SUBJECT : **SUBMISSION OF PHOTO CHECKLIST OF FLORA AND FAUNA SPECIES FOUND IN CALSANAG WATERSHED FOREST RESERVE (CWFR) AND MT. GUITING-GUITING NATURAL PARK (MGGNP), ROMBLON [P-2023-101119]**

Respectfully submitted are the Memoranda dated 30 September 2022 and 28 November 2022 of PENRO Romblon regarding the above-mentioned subject. This is the completion report in compliance to target activity under OO1: Natural Resources Conservation Program: Protected Areas, Caves, and Wetlands Development and Management Sub-Program: Communication, Education and Public Awareness (CEPA) based on PA Management Plan of CALSANAG Watershed Forest Reserve (CWFR) and Mt. Guiting-Guiting Natural Park (MGGNP) in Romblon.

The sample/initial draft of photo checklist booklets were reviewed based on the DENR guidelines such as DENR Administrative Order No. 2017-11 "*Updated National List of Threatened Philippine Plants and their Categories*", DENR Administrative Order No. 2019-09 "*Updated National List of Threatened Philippine Fauna and their Categories*", and the International Union for Conservation of Nature (IUCN) Red List.

Further, we instructed the PENRO to consider the following comments and recommendations to improve the photo checklist booklets:

3. Consistency in proper writing of scientific names (i.e. always italicized) as well as consistency in the use of font size of the species listed must be observed;
4. Review the typographical errors such as spelling/misprint of scientific names;
5. Double check the latest and correct scientific name of the species;
6. Specify the source of conservation status of the species and the species description;
