MEMORANDUM

FOR : The Regional Executive Director
DENR MIMAROPA Region

THRU : The Regional NGP Coordinator

FROM : The OIC-PENR Officer

SUBJECT : **DOCUMENTATION RE: PROVINCE WIDE TREE PLANTING ACTIVITY HELD ON NOVEMBER 09, 2022 TO NOVEMBER 25, 2022 WITHIN THE JURISDICTION OF PENRO MARINDUQUE**

DATE :

Respectfully submitted is the documentation of the province wide tree planting activity held on November 09, 2022 to November 25, 2022 within the jurisdiction of PENRO Marinduque. The activity was a joined effort of the Provincial Government, Office of the Congressman Lord Allan Jay Q. Velasco, Department of Environment and Natural Resources (DENR), Department of Labor and Employment (DOLE), Department of Public Works and Highways (DPWH), Barangay LGUs and Local Community.

A total of 4,700 seedlings of indigenous tree species with 2,200 Narra, 1,000 Fire Tree, 500 Banaba and 1,000 Golden Shower were provided and planted in the Marinduque Circumferential Road. A total of 831 beneficiaries from various municipalities in the province participated in the said event.

Attached is the comprehensive report, planting site map, attendance sheet and photo documentation for information and ready reference.

November 16-25, 2022 (Boac)

Date report submitted:

November 29, 2022

Location/Venue:

Boac
Torrijos
Buenavista
Mogpog

Type of Activity:

- ☒ Tree Planting
☐ Meeting
☐ Seminar/Training
☐ Ocular
☐ Others, specify:

Number of Attendees:

Boac: 231
Torrijos: 200
Buenavista: 150
Mogpog: 250

One of the primordial concerns of the government, particularly local governments like those in the Province of Marinduque, is the efficient delivery of services and the safety of all people, especially during the advent of natural calamities like typhoons, floods and earthquakes. In order to give immediate economic relief to the displaced people and their families who were affected by natural disasters including typhoons, floods, and earthquakes, the Department of Labor and Employment (DOLE) established the TUPAD program in 2010. TUPAD, or Tulong Panghanapbuhay sa Ating Disadvantaged/Displaced Workers, is a community-based package of assistance that offers underemployed, seasonal, and displaced workers emergency employment for a minimum of 10 days but not to exceed a maximum of 30 days, depending on the nature of work to be performed.

The Provincial Government and the Office of Congressman Lord Allan Jay Velasco spearheaded the effort to organize and mobilize the various departments and Barangay LGU's, including the Department of Environment and Natural Resources (DENR) and the Department of Public Works and Highways (DPWH), to work with the Department of Labor and Employment (DOLE) to conduct a province-wide tree planting activity through the TUPAD program.

A series of meeting with the organizers were conducted in Barangay Laylay, Boac. The tasks of all involved government agencies were discussed and distributed at the same time.

The Department of Environment and Natural Resources (DENR) was tasked with providing seedlings and technical assistance for the event. A total of 4,700 indigenous tree species were distributed, including 2,200 Narra (*Pterocarpus indicus*) seedlings, 1,000 Fire Tree (*Delonix regia*) seedlings, 500 Banaba (*Lagerstroemia speciosa*) seedlings, and 1,000 Golden Shower (*Cassia fistula*) seedlings. In addition, ornamental plants are assigned to be planted in between indigenous tree species. The Barangay LGU's are assigned to produce ornamental plants depending on their chosen species like San Fransisco (*Codiaeum variegatum*), Santan (*Ixora coccinea*), and Bougainvillea (*Bougainvillea spectabilis*). On the other hand, the task of providing the location for the tree planting activity and the hauling of seedling to the respective barangays was given to the Department of Public Works and Highways (DPWH).

In the municipality of Mogpog, the TUPAD program orientation started on November 9, 2022; whereas, orientation in the municipalities of Buenavista and Boac started on November 15, 2022, and November 16, 2022, respectively.

During the event, various speakers attended the orientation. Mr. Philip T. Alano, Acting Field Office Head, Mr. Marjun S. Moreno, Senior LEO, and Mr. Ken Aldrin J. Jalac, LEO II, were the guests from the Office of the Department of Labor and Employment (DPWH), and they talked about what TUPAD is, who is eligible to be a TUPAD beneficiary, and how much the TUPAD beneficiaries will receive after 10 days of working. The TUPAD beneficiaries will receive Php 3,550.00 for 10 days of work, which is the province's minimum wage of Php 355.00 per day. There was also a representative from the Office of Department of Environment and Natural Resources (DENR), Mr. Ronald Matining, Math Aide II/NGP Staff, who discussed the purpose of tree planting activity and why it is important. Mr. Matining emphasizes the importance of having a tree guard around each seedling to prevent it from being destroyed. Barangay LGU's were assigned to create tree guards. While the guest speaker from the Office of the Department of Public Works and Highways (DPWH), Engr. Ramel Naranjo and Engr. Fernan Louis Martin talked about the venue and seedling distribution.

The activity was attended by 831 TUPAD beneficiaries from various municipalities in the province of Marinduque.
