I. EVALUATION OF THE COURSE:

Technical Content:

The technical content of the course is compact and suitable for all the Foresters of the Department of Environment and Natural Resources. This training course initiated by Society of Filipino Foresters Inc. Annual National Conference has the following technical contents:

1. Updates on the Status of Philippine Forestry
2. The Philippine Sustainable Forest Management Roadmap.
3. Unified Tenurial Instrument for Forestland Management
4. Public-Private Partnership (PPP): Key to Forest Development
5. Portfolio Approach in Forestry Investment
6. Promoting Local Development via Forestry Industrial Economic Zones (FIEZs)
7. Sustainable Carbon Financing and Trading on Biodiversity, Protected Areas, and Production Forestlands
8. Natural Capital Accounting System
9. FLR Mapping of Best Practices from ICRAF Research Study
10. Rise of Bamboo: A Plant for Environment, Social and Economic Development
11. Piloting Clustered CBFM for Agro-forest Industrial Development

Impressions/Comment:

I would like to congratulate the facilitators and speakers of this convention for a job well done. The presentations of the lectures were brief and concise. The interaction and sharing of ideas of different foresters all over the country resulted to building connections that will improve the status of Forestry in the Philippines.

II. RELEVANCE OF THE LEARNING EVENT TO PARTICIPANTS WORK/FUNCTION	
<p>This convention is very relevant to me as a participant since I worked in the DENR as Forester III was and designated as Deputy CENRO. This organization has tackled forestry issues, policy updates and development concepts, and sustainable forest management. Once the house bill entitled “An act Providing the Sustainable Management of Forests and Forest Lands” will be approved and implemented, this will help to strengthen the implementation of Presidential Decree 705.</p> <p>The goals of the forestry sector in the Proposed Philippine Sustainable Forest Management Roadmap (PSFMR) 2040 are the following:</p> <ul style="list-style-type: none">a. Place all forestlands under sustainable forest managementb. Sustainably manage watersheds in partnership with stakeholdersc. Strengthen the resilience of forest-dependent communities to climate change hazardsd. Enhance decision-making through improved systems on information management and monitoring and evaluatione. Place all forestlands under appropriate management arrangements	
III. RECOMMENDATIONS	
<p>I recommend that the unnumbered house bill will be approved as soon as possible to strengthen the sustainable management of forests and forest lands. I also recommend that this convention should be continuously done annually to showcase the best practices of various regions.</p>	
IV. POST LEARNING ACTION PLAN/PROPOSAL	
PROPOSED PLAN/ ACTIVITY/ OUTPUT	TIME FRAME
Discuss/ Re-echo the topics to CENRO	1 st Monday Forum of the month

Part 2 (To be accomplished by Supervisor)
How will you support the post-Learning Action Plan/Proposal?
