMPLISHMENT
REPORT ON TREE PLANTING ACTIVITIES CONDUCTED IN
MIMAROPA REGION

DATE : JAN 16 2023

Forwarded is the consolidated report of Tree Planting Activities conducted in MIMAROPA Region for CY 2022 for your information, reference and record.

There are twenty-nine (29) tree planting events for the year 2022 with a total of 14,864 seedlings planted within 13.31 hectares of selected sites in MIMAROPA Region. Further, there are 2,215 volunteers from different public and private agencies who were actively participated in the activities.

After each event, a short orientation and popularization about the project was conducted thru an Information, Education and Communication (IEC) campaign. The importance of mangrove in the community were presented in order for the participants particularly the youth, can engage in the conservation activities of the DENR. In addition, the main goal of environmental restoration project and activities relative to building resilience and to prevent climate change were also discussed. Meanwhile, the efforts, cooperation, and dedication of DENR personnel and it's all partners were remarkably contributed to the success of each activity.

The summary of consolidated accomplishment of the tree planting activities per province is indicated on the table below:

Office	Number of Recorded Participants	Number of Seedlings Planted	Species Planted	Area Planted	Number Tree Planting Activities
PENRO Marinduque	321	2,340	Pototan, Tangal, Tabigi, Narra, Bakauan Lalaki	0.37	6

FROM : THE REGIONAL EXECUTIVE DIRECTOR

SUBJECT : SUBMISSION OF MID YEAR ACCOMPLISHMENT REPORT OF
THE NATIONAL GREENING PROGRAM CY 2022 FOR PENRO
MARINDUQUE

DATE : JAN 16 2023

Please find the attached report of PENRO Marinduque regarding the Mid-year accomplishment report for FY 2022 NGP implementation with information on the following:

1. Procurement of Laptop Computers for DIME Images Processing
2. 1st Year Comprehensive Site Development (CSD) Contract
3. 2nd Year Maintenance and Protection Contract
4. 3rd Year Maintenance and Protection Contract
5. Survey, Mapping and Planning
6. Establishment of Forest Nursery
7. Maintenance of Seed Sources
8. Enhancement Planting (EP) of NGP Graduated Sites
9. Hiring of Forest Extension Officers (FEOs) and/or Technical Personnel
10. Project Monitoring and Supervision
11. Mid-Year Accomplishment Report of SPA/IPTs Project Located in Barangay Dampulan, Torrijos, Marinduque

As for the financial report, 56.46% of the target or Php 2,699,808.60 was obligated for the operations. For the current allotment, a total amount of Php 1,032,618.28/ or 38.25% was paid to partner/contractors and project monitoring/supervision. In Table 10, the summary of allotment, obligations and disbursements by activity as of June 30, 2022 were presented. There were four major activities identified with issues and concerns and actions taken.

A total of 100 hectares of Agroforestry Plantation were established in selected barangays within the Marinduque Wildlife Sanctuary (MWS) Protected Area for the third quarter. Maintenance and protection will be done on the last quarter of the year.

SUBJECT : **CONSOLIDATED REPORT ON THE CONSERVATION OF
MARINE TURTLE IN THE PROVINCE OF ORIENTAL
MINDORO FOR THE 3RD QUARTER CY 2022 [RDATS P-2022-
96071/96077]**

DATE : **FEB 01 2023**

Respectfully submitted are the Memoranda with various dates of PENRO Oriental Mindoro regarding the above subject in compliance with the target under under OO1: Natural Resources Conservation and Development Program: Wildlife Resources Conservation Sub-Program, Protection and Conservation of Wildlife, Conservation of Threatened Species 1.a Population & habitat monitoring and protection of priority threatened Marine Turtles in the Province of Oriental Mindoro.

Hereunder is the consolidated report on the marine turtle rescued and released as well as nesting sites monitored within the jurisdiction of CENRO Socorro, Oriental Mindoro for the 3rd quarter CY 2022:

SPECIES	*CS	LOCATION	NO.	DATE RESCUED/RELEASED	REMARKS
Green Turtle (<i>Chelonia Mydas</i>)	EN	Brgy. Lazareto, Calapan	1	June 07, 2022	No necropsy report. Buried. No Tag
			1	August 08, 2022	Rehabilitated and Released by LGU. No tag
Hawksbill Turtle (<i>Eretmochelys imbricata</i>)	CR	Brgy. Ilag San Teodoro	1	June 08, 2022	
			1	August 03, 2022	Released - Left Tag PH1308
			1	August 16, 2022	

Monitoring of turtle nesting sites, validation of (1) dead and (1) by- catch **Green Turtle** (*Chelonia mydas*) including rehabilitation and release of (3) **Hawksbill Turtle** (*Eretmochelys imbricata*) were done in CENRO Socorro for the 3rd Quarter CY 2022.

CDD/PAMBCS/IAM/DATS NO.P2022-96071/96077

Further, the Protected Area Coastal and Management Unit (PACMU) of CENRO Roxas conducted a monitoring activity on marine turtle nesting sites in Brgy. B. Del Mundo and Brgy. Wasig, Mansalay, Oriental Mindoro. During the activity, no sightings of marine turtles laying eggs or captured were recorded.

Conduct of Community, Education and Public Awareness (CEPA) and distribution of Information, Education and Communication (IEC) materials regarding marine turtle conservation and protection was continuously undertaken.

In line with this, the Office commends the prompt action and support of the personnel involved towards the protection and conservation of our wildlife.

Attached are the Interview Form, Habitat Assessment and Evaluation Form, MT06 Turtle Nest Evaluation Form, Priority Species Monitoring Form, geo-tagged photos, and map of the Marine Turtle Nesting Site and detailed report of the activities.

Respectfully submitted are copies of the approved and/or affirmed minutes of regular meetings and resolutions of Mt. Calavite Wildlife Sanctuary (MCWS) Protected Area Management Board (PAMB) held on May 17, 2022 and September 8, 2022 per Memoranda dated July 29, 2022 and September 19, 2022 of the OIC PENRO Occidental Mindoro.

1. May 17, 2022

The *minutes of regular meeting* was approved by the representative of the Municipal Mayor of Paluan, Occidental Mindoro, Mr. Albert A. Dimaano, as the presiding officer of the meeting. This was attended by twelve (12) out of eighteen (18) PAMB members/representative(s) through a combination of face-to-face and virtual set-up held at NAPS-Emerald Resto Bar, Barangay Payompon, Mamburao, Occidental Mindoro. Please be informed that the attendance of Engr. John Rannel Dueñas as private sector representative was invalidated by this Office considering that the nomination process for said position consistent with Rule 11.7 of DAO 2019-05 was not undertaken by the PAMO and CENRO Sablayan.

A total of sixteen (16) resolutions were passed by the PAMB but only seven (7) were approved by this Office. Below are the status of the resolutions passed:

Resolution No. and Title	Status
1. Resolution No. 2022-01: <i>Kapasyahang naghahayag ng kapahintulutan sa paglalagay ng pangalan o pagkakakilanlan sa tatlong (3) monitoring station na kasalukuyang nakatayo sa pinangangalagaang pook ng Mt. Calavite Wildlife Sanctuary (MCWS) sa Barangay Harrison, Paluan, Occidental Mindoro</i>	Returned for revision, to specify the name of the monitoring stations in the resolution
2. Resolution No. 2022-02: <i>Kapasyahang naghahayag ng kapahintulutan sa pagtatayo ng karagdang monitoring station sa So. Kalansan sa pinangangalagaang pook ng Mt. Calavite Wildlife Sanctuary (MCWS) sa Barangay Mananao, Paluan, Occidental Mindoro</i>	Approved

Biodiversity Management Bureau

FROM : THE REGIONAL EXECUTIVE DIRECTOR

SUBJECT : EMB MIMAROPA MEMORANDUM REGARDING THE 2022 FAUNA MONITORING REPORT OF THE CORAL BAY NICKEL CORPORATION HPP PROJECT [2022-100364]

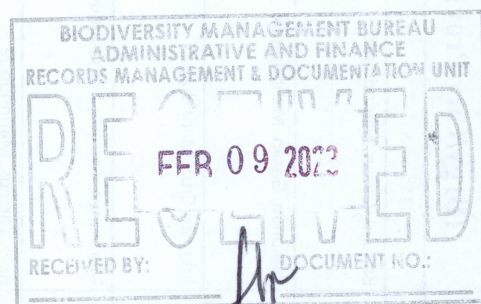

DATE : JAN 16 2023

This refers to the Memorandum dated December 21, 2022, of the EMB MIMAROPA Regional Director regarding the 2022 Fauna Monitoring Report of the Coral Bay Nickel Corporation (CBNC) Hydrometallurgical Processing Plant (HPP) Project. Fauna Monitoring is one of the requirements stipulated in the approved Environmental Compliance Certificate (ECC) of CBNC. Also, a 2021 report was submitted by the same as part of their compliance.

The EMB MIMAROPA Region requests technical assistance from the DENR MIMAROPA for the review and evaluation of the report. Per DENR AO 2022-04 dated March 4, 2022: *Enhancing Biodiversity Conservation and Protection in Mining Operations – Section 11. Monitoring, Evaluation, and Reporting: “BMB and the Conservation and Development Division of DENR Regional Offices shall undertake annual monitoring and evaluation using compliance monitoring tools to be developed by BMB, in coordination with MGB.”*

In this regard, may we request a copy of the *compliance monitoring tool* which will serve as a reference for this Office in the review and evaluation of fauna monitoring reports in mining areas.

WITHIN EL NIDO-TAYTAY MANAGED RESOURCE PROTECTED
AREA (ENTMRPA), EL NIDO PALAWAN FOR THE 2ND
SEMESTER CY 2022 [RDATS P-2022-96993]**

RECEIVED
RECEIVED BY: *fm*
DOCUMENT NO.:
FFR 09 2022

DATE : FEB 03 2023

Respectfully submitted is the Memorandum dated September 28, 2022 of PENRO Palawan regarding the above subject in compliance with the target under OO1: Natural Resources Conservation and Development Program: Protected Areas, Caves and Wetlands Development and Management Sub-program: I. Proclaimed and Legislated PAs: 4. PA Habitat Protection; A. Implementation of Biodiversity Monitoring System (BMS) within El Nido – Taytay Managed Resource Protected Area (ENTMRPA) in Palawan.

BMS was conducted using five (5) methods: Field Diary, Transect Walk, Transect Swim, Photo Documentation and Focus Group Discussion.

1) Field Diary

Field Diary was conducted on six (6) barangays, namely: 1) Brgy. Aberawan, 2) Brgy. Manlag, 3) Brgy. Villa Libertad, 4) Brgy. Bucana, 5) Brgy. Pasadeña and 6) Brgy. Corongcorong. Several important and threatened endemic species were observed such as **Palawan Hornbill** (*Anthracoceros marchei*), White-bellied Sea Eagle (*Haliaeetus leucogaster*) and **Green Sea Turtle** (*Chelonia mydas*).

2) Transect Walk

The table below shows the most abundant species in 6 established sites in ENTMRPA.

Table 1: Most abundant important species in 6 established sites

ESTABLISHED SITES	COMMON NAME	SCIENTIFIC NAME	*CS	COUNT
1. Sitio Langeb-langeb-an, Brgy. Aberawan	Intermediate Egret	<i>Ardea intermedia</i>		10
2. Sitio Lapuz-lapuz, Brgy. Buena Suerte	Palawan Bulbul	<i>Alophoixus frater</i>	OTS	17

(Continuation of Table. 1: Most abundant important species in 6 established sites in ENTMRPA)

ESTABLISHED SITES	SPECIES	SCIENTIFIC NAME	*CS	COUNT
3. Sitio Bobolongan, Brgy. Corong-corong	Sunbird sp.			8
4. Sitio Manlalic, Brgy. Manlag	Palawan Blue Flycatcher	<i>Cyornis lemprieri</i>		13
5. Sitio Bulalacao, Brgy. Pasadeña	Pied Imperial Pigeon	<i>Ducula bicolor</i>		11
6. Cadlao Island, Brgy. Buena Suerte	Palawan Bulbul	<i>Alophoixus frater</i>	OTS	17

3) Transect Swim

Hereunder are the most abundant species observed in all established sites.

Table 2: Important Species abundant in the 4 established sites

ESTABLISHED SITES	FISH	INVERTEBRAT E
1. Sitio Pasandigan, Cadlao Island, Brgy. Buena Suerte	Damsel Fish	Giant Clams
2. Pinagbuyutan Island, Barangay Bebeladan		Diadema urchin
3. Pangulasian Island, Brgy. Bebeladan		Giant Clam
4. Sitio Depeldet, Brgy. Corong-corong		

Significant coral bleaching was observed at Pasandigan, Cadlao Island due to presence of Crown of Thorns (*Ancaster planci*). Continuous collection and extraction of Crown of Thorns, patrolling and monitoring activities were conducted.

In the previous reports, it was consistently observed that all monitoring sites especially in Pinagbuyutan Island exhibited degraded coral reefs which can be attributed to lack of mooring buoys and influx of tourists. In order to address this, rehabilitation and maintenance activities were conducted such as continuous monitoring in the established areas, coastal clean-up and installation of mooring buoys.

4) Focus Group Discussion (FGD)

FGD was conducted on July 14, 2022 and August 09, 2022 among the Community Monitoring Groups (CMG) of four (4) coastal barangays; namely: 1.) Sitio Lamoro, Brgy. Pasadeña; 2.) Sitio Calintang, Brgy. Bucana; 3.) Sitio Manlalic, Brgy. Manlag; and 4.) Sitio Dagal – dagal, Brgy. Corong – corong, El Nido, Palawan. It was reported that illegal fishing caused by transient fisherman was the main issue of the locals. Continuous patrolling and monitoring within the protected area was conducted.

5) Photo Documentation

Series of photo documentation were done in the re-established sites in the mangrove areas and mountain portions of So. Silaga and So. Litsud, Brgy. Corong – corong, So. Danat, Brgy. Manlag, and So. Lamoro, Brgy. Pasadeña. No negative changes were observed in these areas.

Interpretation of results and recommendations are detailed in the attached report. The minutes of PAMB meeting which includes the presentation of the 2nd semester, CY 2022 BMS report of ENTMRPA shall be submitted once received by this Office.

FEB 03 2023

HILARION E. ULEP, CESO III
Regional Director
Land Transportation Office, MIMAROPA
Brgy. San Rafael, Calapan City
Oriental Mindoro

Dear Dir. Ulep,

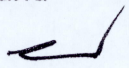

Environmental greetings!

This refers to the recent virtual Joint Meeting of Regional Multi-Sectoral Forest Protection Committee (RMFPC) and Regional Anti-Illegal Logging Task Force (RAILTF) pursuant to DAO 1995-17 and Executive Order No. 23, series of 2011, respectively, aiming to serve as a collection point of information on illegal environmental activities and strengthen our law enforcement in MIMAROPA Region.

During the meeting which was attended by concerned Other Government Agencies (OGAs) and Non-Government Organizations (NGOs), chaired by the undersigned, one of the issues raised by the members is the apprehension of conveyances loaded with undocumented forest products. Thus, the undersigned requested the Land Transportation Office (LTO) representatives for the inclusion of Section 77 of Presidential Decree No. 705, otherwise known as the "*Revised Forestry Code of the Philippines*" and Department Administrative Order No. 97-32, otherwise known as the "*1997 Rules for the Administrative Adjudication of Illegal Forest Products and the Machinery, Equipment, Tools and Conveyances Used in Connection Therewith*", as topics for every training/seminar required for all applicants securing/renewing their Driver's License. This is to ensure all applicants are well-informed that loading of forest products without a Transport Permit from the DENR is a violation of existing environment and natural resources-related laws, rules and regulations.

In this regard, this Office respectfully requests to include the above said environmental laws and policies in every training/seminar before the issuance and/or renewal of a Driver's License as one of the identified mitigating measures in abating illegal transport of forest products.

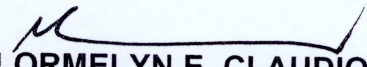

In support of the above proposal, may we also suggest that our Office thru the Regional Strategic Communication and Initiatives Group (RSCIG), the information and communication arm of the agency and our Enforcement Division to sit down with your agency to craft a "**Forest Product Transportation**" training module. Further, may we request for LTO's assistance in the conduct of IEC campaign for TV and radio plugging to educate the public particularly the drivers on the prohibition on transport of wood and

other forest products without the permit being issued by the DENR. It would be also appreciated if we can set a meeting for further discussion this concern.

Steadfast conservation of our natural resources is certainly achievable through partnerships. Hence, we are looking forward to successful collaboration with you in this endeavor through your support in unfolding intensive information about laws geared towards protection, conservation and sustainability of our environment and natural resources.

Very truly yours,

LORMELYN E. CLAUDIO, CESO IV
